The Daily Review.

JOSH. T. JAMES, Editor & Prop'r.

WILMINGTON, N. C.

THURSDAY, AUGUST 22, 1889.

Entered at the Postoffice at Wilmington, N. C., as second-class matter.

A projected canal across the upper part of Italy, connecting the Adriatic and the Mediterranean, would take six years to build and cost \$125,000,000.

Since 1800 the population of Europe has just doubled itself. Then the population was 170,000,000; in 1830, 216,000,000; in 1860, 289,000,000; in 1880, 381,000,000; in 1888, 350,000,000.

The city of Rome, Ga., last week by a decided vote defeated a proposition to prohibit the sale of liquor in that city. Since then the City Council has passed an ordinance relating to the liquor traffic. The license was fixed at \$1,000. This applies both to wholesale and retail houses. Strict regulations were adopted. It is supposed this stiff license will largely reduce the number of drinking saloons in Rome, whilst at the same time the city's exchequer will be replenished.

Workmen on the Columbus Southern Road in Georgia, while digging in cuts, turned up an immense lot of soil resembling rock phosphate. The soil contains skeletons of very curiously formed animals totally unknown in these parts at the present day. Oyster beds have been discovered, and sharks' teeth and the teeth of various other animals have been found in abundance. The most curious discovery of all was two live green bullfrogs, taken from an excavation in a solid rock.

The Princess of Wales has been very stern and particular in the education of her daughters. She had good material to work upon, as her girls are clever by nature. The Princess has taken a great pride in their accomplishments, and feels that her discipline has been extremely beneficial. The Princess of Wales has sometime pleaded with her in vain to give her daughters a holiday. She has often answered that, as they were to hold high social positions they had no time to waste while acquiring social graces.

The history of the Trion Cotton Factory, of Chattanooga County, Ga., speaks volumes for the South as the coming manufacturing centre of this country. Eleven years ago the mill was destroyed by fire, and was rebuilt by the present company, which then had \$350,000 capital. Last week the company published a petition for an amended charter allowing an increase of its capital stock to \$520,000. This increase is to be made out of the earnings of the mill. In addition to this addition of \$270,000 to the capital stock, \$225,000 has been distributed in dividends, and many thousands of dollars expended in improvements such as a brick store, a brick gin house, a new race, numerous dwellings for employees, etc.

Now that Gen. Boulanger and his lieutenants have been sentenced to imprisonment in some fortress, the next step is to get hold of them. The French ambassador has been instructed, it is stated, to ask the British Government to extradite them, but the British Government is not likely to start a new line of precedents in regard to political exiles. Meanwhile the papers of Paris are questioning whether the people approve the sentence of the Senate Court. The Republican journals are positive that in the general election for members of the Chamber of Deputies the people will ratify what has been done. The Conservative and Boulangerist journals, on the other hand, are equally positive that the people will resent the unjust treatment of their favorite. The trouble with Boulanger as a revolutionist, it appears, is that he is too peaceful in his methods for the French. A plebiscite is all very well, in their view, after you have gotten control, but as a means of getting control it is ridiculous.

"Wine, Women and Song," but the greatest of these is "women." "Wine is a mocker," and song is good to "soothe the savage," but women respond to every active power and sentiment of the human mind when in good health. But when afflicted with disease you will find them tantalizing, coquettish, cross, and hard to please. For all "female complaints," sick headache, irregularities, nervousness, prolapsus and other displacements, popularly known as "female weakness" and other diseases, peculiar to the sex, Dr. Pierce's Favorite Prescription is the great world-famed remedy.

Old Bore—"Which party in the church do you favor most?" She—"I prefer a wedding party."—Fun.

Epoch.

The transition from long, lingering and painful sickness to robust health marks an epoch in the life of the individual. Such a remarkable event is treasured in the memory and the agency whereby the good health has been attained is gratefully blessed. Hence it is that so much is heard in praise of Electric Bitters. So many feel they owe their restoration to health to the use of the Great Alterative and Tonic. If you are troubled with any disease of Kidneys, Liver, or Stomach of long or short standing you will surely find relief by the use of Electric Bitters. Sold at 50c. and \$1 per bottle at Robt. R. Bellamy's wholesale and retail drug store.

Logic in the Family Circle.

Husband—"Now here's a thing, Nellie, that I wish to ask your opinion about. I am reading some items of philosophy here, and one of these items states that there is a fool in every family?"

Wife—"Well, you lost \$20 at poker the other night, as you confessed to me?"

H—"Yes, my dear."

W—"And you buy what is called pools sometimes in the expectation of making a great strike?"

H—"Well, that's a fact. But what has that to do with there being a fool in every family?"

W—"I am coming to it. Now, you have left your family—the family composed of your brothers and sisters—you left your family when you married me."

H—"That's correct."

W—"Well, there's no fool in your family now."

Then the husband fell into deep meditation, while the wife watched him out of the corner of her eye.—Boston Courier.

An Important Element

Of the success of Hood's Sarsaparilla is the fact that every purchaser receives a fair equivalent for his money. The familiar headline "100 Doses One Dollar," stolen by imitators, is original with and true only of Hood's Sarsaparilla. This can easily be proven by any one who desires to test the matter. For real economy buy only Hood's Sarsaparilla. Sold by all druggists.

Glass eyes ought to be made of peer glass.

A DITY TO YOURSELF.

It is surprising that people will use a common, ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken and do not gripe. Sold by Munds Bros., druggists.

The careless servant is a great piece maker in the household.

HAPPINESS AND CONTENTMENT

Cannot go hand in hand if we look on the dark side of every little obstacle. Nothing will so darken life and make it a burden as Dyspepsia. Acker's Dyspepsia Tablets will cure the worst form of Dyspepsia, Constipation and Indigestion, and make life a happiness and pleasure. Sold at 25 and 50 cents by Munds Bros., druggists.

A Georgia Duel—Pop—pop, pop, pop, pop! Shake!—Jacksonville (Fla.) Times Union.

Advice to Mothers.

MRS. WINSLOW'S SOOTHING SYRUP should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. July 6 dead & wly

Take Hood's Sarsaparilla 100 Doses One Dollar

The Chief Reason for the great success of Hood's Sarsaparilla is found in the article itself. It is merit that wins, and fact that Hood's Sarsaparilla actually accomplishes what is claimed for it. It has given to this medicine a popularity and sale greater than that of any other sarsaparilla or blood purifier before the public.

Hood's Sarsaparilla cures Scrofula, Salt Rheum and all Humors, Dyspepsia, Sick Headache, Biliousness, overcomes That Tired Feeling, creates an Appetite, strengthens the Nerves, builds up the Whole System.

Hood's Sarsaparilla is sold by all druggists. \$1; six for \$5. Prepared by C. I. Hood & Co., Apothecaries, Lowell, Mass.

An Important Announcement

ABOUT six weeks ago, while at business, I was suddenly seized with excruciating pains in my feet, knees and hands. So severe the attack that I could not stand, and in two or three days my limbs were swollen to almost double their natural size, and sleep was driven from me. After using the most exorbitant pain for a week, using liniments and various other remedies, a friend who sympathized with my helpless condition, said to me:

"Why don't you get Swift's Specific and use it? I will guarantee a cure, and if it does not the medicine shall cost you nothing."

I at once secured the S. S. S., and after using it the first day, and a quiet and refreshing sleep, in a week I felt greatly benefited. In three weeks I could sit up and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regular at my post of duty, and stand on my feet from nine to ten hours a day, and am entirely free from pain. These facts were verified by a friend in my case, and I will cheerfully answer all inquiries relative thereto, either in person or by mail.

11 W. 18th Street, New York City.

NASHVILLE, TENN.—I have wanted off a severe attack of rheumatism by a timely resort to Swift's Specific. In all cases where permanent relief is sought this medicine commences the cure by causing a discharge that thoroughly eradicates the seeds of disease from the system.

NEW YORK, 51 7TH AVE.—After spending \$200 to be relieved of Blood Poison without any benefit, a few bottles of Swift's Specific worked a perfect cure.

VIENNA, GA.—My little girl, aged six, and boy, aged four years, had scrofula in the worst aggravated shape. They were puny and sickly. To-day they are healthy and robust, all the result of taking S. S. S.

LADY LAKE, SUMTER CO., FLA.—Your S. S. S. has proved a wonderful success in my case. I had rheumatism and a very severe case of skin disease. I have been so long in bed that I have almost forgotten how to get up. I do think it is wonderful, and has no equal.
