An Important Announcement

An Important Announcement About six weeks ago, while at business, I was suddenly attacked with excruciating pains in my feet, knees and hands. So severe the attack that I took my bed immediately, and in two or three days my joints were swollen to almost double their natural size, and sleep was driven from me. After suffer-ing the most excruciating pain for a week, a friend who sympathized with my helpless condition, said to me: "Why don't you get Swift's Specific and set. I will guarantee a cure, and if it does not the medicine shall cost you nothing." I at once secured the S. S. S., and after msing it the first day, had a quiet night and walk about the room, and after using six bottles I was out and able to go to business. Since then I have been regularly at my post of duty, and stand on my feet from mine to the hours a day, and am entirely free from pain. These are the plain and simple facts inquiries relative thereto, either in person or by mail. I W. 18th street, New York City.
