

ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. See only in cans. ROYAL BAKING POWDER.

 STATE NEWS.

Charlotte Chronicle: John W. Glenn, of Gastonia, died suddenly at 8 o'clock last Sunday night. He leaves a wife and four boys, the oldest of whom is about 20 years. Mr. Glenn was a millwright and carpenter by trade, and was not long ago employed on the Charlotte Cotton Seed (oil) and Fertilizer Works. He was about 42 years old.

Carthage Blade: John C. Campbell Esq., a gentleman who is intensely fond of geology and has a keen eye for discovery, has discovered emery corundum in Moore county. He had it tested on Tyson & Jones' (carriage manufacturers) emery wheel at Carthage and it proved to be harder than the wheel. He says he believes there is plenty of it in the county, and he says also there is ruby corundum in this county.

Durham Sun: The property of Capt. J. F. Freeland, on Railroad street, including dwelling house, out-house and lot, containing three and a half acres, was sold yesterday at noon, under a mortgage transferred from W. T. Blackwell to the Raleigh National Bank. It was first sold in lots, and the bids being so low they were rejected, and the property was sold as a whole. F. O. Moring, purchaser, \$1,700.

Newbern Journal: Among the trophies taken by Gov. Fowle's hunting party in their recent hunt in Carteret county, was an alligator, over four feet in length, which was killed by the Governor's son Daniel, a boy of nine years, who is an excellent shot with a rifle. Mr. Henry R. Bryan has in his possession two seals of the city of Newbern which have lately been sent to Col. W. P. Beasley by Mr. F. W. Smith, of Bridgeport, Connecticut, and then forwarded to Mr. Bryan by express. These seals were given to Mr. Smith by a Federal soldier who obtained them in the usual way.

Charlotte News: Parties from down the Carolina Central say that cotton is opening out rapidly in that section. The receipts have been heavy at Laurinburg and Maxton.

Mr. D. E. Morris, an aged man of Reidsville, died under suspicious circumstances, and his wife, a young woman who married him against her will, was suspected of having murdered him. An investigation was made and the coroner's jury has just returned a verdict that the deceased came to his death by chloroform, administered to him by his wife, Cora Scales Morris. Mrs. Morris has been arrested. —It is announced from New York that the Massachusetts and Southern Construction Company, that are building the Charleston, Cincinnati and Chicago Railroad, has completed negotiation for \$6,000,000 of their first mortgage bonds with a syndicate of New York and Philadelphia capitalists, and the same has been paid for as fast as the road is completed. The bonds mature in sixty years, and are issued under a mortgage to the Boston Safe Deposit and Trust Company. The rate of the interest is 5 percent per annum, payable quarterly, January, April, July and October. The road is mortgaged for the uniform amount of \$25,000 per mile of the road, and the issue of bonds is limited to \$20,000,000, the mortgage bonds covering franchises, sidings, stations, terminal facilities, branches, extensions and equipments acquired and to be acquired.

Never Heard of "Davy Crockett's Coon?"

That's queer! Well, it was like this: Col. Crockett was noted for his skill as a marksman. One day he leveled his gun at a raccoon in a tree, when the animal, knowing the Colonel's prowess, cried out: "Hello, there! Are you Davy Crockett? If you are, I'll just come down, for I know I'm a gone coon." Just take a dose of Dr. Pierce's Pleasant Purgative Pellets, and see how quickly your biliousness and indigestion will emulate the example of "Davy Crockett's coon," and "climb down." They are specifics for all derangements of the liver, stomach and bowels.

 ILLUSTRATED.

HARPER'S BAZAR will continue to maintain its reputation as an unequalled family journal. Its art illustrations are of the highest order, its literature is of the choicest kind, and its fashion and household departments of the most practical and economical character. Its pattern-sheet supplements and fashion plates alone will save its readers ten times the cost of the subscription, and its articles on decorative art, social etiquette, house-keeping, cooking, etc., are indispensable to every household. Its bright short stories and timely essays are among the best published; and no other line is admitted to its columns that cannot find the most fastidious taste. Among the attractions of the new volume will be serial stories by Mrs. Frances Hodgson Burnett, Mrs. Alexander, William Black and Thomas Hardy; and a series of papers on nursery management by Mrs. Christine Terhune Herrick.
