Contagious Blood Diseases.  
Ulcers, sores, pimples, itch, salt rheum,  
etc., are evidences of contagious blood disease.  
It is manifestly a duty to eradicate blood  
poison from the system by a use of B. B. B.  
(Blood Balm), thus enabling the sore  
to heal, and thereby removing all pos-  
sibility of other members of the family be-  
coming likewise afflicted. Send to Blood Balm  
Co., Atlanta, Ga., for book that will convince.

tisement of Messrs. Hewett & New-  
ton, job printers, as it appears in

## A Boy and a Fir.

A colored boy with a fit created a  
ripple of excitement on Market  
street this morning. He was driv-  
ing around from Front into Market  
in a buggy and just as he turned  
into the latter he began to yell for  
all he was worth. Directly after he  
fell from the vehicle to the street.  
He was taken up and laid on the  
sidewalk and soon recovered suf-  
ficiently to walk off unaided.

## Six Stratas.

The sidewalk on the North side of  
Chestnut street, near Third, just in  
front of Judge Meares' residence, is  
being dug up for reconstruction. It  
is proposed to raise it some six  
inches. It has already been raised  
three feet in one locality, for the  
workers have gone down that far,  
finding in that distance six distinct  
layers of earth, including the 'origi-  
nal sand formation.

## A Cold Day.

The cold day got here yesterday  
and there is another "Cold Day"  
here to-day and strange to say it  
arrived by rail instead of by the  
usual aerial route—the route of the  
future.

The "Cold Day" will have the  
boards of the Opera House to-night  
and to-morrow night. The play is  
said to be a musical extravaganza of  
the brightest wit and most hilarious  
humor. In fact, it is said to be the  
most humorous of all farce comedies.  
Entirely devoid of plot it was  
written simply to make one laugh  
and as a vehicle of mirth it is a great  
success, say the papers where it has  
been presented. Reserved seats are  
now on sale at Yates'.

An Eastern man advertises for "a  
boy to open oysters with a refer-  
ence." Oysters do not generally  
obtain references, but millions can  
truthfully testify to the miraculous  
power of Dr. Bull's Cough Syrup.
