Inherited Blood Poison.
 How many people there are whose distressing pains, aches, pains and eruptive tendencies are due to inherited blood poison. But blood passes from parent to child, and it is the duty of husband and wife to purify their blood pure. This is easily accomplished by a timely use of B. B. B. (Botanic Blood Balm Co., Atlanta, Ga., a book of most convincing proof. Mrs. W. H. Williams, Sandy, Texas, writes: "My three poor afflicted children, who inherited blood poison, have improved rapidly after using B. B. B. It is a Godsend." W. H. Williams, Sandy, Texas, N. C., writes: "I have my leg amputated, and on the morning there came a large ulcer, which I nursed every day until doctors gave me up. I only weighed 130 pounds, when I began to take B. B. B., and 12 bottles increased my weight to 180 pounds and made me sound and happy. I never knew what good health was before."

Very few people are aware how many more people have visited the Paris Exposition than were admitted to the Centennial at Philadelphia in 1876. This had 9,857,625 visitors and the Paris Exposition is in a fair way to have 35,000,000.

It is not generally known that there are in existence some very spirited ballads by Lord Macaulay, which, in accordance with the author's wish, have never been published. The best of them relates the story of Bosworth field.

The examinations for admission to the Michigan University show seventy five more men entered than last year in the literary department alone. In the entire University so great has been the increase in membership that it is expected there will be over 2,000 students in all.

The Russian clergy have set up a massive clock to commemorate the Borki railway accident, in which the Czar and his family narrowly escaped death. The clock faces the scene of the accident, and once a year, at the exact hour, a heavy silver bell tolls for five minutes.

Seven hundred and twenty-two miles of the great Trans-Andean Railway, intended to connect Valparaiso with Buenos Ayres, are open, and the remaining 149 miles are expected to be completed in 1892. The summit level is 10,450 feet above the sea, and the summit tunnel will be three miles long.

The Pope has commissioned the Right Rev. Mg. Satolli, president of the Academy of Noble Ecclesiastics and Thomistic lecturer at Propaganda, to preside in November at the inauguration of the Washington University. It is understood that he will commemorate the occasion by creating five new dioceses in the United States.

The Springfield (Mass) Republican is contending for a uniform street car fare for five cents in that city instead of six, as charged at the present. The Republican says the company controlling all the lines is more than able to do it, and prints some figures which seem to justify the ground it has taken. The company has a capital stock of \$350,000, and since 1878 has declared annual dividends of 8 per cent. Its surplus last year was \$85,114.

Sister Maria Theresa, Superior of the Sisters of Mercy in Tonquin, who has just received the Cross of Legion of Honor, has ministered to the wounded of the French army for thirty years, and has herself been wounded on three occasions at Balaklava, Magenta and Worth. During the war with Germany she once courageously seized a smoking shell which had fallen in the midst of the field hospital, and ran with it into an adjoining meadow, where she was severely injured by its explosion. In Syria, China, Mexico and now in Tonquin, Sister Theresa has followed the French armies with extraordinary intrepidity and devotion.

Bro. London, of the Chatham Record, visited the State Fair and about dinner time dropped in at the editorial lunch room, so-called. He gives a very gloomy description of the menu when he says: "The editors having been most cordially invited to eat a luncheon every day at the room assigned to them, we went there at dinner time hungry and hopeful, but quickly retired still more hungry but much less hopeful. The so-called luncheon was a 'fraud and delusion,' consisting of a small package of dry crackers and one can of corned beef. This was the generous hospitality extended in appreciation of the free advertising given the Fair by the editors of the State!"

Hqs. London's point is well taken. The Fair could never have been what it was without the press. Thousands of dollars worth of advertising was given free. The editors didn't ask the managers of the Fair to treat them. They were invited, if they visited the Fair, to go to the 'editorial lunch rooms,' where their wants would be attended to. They went and the Record tells the result.

The most remarkable cures of scrofula on record have been accomplished by Hood's Sarsaparilla. Try it. Sold by all druggists.

Mr. Eddy Kelley left here this afternoon on the 2:20 train on the Carolina Central R. R. for Birmingham, Ala., where he intends to enter into the general insurance and real estate business. We wish him much success in his new venture.

The devil would persist in both ering Martin Luther until the bald-headed monk dispatched him with a bottle of ink; so we learn that a bottle of ink might rid you of any devil, but a bottle of Dr. Bull's Cough Syrup will always rid you of any cold.

Mr. J. T. Collins, of Burgaw, paid us a very welcome visit this forenoon. He tells us that the farmers are now all very busy gathering their big corn crops. Thus far, nothing has been hurt by the frosts, not even the potato vines having been killed.

Memorial Services.
 The joint memorial services of Cape Fear Lodge No. 2 and Orion Lodge No. 67, I. O. O. F. at the First Baptist Church on Sunday night, were largely attended. The two lodges appeared in a body. Rev. Mr. Beaman preached a very eloquent sermon on the occasion and the music was very fine.

Through Local Freight.
 The through local freight train on the C. C. R. R., of which we spoke in the REVIEW on Saturday last, will be put on the Carolina Central Monday, Oct. 28th. The train from Wilmington will leave at 4 a. m. every day except Sunday, and arrive at Charlotte at 8:20 p. m. From Charlotte the train will leave at 4:15 a. m. and arrive at Wilmington at 9 p. m. A passenger coach will be attached to the train.

Better Times in Brunswick.

We are glad to hear that crops in the lower part of Brunswick county are fair. Corn is unusually fine but cotton is not so good. There has been a fine run of mullets on the coast, which is making times much better. The people generally are healthy and in better spirits than for many years past.

Syrup of Figs.
 Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently on the kidneys, liver and bowels effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

Ex-Sheriff Taylor Married.
 That clever gentleman, Ex-Sheriff Taylor, of Brunswick county, now Deputy Revenue Collector for this district, was happily married at 9 o'clock last Sunday morning, at Lockwood's Folly, to Miss Sophie J. Mercer, Rev. R. L. Warlick officiating. We tender our congratulations and best wishes for a long life of wedded happiness.

Signals.
 We are informed by the officer in charge of the Signal Office, that through the courtesy of Mr. W. A. Bryan, the cold wave signal will be displayed from the Orton House flagstaff. The Signal Office is furnished with but one staff, and as the wind signals are often ordered at the same time as the cold wave signal, the latter, in such cases, could not be hoisted. The cold wave signal will also be displayed from the Signal Office, as heretofore, when ordered alone.

Pender County Points.
 (Reported for the Review.)
 On Thursday of last week I visited the thriving little village of Burgaw and put up at the Pender Hotel, kept by that excellent lady, Mrs. R. M. Croom.

It more than pleased me to see so much improvement going on in the village. Mr. J. B. Moore will soon have erected there a large gin house, with a gin to gin cotton, and also a grist mill for the purpose of grinding corn, run by a 30 horsepower engine.

The colored people of the village and vicinity are having them a large and commodious house of worship erected which will be dedicated to the Presbyterian faith. They were greatly aided by the generous hearted white people of the village. The pastor of the church, Rev. Sanders, told us that one white man of the village gave them as much as \$15.

The so long talked-of Burgaw and Onslow Railroad is beyond doubt a fixed fact, and it will not be many months ere you will hear the whistle of the iron horse through Angola on its way to Jacksonville and Swansboro. The people of Pender and Onslow counties ought to feel themselves under a great debt of gratitude to Mr. G. A. Ramsay for the untiring efforts he has made in this project, for in and through him largely the work has begun and will be carried into completion.

In the afternoon of the same day, by invitation of Prof. Milledge, I visited his excellent school and surely I was well pleased with his manner of teaching. Prof. Milledge is a native of Canada and a better disciplined school I have never seen. His method of teaching geography surpasses anything that I ever beheld in the mode of teaching. The behavior of the pupils and the manner in which they answered questions showed them to be smart, active and well trained children. I must make special mention of little Bobbie Croom, Katie Hand and Master Samuel P. Croom, who did nobly and whose behavior was unsurpassed by any children that I have ever seen.

Do you think the proprietors of Dr. Sage's Catarrh Remedy would offer, as they have done for many years, a standing reward of \$500 for a case of Catarrh which they cannot cure, if they did not positively know that the Remedy will absolutely and permanently cure Catarrh. Sold by druggists, at only 50 cents.

Refreshing and Invigorating
 Delicious Soda Water as drawn from Mundy Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Forecasts.

For North Carolina, fair weather, followed in western portion by light rain and warmer. For Wilmington and vicinity, fair weather.

City Court.
 The Mayor disposed of the following cases to-day:
 Robert McKoy, charged with larceny, was found guilty and sent on to the Criminal Court for trial.
 Robert Tillman, evidently insane, was held for safe keeping.
 Mary J. Jourdan, disorderly, was fined \$30 and costs.
 Satirah Bunting, the same and the same.
 Hannah Sneed, same and same.
 Joseph West, ditto and ditto.
 Patrick Davis was found guilty of selling liquor on Sunday and was fined \$30 and costs.

Edward Edwards, charged with an assault with intent to commit rape, was bound over for trial at the Criminal Court.

Audit and Finance.
 The Board of Audit and Finance met yesterday in regular session. Present, Mr. R. J. Jones, chairman, and Messrs. J. F. Maunier, W. R. Kenan and John W. Hewett.

A communication was received from the Board of Aldermen embracing the following action taken by that Board.
 1st. Awarding \$75 to Mr. Jas. W. King for work in preparing the tax list book. Concurred in.
 2nd. Reducing the license tax on wood alcohol distilleries from \$3.00 per month to \$1.10 per month. Concurred in.

Bills were audited and approved as follows: Current expenses, \$942.06; note for money borrowed for current expenses, \$2,547.21; interest on same, \$45.43.

At the Opera House.
 There was a very good audience at the Opera House last night to witness the presentation of "A Night Off." The first act was decidedly quiet but in the second the fun began and was kept up heartily to the close. There is plenty of good natured fun in the piece and it is fresh and original fun at that. There are no stale "gags" but all is bright, lively and piquant. The company is an excellent one and fully up to the requirements of the piece. No company which has ever played upon the boards in this city has received more hearty, unstinted and universal applause than was accorded last night. There will be another entertainment to-night which will close the short season. "An Arabian Night" will be presented and everybody should go and see it.

New England Magazine.
 The New England Magazine for October presents a varied and attractive table of contents. Many of the articles are devoted to subjects relating to education, so many, in fact, that the number might well be called an educational number. Mr. Albert P. Marble, the retiring president of the National Educational Association, contributes an article on the history and prospects of the Association; W. A. Mowry, the editor of Education, writes on Dr. Harris and the Bureau of Education. There is a brief article on History, by A. E. Winship, the editor of the New England Journal of Education; and there is a long and fully illustrated article on the Educational Institutions of Nashville. Nashville receives further notice in a general article on the history and new life of the city, by Hon. A. S. Colyar.

Dr. Holmes, whose eightieth birthday has just been celebrated, receives liberal attention. The frontispiece is a portrait of Dr. Holmes, from a recent photograph. There is an illustrated article, "Dr. Holmes at Four-score," by George Willis Cooke; an article on "Dr. Holmes' Pilgrim Poems;" and interesting facts about the poet among the Editorial Notes. Professor Hosmer's story, "The Haunted Bell," is continued, and there are some short stories. There are other contents, rich and varied.

It is simply wonderful how a good thing gets known and appreciated. In the public school examinations now they ask the small boys: "Who was the first man?" Adam. "Who was the first woman?" Eve. "Who was the 22nd President of the United States?" "Grover Cleveland." "What is the specific cure for pain?" Salvation Oil."

PLEASE NOTICE
 We will be glad to receive communications from our friends on any and all subjects of general interest, but
 The name of the writer must always be given to the Editor.
 Communications must be written on but one side of the paper.
 Personalities must be avoided.
 And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so stated in the editorial columns.

Death of a Christian Lady.
 A correspondent writes us of the death of Miss Eliza Oglesby, at the residence of her brother-in-law, Mr. M. T. Horne, at Chinguepin, Duplin county, on Saturday last. The deceased lady was about 35 years of age and was of a beautiful, consistent Christian character. She died in the full hope of a blessed immortality beyond.

 Mr. Geo. D. Edridge, Secretary National Life and Maturity Company, Washington, D. C.:
 DEAR SIR:—In acknowledging receipt of Two Thousand Dollars this day paid me by your special agent, Mr. W. H. Gibson, being in full amount of policy on the life of my late husband, Frederick W. Heyer, of this city, allow me to thank you and the Company for a full and prompt settlement. Mr. Heyer was a member of your Company a little over two years, and in that time I can say that it was a pleasure to have business to transact with it. In my opinion no Company could be better entitled to the confidence and the patronage of the public than such a Company.
 Respectfully,
