Inherited Blood Poison.

How many people there are whose distress

from sores, aches, pains and eruptive

tendancies are due to inherited blood poison.

Bad blood passes from parent to child, and it is

therefore the duty of husband and wife to

keep their blood pure. This is easily accom-

plished by a timely use of B. B. (Botanic

Blood Balm). Send to Blood Balm Co.,

Atlanta, for book of most convincing proof.

James Hill, Atlanta, Ga., writes: "My two

sons were afflicted with blood poison, which

doctors said was hereditary. They both broke

out in sores and eruptions which B. B.

promptly controlled and finally cured com-

pletely."

Mrs. S. M. Williams, Sandy, Texas, writes:

"My three poor afflicted children, who inher-

ited blood poison, have improved rapidly after

a use of B. B. It is a Godsend."

J. R. Wilson, Glen Alpine Station, N. C.,

Feb. 13, 1885, writes: "Bone and blood poison

forced me to have my leg amputated, and on

the stump there came a large ulcer, which

grew worse every day until doctors gave me

up to die. I only weighed 120 pounds when I

began to take B. B., and 125 bottles increased

my weight to 180 pounds and made me sound

and well. I never knew what good health

was before."

THE DAILY REVIEW

VOL. XIII

WILMINGTON, N. C. MONDAY, DECEMBER 2, 1889.

NO 284.

It is rumored that Judge Gilmer, of the Supreme Bench, will resign in January. Here is another chance for Raleigh to always win.

In the past six months there were 180 births in Norristown, and 163 of these were females. The gal babies should strike against such a state of affairs.

New York has raised the proposed guarantee fund of \$5,000,000 for the World's Fair and now proposes to double that amount and make it ten millions.

The 51st Congress convenes in the first session to-day. Congressman Reed, of Maine, will be Speaker of the House. This was decided in the Republican caucus on Saturday.

Charles H. J. Taylor, ex-Minister to Liberia, likens the country to the nether regions and thinks that the government should pass a law to prevent emigration thereto. It is like unto Dante's inferno. He who enters there leaves hope behind.

We very much fear that our venerated ex-Confederate chieftain is now struggling with his last illness. The prayers of the many thousands of those who trusted and believed him as much at the sunset of their hopes as when they were at their meridian, are most sincerely his.

There has been of late a regular carnival of flames and fire. Following close upon the great disaster in Boston comes the news of the destruction of the Minneapolis Tribune building. The structure was eight stories high and on the seventh floor 75 printers were at work on Saturday night. Twelve are known to have perished.

John A. Logan is said to be decidedly happy. He has found out the secret of successful campaigning. It is a plentiful supply of Dr. Bull's Cough Syrup. It keeps a man calm and serene.

A part of the new silver service for use at the Purcell House is now exhibited in one of the windows of Messrs. W. E. Springer & Co's hardware store, on North Front street.

We saw 18 bales of hay to-day on one two-horse wagon. But it was Northern hay.

What fine weather this is for a trip to the Sound and a bait of Stokley's delightful Myrtle Grove oysters!

Pilots report 15 feet of water on Baldhead Bar at low water and 11 feet on Western Bar. The rise of tide is 4 1/2 feet.

We are glad to hear that our genial friend, Mr. Herbert Borden, who has been quite sick for some days past, is now improving.

The worst feature about catarrh is its dangerous tendency to consumption. Hood's Sarsaparilla cures catarrh by purifying the blood.

A few piano music scholars can be accommodated on application to No. 303 South Second street. Apply from 9 to 4 o'clock.

The annual meeting of the stockholders of the Navassa Guano Co. will be held in this city on Thursday, the 12th inst.

The streets were thronged with ladies to-day, drawn out by the beautiful weather. Christmas purchases are being made already.

Mr. Thomas C. James, Agent here of the C. F. & Y. V. R. R., has arrived in the city with his family. They will reside on Nun street, near Third.

There was a heavy frost yesterday morning and a still heavier one this morning. The roofs of the houses and sheds looked as though covered with snow.

December has entered wonderfully on its duty as a Winter month. The first killing frost of the season was visible here yesterday, the 1st inst.

Dan. barque *Rialto*, Jorgensen, cleared to-day for Porto Rico, with 281,435 feet lumber, valued at \$1,168.95, shipped by Messrs. Heide & Co.

Will be Built Anyway.

There will probably be a contest in the courts over the subscription voted by the city, under certain conditions, to the Wilmington, Onslow & East Carolina R. R. We hear, however, that the road will be built, no matter what the decision may be. It is probable that nearly \$50,000 have already been expended by the company. The road is graded almost to New River, say within ten miles of that stream, and large contracts for cross-ties have been made, which are being delivered all along the line. The road will go to Jacksonville.

Lost in London.

Mr. Newton Beers' "Lost in London" will be presented in the Opera House in this city on Wednesday night. This is a celebrated play. The New York Journal says: "The Grand Opera House opened its season last night with Mr. Newton Beers' company in the now well known melodrama, 'Lost in London.' The incidents of the play are all excessively exciting, and as a rule well played. There was quite an ambitious attempt made in the matter of singing and dancing, and it received much applause. Mr. Beers' company have got the sort of play and performs it with the vigor that will undoubtedly insure it continued popularity."

A Bad Spell.

A merchant's clerk wrote a check for forty dollars, and spelled the numerical adjective "fourty." His employer directed his attention to the error, with the remark, "you seem to have a bad spell this morning," to which the clerk replied, "sure enough; I've left out the 'g' h'." Let us hope the clerk will still further amend his orthography, meanwhile, if any suffer from a "bad spell" of headache, superinduced by constipation, ask your druggist for Dr. Pierce's Pleasant Purgative Pellets. Entirely vegetable, mild, prompt and effective, and a most efficient remedy for derangements of the liver, stomach and bowels.

Forecasts.
For North Carolina, fair and warmer weather. For Wilmington and vicinity, fair weather.

Handsome New Dwellings.

Mr. J. G. L. Gieschen has nearly completed two handsome new dwelling houses on Red Cross street, near Front. They are of seven rooms each and will be supplied with water and gas. He will also erect two others on Front street, near Red Cross, on the same property, reserving the space at the corner for a handsome brick store, with offices above, to be erected at some future day. This is a part of the city burned over by the big fire of 1886.

Will soon Be Open.

It is probable that the C. F. & Y. V. R. R. will be open to traffic in a few days, perhaps by the first of next week. This is mere surmise on our part and is based upon the fact that the road is now completed nearly to Parkersburg, in Bladen county, about 35 miles from Fayetteville. It will reach Parkersburg this week, and as this is a good objective point, we think it will be made the first terminus and that trains will be put on next week. It is expected now that the road will get into Fayetteville by the middle of January or the first of February.

Dairymen, stockmen, livery stable men, and horse-car men unite in saying that no such horse and cattle lotion as Salvation Oil has ever been put upon the market. It should be kept at every stable and stock yard in the land. Price 25 cents a bottle.
