THE DAILY REVIEW.

VOL XIV

WILMINGTON, N. C. MONDAY, JANUARY 13, 1890.

NO 25.

Edward H. Ripley has the entire
 management of the Astor estate,
 and receives for his services \$25,000
 a year.

Charles H. Hackley, a wealthy
 lumberman of Muskegon, Mich., has
 given that place a public library
 costing \$125,000, and now adds \$15,-
 000, for a soldiers' monument.

On the 27th of February Dr. Hoge
 will have been pastor of the Second
 Presbyterian Church of Richmond
 for forty five years, and the occa-
 sion will be appropriately celebrat-
 ed.

The most prosperous year in the
 history of the breeding of trotters in
 Kentucky was the year 1889. No
 less than \$2,000,000 changed hands
 in that State by private sales during
 the last twelve months.

There was a little "affair" between
 a white girl and her colored coach-
 man out in Illinois. The girl seems
 to have been in love with the negro.
 Pistol shots were exchanged and it
 is some consolation to know that both
 will probably die.

Henry R. Pierson, late Chancellor
 of the University of New York, who
 died in Albany New Year's day, was
 one of the famous 300 who stood out
 for the renomination of Gen. Grant
 in 1880. In 1884 he became a tariff
 reformer and voted for Cleveland.

The funeral of Thomas A. Becket
 took place at Philadelphia last
 Thursday. He was many years as-
 sociated with Edwin Forrest and
 the elder Booth in the management
 of the Walnut Street Theatre, and
 at the time of his death was 82 years
 of age.

At a ball given in St. Petersburg
 last week one of the ladies personat-
 ed influenza. She called herself Miss
 Grippe, and was dressed in an Oriental
 costume, whose high head dress
 bore upon it the names of the phy-
 sicians who have written on the
 sickness.

It is stated that the trust com-
 panies in Philadelphia have marked
 up their interest charges on long
 time loans to the full legal limit of
 6 per cent, in consequence of the
 stringency of money. There is at
 least \$60,000,000 loaned on mortgages
 in that city.

The receipts at the Georgia State
 Treasury at the close of the year
 were \$300,000 larger than at the same
 time the previous year. This in-
 crease is due to some extent to the
 increased assessment over last year,
 but it is more largely due to the im-
 proved financial condition of the
 tax-payers of the State.

Learned people have suddenly
 ceased to sneer at the popular be-
 lief that la grippe is a precursor of
 cholera. Instead, last week's Lon-
 don Lancet gravely noted the prob-
 abilities that it will come upon
 Europe through the familiar Caspian
 channels next Summer, and warns
 people to put their houses in order
 against its advent.

The Empress Eugenie has just
 presented to the fathers who have
 the keeping of the mortuary chapel
 at Farnborough, where the remains
 of Napoleon III. and the Prince Im-
 perial are interred, a magnificent
 altar cloth, made from her wedding
 gown. The cloth has been made by
 the Empress herself. It is trimmed
 with the lace and embroidery which
 ornamented the dress.

The New York Herald's Washing-
 ton correspondent makes the state-
 ment that no Federal election law
 can be passed by the Fifty-first Con-
 gress, because enough Southern
 Republican members would vote
 against it to defeat it. The four Re-
 publican members from Missouri, he
 says, are against it, and Mr. Brower,
 of North Carolina, is also. In fact,
 Mr. Houk is represented to be the
 only Southern Republican member
 who is enthusiastically in favor of it.

I had suffered for several days
 with a severe cold which settled on
 my lungs. One bottle of Dr. Bull's
 Cough Syrup costing me 25 cents,
 completely cured me. My cold was
 so badly seated, that I almost lost
 my speech, and the continued hack-
 ing and coughing caused repeated
 vomiting. I write you this for the
 benefit of others who may suffer,
 because I believe it to be my duty.
 THOS. E. DOWLING,
 Agent Dayton Hedge Co., of Dayton,
 Ohio.

According to an elaborate calcula-
 tion made by the New York Sun one
 hundred millions of dollars of Eng-
 lish capital have been invested in
 various American industrial enter-
 prises within the last twelve months,
 and the prospect is said to be that
 in the present year a much greater
 amount will follow.

The Philadelphia Enquirer thinks
 that the South's candidate for Vice-
 President on the Democratic ticket
 in 1892 will be Gen. Fitzhugh Lee.
 You've missed it again. The South
 doesn't care a continental who is
 Vice President. Give us Cleveland
 for head of the ticket and the devil
 may take 'tother one.

There is reason to believe that
 Secretary Windom's silver bill will
 receive rough treatment at the
 hands of the Senate Committee on
 Finance. It is reported that not
 more than one of the six Republican
 Senators are in favor of the plan as
 outlined in the Secretary's report,
 although in the absence of the bill
 itself they are cautious about ex-
 pressing themselves.

Sick headache is readily cured by
 Hood's Sarsaparilla, which tones
 and regulates the digestion, and
 creates an appetite.

 W. H. Northrop.

There has not been a genuine case
 of "la grippe" here yet. There has
 been some influenza—and it is an
 old acquaintance—but none of that
 dreadful disease, which has been
 scaring New York and Boston and
 Philadelphia out of their seven
 senses.

A party of youngsters went con-
 hunting on Saturday night down
 below Greenfield. They got nothing.
 Stay—yes, they did get some-
 thing. They found a copper cow-
 bell, supposed to have grown to
 that proportion from the two cent
 piece swallowed by our local magi-
 cian, George Hewlett, a week or so
 ago.

The World Moves!
 Don't disgust everybody with the
 offensive odor from your catarrh
 just because some old foggy doctor,
 who has not discovered and will not
 believe that the world moves, tells
 you it cannot be cured. The man-
 ufacturers of Dr. Sage's Catarrh
 Remedy have for many years offer-
 ed, in good faith, \$500 reward for a
 case of nasal catarrh, no matter
 how bad, or of how long standing,
 which they cannot cure. They are
 thoroughly responsible financially,
 as any one can learn by proper en-
 quiry through druggists (who sell
 the medicine at only 50 cents,) and
 they "mean business."

Wind and Weather Predicted.

The cautionary Southwest storm
 signal was ordered up here to-day
 at 12:30 o'clock. It was ordered at
 the same time for Charleston and
 Morehead. Strong Westerly winds
 were then predicted for this city
 and section. A decided fall in the
 temperature is also predicted for
 Tuesday. The forecasts to-day say
 that it will be very cold to-morrow.

Peterson's for February.

Early in the field, and among the
 very best of the month's magazines,
 comes "Peterson's" for February.
 Every lady should see its beautiful
 steel and wood engravings and its
 colored fashion plate. "Rescued by
 Custer's Men," by Anna Latham, is
 a thrilling incident of the dashing
 general and his brave band, told in
 a very dramatic fashion. The serial
 by Howard Seely is full of action,
 and it is interesting to compare its
 descriptions of American frontier
 life with the accounts of Parisian so-
 ciety in Mrs. Lucy H. Hooper's ad-
 mirable novel, "A Magnificent
 Marriage." The short stories, mis-
 cellaneous articles and poems are all
 worthy of the highest praise. No
 household should be without "Pet-
 erson" for it always offers a varied
 and attractive table of contents, and
 at a price which brings it within
 everybody's reach. Terms, \$2.00 a
 year. Address, "Peterson's Maga-
 zine, Philadelphia."

Gout, a painful disease affecting
 principally the fibrous tissues about
 the smaller joints, has various names,
 according to the parts affected, as
 podassa, when in the feet; chivassa,
 when in the hands, &c.; but whether
 the attack is first felt in the feet, the
 hands, or some other part, rub with
 Salvation Oil at once. It annihilates
 pain. Price 25 cents a bottle
