WILMINGTON, N. C.

Spain's baby King is now pro-
 gressing towards recovery. Some
 of these days he may wish that he
 had "died young."

The gripe seems to be about to
 lose its grip in New York. The cold
 weather will probably have a marked
 effect in decreasing its ravages.

The Tear of all the Russias seems
 to be beleaguered in his own palace,
 not by foes from without but from
 within. His life is said to be a per-
 fect hell on earth. The atmosphere
 about St. Petersburg is heavy with
 rumors of plots and counter plots.
 The unhappy monarch knows not
 whom to trust. He is in constant
 dread, not only of those of his own
 imperial household but of his own
 immediate family. It is reported
 that one of his brothers is about to
 be banished forever. At any day,
 at any moment, he knows that he
 may die by the hand of an assassin.

A good point is made by the Wel-
 don News on the use, by Judges of
 the Superior Court of railroad passes.
 It says: "It strikes us that a judge
 who can be corrupted by a railroad
 pass can be corrupted without it."
 That is well said. If the judges in
 this State accept and use these
 passes it is not their fault but the
 fault of the people. The Judges of
 the Superior Court ride the entire
 State, making the circuit in four
 years. They get but \$2,500 a year
 and out of this must support their
 families and pay all of their individ-
 ual expenses. And yet, none but
 the best lawyers may aspire to
 judgeships. Men who make at home
 all of the way from \$2,500 to double
 or treble that amount are expected
 to give it up and take the minimum
 and out of this pay their own way
 everywhere.

"Cease to lament for that thou canst
 not help,
 And study helps for that which thou
 lament'st."
 If it is thy cold take Dr. Bull's Cough
 Syrup.

Forecasts.
 For North Carolina, fair and warmer
 weather. For Wilmington and
 vicinity, fair weather.

Gratifying to All.
 The high position attained and
 the universal acceptance and ap-
 proval of the pleasant liquid fruit
 remedy Syrup of Figs, as the most
 excellent laxative known, illustrate
 the value of the qualities on which
 its success is based and are abund-
 antly gratifying to the California
 Fig Syrup Company.

Oysters from the Rocks.
 Mr. G. G. Aman had in store a day
 or two ago a small lot of oysters that
 came from a new ground. They
 were taken from the rocks, at old
 New Inlet, and were gathered on
 the bay side, at dead low water.
 Mr. Aman says they were the finest
 oysters he has seen here this season.
 It may be that there are some large
 possibilities there in the future in
 the way of a cultivation of oysters.
 The sheet of water now known as
 the bay was simply formerly the
 inlet and extends from the rocks,
 on the river, to the bar at the
 mouth of the inlet.

Death of An Estimable Lady.
 We greatly regret to learn of the
 death of Mrs. Nannie Burr, wife of
 Mr. Henry A. Burr. The sad event
 occurred at the family residence
 here at half-past 8 o'clock this morn-
 ing. Mrs. Burr has been in feeble
 health for some time past but only
 within the past few weeks has any
 immediate danger been apprehend-
 ed. She was the daughter of the
 late Levi A. Hart and was a native
 of this city. She was a charming
 lady in every relation of life, ad-
 mired and beloved of all who knew
 her. For many years past she has
 been a member of St. James' Church
 and the funeral services will take
 place there to-morrow at an hour
 to be announced in the morning
 papers.

The Postal Telegraph.
 Mr. D. C. Allen, of Bladen county,
 was in the city to-day, and from
 him we learn that the Postal Tele-
 graph wires are making rapid pro-
 gress in this direction. The polls
 are up and the wires strung to with-
 in 22 or 23 miles of the city. A few
 days will find them at Crony, where
 they will have to cross the Western
 Union wires. They will follow the
 county road down to Wilmington
 and in doing this it will be neces-
 sary to cross the Western Union
 wires a number of times, as the C.
 C. R. R. and the county road occa-
 sionally cross each other. The West-
 ern Union people do not want them
 to cross but cannot help them-
 selves, as it is understood that while
 one wire may not go under the other
 there is no law to prevent it from
 going above it and the Postal peo-
 ple say that no matter how high the
 Western Union wires may run they
 will manage to go a little higher
 still. There isn't much of a right of
 way required for a telegraph line
 and as a rule the owners of the land
 have allowed the poles to be planted
 and the wires to be strung. Some
 few have objected, however, and a
 few suits may result. The wires
 may be expected here by the first of
 February, and perhaps somewhat
 sooner.

The World Moves!
 Don't disgust everybody with the
 offensive odor from your catarrh
 just because some old foggy doctor,
 who has not discovered and will not
 believe that the world moves, tells
 you it cannot be cured. The man-
 ufacturers of Dr. Sage's Catarrh
 Remedy have for many years offer-
 ed, in good faith, \$500 reward for
 a case of nasal catarrh, no matter
 how bad, or of how long standing,
 which they cannot cure. They are
 thoroughly responsible financially,
 as any one can learn by proper en-
 quiry through druggists (who sell
 the medicine at only 50 cents,) and
 they "mean business."

More Cold Weather.
 We are probably in for a season
 of cold weather now. It was cold
 this morning everywhere. The ther-
 mometer stood at 29 here at 7 o'clock
 this morning, and this is 3 degrees
 below the freezing point. There
 was ice in exposed places and the
 ground was frozen. There is another
 cold wave making in this direction
 and it will probably arrive here to-
 morrow night, or Sunday morning,
 and before that now with us has be-
 come displaced.

Bladen County Meat.
 We understand that some few of
 the farmers in the lower part of
 Bladen county have lost a part of
 their meat by the failure to cure,
 caused by the warm weather, but
 as a general thing such of the meat
 as has been killed has been saved.
 We heard this morning of something
 in this line that we have never
 heard of before. It is said that the
 bare earth, when the meat is laid
 upon it, will absorb much of the
 animal heat and that it will also
 cure slightly tainted or "het" meat
 when tried in time. This is a simple
 expedient and one easily tried.

**"Age cannot wither it nor custom
 stale its infinite variety." Flesh is
 hardly heir to an ache or pain which
 cannot be cured by using "Salvation
 Oil."**

DIED.
