THE DAILY REVIEW.

VOL. XIV. WILMINGTON, N. C. FRIDAY, JANUARY 24, 1890. NO. 35.

The Duke and Duchess of Connaught are to visit the United States this Spring.

Lord Salisbury, who has been suffering from influenza, will go to the south of France to recuperate.

The only Territorial delegate in Congress who was born in his own Territory is Antonio Joseph, of New Mexico.

Mme. Carnot, wife of the President of France, is said to be the best dressed and most charming woman in Paris.

Senator Pettigrew, of South Dakota, is a brilliant and aggressive poker player. He has the reputation of being phenomenally lucky.

The royal baron of beef for Queen Victoria's Christmas table weighed 300 pounds. It was roasted at Windsor Castle and sent to Osborne cold.

The Argentine Republic was reinforced last year by the arrival of more than 800,000 immigrants from Europe. A large portion of them were Italians.

Bryennios, Archbishop of Nicodemia, has found in a Turkish library at Damascus a manuscript of the New Testament dating back to the fourth century.

The British barque *San Antonio* will prove a total loss. All efforts to move her have been unavailing. She is uninsured. Capt. Troop, her skipper, is part owner.

Emin Pasha is suffering from an abscess of the exterior of the skull which has caused partial paralysis of the tongue. He sees no Europeans except a German doctor.

It is rather curious that both at the beginning and the end of the year destructive fires should have occurred in England on premises belonging to the Salvation Army.

A gentleman who recently returned from Europe says that James Gordon Bennett's hair is now gray, and that he is one of the most distinguished-looking men in Paris.

There is no probability that the Montana deadlock will be broken until the U. S. Senate acts on the credentials of the four Senators-elect now claiming admission into that body.

Emperor William is in future to appear at great reviews and at state functions, when he is on horseback, mounted on a magnificent Arab which has been presented to him by the Sultan.

A great trust is said to be in process of formation and most of the Brussels carpet manufacturers of Kidderminster and in the north of England, and some of the London houses have joined it.

There is a terrible state of affairs now in nineteen counties in South Dakota. The *New York Herald* publishes the following special from its Chicago correspondent:

A tale of terrible suffering and destitution in nineteen counties of South Dakota is told by a gentleman who has just returned from that section:

He says:—"The successive failure of four years' crops has reduced those formerly well to do to a condition of dire distress. Many thousands of families are entirely without means of any kind and cannot purchase the necessities of life. In some parts they have no flour, the staple of life being a badly ground cornmeal, and there is a deplorable insufficiency of that. Every farm is mortgaged and most of the stock has been levied on and sold by the sheriff at public action at ridiculously low prices, cows fetching as low as \$5 apiece, horses \$8 and \$10, while sheep and pigs are simply unsaleable.

"The women and children in many instances are unprovided with clothing with which to withstand the rigors of winter, what they now have being in a ragged and worn condition.

"At one place I saw two children walking with their feet wrapped in pieces of blanket through the snow. They told me they had no shoes for many months. Provisions of any kind just now would be a Godsend to thousands who are in a semi-starving condition. Unless relief is given with a liberal hand this winter in South Dakota you will hear of many deaths from absolute starvation."

There is one admirable feature about the barbed wire fence and that is that they can't paint Dr. Bull's Cough Syrup advertisement on it.

It is really hard to believe that the thermometer stood at 30 degrees below zero in Wisconsin on Wednesday. It is difficult for us of this latitude to imagine such a fearfully frigid condition of the atmosphere.

Senator Ingalls, late Judge Advocate of the Kansas militia, frothed and fumed yesterday in the Senate in opposition to Senator Butler's negro emigration bill. We really looked for something good from the Kansas man and were disappointed. Judging by the Associated Press synopsis it was a weak thing.

What a grand, great country this is with its vast territory, its big rivers, its pretty women and its Venti Vidi Vici cure. It's Salvation Oil.

Confidence Begot of Success.
 The confidence possessed by the manufacturers of Dr. Sage's Catarrh Remedy in their ability to cure the worst cases of nasal catarrh, no matter of how long standing, is attested in a most substantial manner by their standing reward of \$500, offered for many years past, for an incurable case of this loathsome and dangerous disease. The Remedy is sold by druggists, at only 50 cents. It is mild, soothing, cleansing, deodorizing, antiseptic and healing.
