Influenza has gone to Syria and is
said to be making Syrians invade there.

"The only space on the London
omnibus where an advertisement
does not go is underneath." Then
surely it can't be on it if it is under
it.

A man at Suisun, Cal., has made a
clock that will run 480 days without
winding the second time. Probably
the minute time or the hour time
is wound occasionally.

A very large letter was recently
mailed in Australia. It weighed 238
ounces and the value of the stamps
on it amounted to \$55.

Mr. William Endicott, of Boston,
who has just entered his 92d year, is
the sole survivor of the seventh gen-
eration of John Endicott's descend-
ants.

The first cash John D. Rockefeller
ever had was a quarter, which he is
said to have earned working for a
farmer to get money to go to the cir-
cus. He is a rocky feller to-day.

An Indian squaw picked up \$500
worth of gold nuggets in the Frank-
lin county hills in Maine, and sold it
in Portland, and now the woods
thereabouts are full of squawters
looking for gold.

A raid is being made upon Liver-
pool clubs that are reported to be
centres of betting. Eleven hundred
and eighty-four summonses are be-
ing issued against the directors and
frequenters of 25 clubs.

It is said that "Germany is the
only civilized country in the world
where murderers are still beheaded
with an axe or sword". Is France
not a civilized country? or is the
guillotine not an axe?

For nearly a month this winter
the Union Pacific Railroad expended
\$5,000 per day for shoveling snow.
But it was the wrong time of the
year to shovel snow. They should
have waited until the summer.

New York State has become so
alive to the necessity of preserving
her game that the Representatives in
the Legislature have introduced as
many as twenty nine bills to that
end. Not quite one bill for every bird.

A law has been passed by the Ohio
Legislature authorizing township
trustees to deduct \$3 from the road
tax of any property owner who
erects on his own land and supplies
properly a public watering trough.

The following curious advertise-
ment appeared not long ago in a
newspaper in Paris: "A lady, hav-
ing a pet dog whose hair is of a rich
mahogany color, desires to engage a
footman with whiskers to match."
To match the hair, the dog or the
lady?

The development of the beet su-
gar industry has made wonderful
strides in France. There is a good
field in America. Plenty of beets
here—dead beets whose sole aim in
life seems to be to ride free on the
railroads and beat newspaper men
out of their just earnings.

Many surgical instrument makers
are out of employment, as business
is quite dull with their trade at pres-
ent. Probably trade is dull because
the instruments are new and don't
wear out fast enough. It's bad,
though, when a man's nose is
brought to the grindstone instead of
his tools.

Corporal Tanner is said to be mak-
ing an abundance of money in Wash-
ington. He employs a force of
12 clerks and his practice is worth
at least \$10,000 a year. Now let him
show his practical patriotism and
donate a big slice of this to the
"poor and needy soldiers" he used
to prate so much about.

The Petersburg *Index Appeal* says:
Senator Hawley's speech on the
Blair bill contains a declaration of
admission. He declares that the
Republican party is distinctly a
States' rights party; he admits that
promises made in party platforms
are nothing more than "a polite re-
cognition" of what the people de-
mand. The declaration is startling;
the admission refreshing.

If your best girl is cold, if your
tailor is persistent, if your English
collar is too stiff, if your friends
prize false, don't you care, so long
as you can cure your cold with Dr.
Ball's Cough Syrup.

A young man of twenty years of
age was arrested in Ala. a few days
ago on the charge of bigamy, he
having been married four times in
as many months. It wouldn't take
a very intelligent committee to de-
cide as to the insanity of that young
man.

Coal has been discovered in the
mountains up Deep Creek, Mont.,
and the work will be vigorously
pushed as soon as the weather set-
tles; that is, as soon as the coal weath-
er has gone.

Boston capitalists have bought
3,300 acres of land in Lexington
county, S. C. Large pottery works
for making white table wear will be
erected there. It is presumed that
the same kind of wear will answer
for colored tables as well as white
tables.

Hood's Sarsaparilla has the largest
sale of any medicine before the pub-
lic. Any honest druggist will con-
firm this statement.

ternoon was made up of four coaches,

quire the warehouse for their own
use it will not be rented on Wed-
nesday, as has been advertised.

other," is what the farmer said when
asked about the Boy Clipper Plow,
sold by the N. Jacobi Hdw. Co. +

cleared to-day for Liverpool with
7,235 bales cotton, valued at \$388,350,
shipped by Messrs. Alex. Sprunt &
Son.

A change of schedule went into
effect yesterday on the Carolina
Central R. R. The night train now
leaves here at 6:45 p. m. and arrives
at 8 a. m.

It is said that all of the dogs be-
longing to the pack of fox hounds,
36 in number, are sick at a farm
near the city and it is said that they
all have the grip.

Ask for "Our Old Chief." This
new and improved Vamotta Shirt

Factory only, at 75c. 122 Market St.,

We hope there will be a large at-
tendance to-night at the stereopti-
con trip up the Rhine. It promises
to be the most delightful of the
series yet given here.

Capt. R. M. McIntire has returned
from one of his frequent visits to
the Northern Markets and this time
he laid in a superb stock of Spring
and Summer goods.

It was cool enough for fires and
overcoats yesterday and this morn-
ing but not cold enough to injure
vegetation. Warmer weather is
promised for to-morrow.

its, valued at \$10,495, shipped by

Alderman Oscar Pearsall, who has
recently returned from Florida, is
greatly improved and is nearly his
old self again. He was on the street
this morning and was greeted by
many, who were glad to see him re-
ed to health.

"The sweetest thing that ever
grew beside a human door" was lit-
tle May, until she took to having
headaches—for a time she lost her
beauty, but one bright day her papa
bought a bottle of Salvation Oil, and
lo! she is as sweet and pretty as ever.
(Only 25 cents a bottle.)

Commendable.

All claims not consistent with the
high character of Syrup of Figs are
purposely avoided by the California
Fig Syrup Company. It acts gently
on the kidneys, liver and bowels,
cleansing the system effectually, but
it is not a cure-all and makes no
pretensions that every bottle will
not substantiate.

A Handsome Picture.

Messrs. Northrop, Hodges & Tay-
lor, insurance agents, have present-
ed us with a photo-engraving of
Confederate commanders, published
by the Travellers' Insurance Com-
pany. There are in the group Presi-
dent Davis, and eight of his generals,
Lee, Jackson, Longstreet, A. P.
Hill, Jeb Stuart, Jos. E. Johnston,
Hood and Beauregard. It is a
handsome, spirited picture and is
well worthy of being framed and
preserved.

Katie Putnam.

The box sheet for Katie Putnam
at the Opera House on Wednesday
will be open to-morrow at Mr. Yates'
and those who want the best seats
should be on hand early. Miss Put-
nam has always been a great favor-
ite here. It has been years, however,
since she last favored us with a visit.
In the meantime she has passed
much time in Europe and it is said
that she has improved wonderfully,
even on her own former exquisite
presentments. She is backed up by
a fine troupe and there is no doubt
of the character of the entertain-
ment. She delighted the Charles-
tonians on Friday and Saturday
night and the press of that city
speak in exceedingly high terms of
her performance there. She will be
greeted by a crowded house here.

The Sacred Concert.

There is no doubt of the fact that
there will be a very large attendance
at the sacred concert to be given in
the First Baptist Church to-morrow
night, on which occasion the new
organ will be formally inaugurated.
We publish herewith the programme
which has been adopted for the oc-
casion:

summer Night's Dream, Miss Annie
Chastan.

J. D. Smith, G. P. Welsh and John

French, J. D. Smith, S. H. Burtt;
bases—Messrs. G. P. Welsh, John
Grant, H. K. Holden; accompanist—
Miss Annie Chastan.

The Delicacy of Woman.

"Like the lily once mistress of the
field, woman often hangs her head
and perishes, trusting to innocence
and love to protect." Her eye may
grow dim, her cheeks pale before
her lips will reveal the secret of her
suffering. Appreciating this element
in woman's nature, Dr. R. V. Pierce
has prepared a remedy called "Fa-
vorite Prescription," adapted espe-
cially for the diseases and weaknes-
ses peculiar to women, and placed
the same on sale by druggists. Ask
for the "Favorite Prescription," and
you can cure yourself without pub-
licity, and without being subject to
the examinations of surgeons. Full
directions with each bottle. It is
the only guaranteed cure. See guar-
antee on every bottle-wrapper.

Refreshing and Invigorating

Delicious Soda Water as drawn from
Mund's Brothers' magnificent new
soda fountain at a temperature of
34°. Purest Fruit Syrup, Milk Shakes
and Natural Mineral Water.

weather.

I. Shrier, who is always ahead in
introducing new novelties, will sell
this week the Lord Fauntleroy and
Alfonso (King of Spain) suit. Also
a full line of children's Kilt Suits at
the lowest price for cash only. I.
Shrier, corner Front and Princess
streets.

City Court.

The following cases were disposed
of by the Mayor to-day:

Charles Connor, disorderly conduct,
judgment suspended on payment of
costs.

John Merriek, disorderly conduct,
judgment suspended on payment of
costs.

Martha Sanders, disorderly con-
duct, \$20 or 30 days.

An Irresistible Appeal.

A touching appeal comes from
Fredericksburg, Va. It is in the
shape of a letter from a lady in that
city to a lady friend here and the
appeal is to North Carolinians and
for marble stones to mark the last
resting place of the North Carolina
soldiers who are interred in the
cemetery at that place. There 240 of
these. The remains were gathered
with loving care from the bloody
battlefields of the Wilderness and
when interred each mound was
marked with a headboard of wood.
This was done through the loving
kindness and tender regard of the
women of Fredericksburg. Those
wooden headboards are now decay-
ing and stones are needed to mark
the graves. Of all the Southern
States Georgia alone has responded
and she sent the stones to mark the
resting place of her heroic dead.
North Carolina was appealed to
through letters written to Governor
Fowle, but no satisfactory response
was received. The matter will be
taken in hand here and it is hoped
that a part, at least, of the stones,
or their value, will be contributed in
Wilmington. We feel sure that the
response here will be a noble and
a liberal one.

Kind Words of Cheer.

When a proprietor knows he has
a grand and good remedy for the
many ills that flesh and blood are
heir to, it pleases him exceedingly to
receive such evidences of apprecia-
tion as follows:

W. F. Miles, Milesville, N. C.,
writes: "I have used Botanic Blood
Balm and find it to be all that it is
recommended to be."

D. C. Blanton, Thomasville, Ga.,
writes: "I have used Botanic Blood
Balm in my family as a tonic and
blood purifier with highest satisfac-
tory results."

F. O. Hoffman, editor Times, Rocky
Mount, Va., writes: "I am pleased
to say that Botanic Blood Balm is
the best appetizer and tonic for de-
licate people I ever saw. It acted
like a charm in my case."

F. H. Hickey, 1208 Main street,
Lynchburg, Va., writes: "I was
broke out all over with sores, and
my hair was falling out. After using
a few bottles of Botanic Blood Balm
my hair quit falling out and all the
sores got well."

Julia E. Johnson, Stafford's P. O.,
S. C., writes: "I had suffered 13
years with eczema and was at times
confined to my bed. The itching
was terrible. My son-in-law got me
one-half dozen bottles of Botanic
Blood Balm, which entirely cured
me, and I ask you to publish this for
the benefit of others suffering in
like manner."

August A. Klages, 810 St. Charles
street, Baltimore, Md., writes: "From
my youth I suffered from a poison-
ous taint in my blood. My face and
body was continually affected with
eruptions and sores. I am now 42
years of age and had been treated
both in Germany and America, but
no remedy overcame the trouble until
I used Botanic Blood Balm. I
have used about twenty bottles, and
now my skin is clear, smooth and
healthy, and I consider the poison
permanently driven from my blood.
I endorse it as the best blood re-
medy."
