THE ACME

MANUFACTURING CO.

MANUFACTURERS OF
Fertilizers, Pine Fibre and
Pine Fibre Matting.

Wilmington, - - N. C.

THE REPUTATION OF OUR FERTILIZERS

THE ACME and GEM, is now established, and
the results of three years' use in the hands of
the best farmers of this and other States will
attest their value as a high grade manure.
THE MATTING, made from the leaves of our
active pine, is conceded to be equal to any
wool carpet for comfort and durability and is
demanded for its daily increasing. It has vir-
tues not found in any other fabric.
The FIBRE or WOOL is extensively used for
upholstering purposes, and as a lining for
carpets is almost equal to hair, being light
elastic and proof against insects.
Certificates from reliable parties using our
goods can be seen at our office, or will be mail-
ed upon location.

At last British conservatism has
yielded to transatlantic allurements,
and an amateur base ball league
has been formally started in Man-
chester.

It is estimated that only 12 per
cent. of the population of Russia
can read and write. The number of
primary schools is 38,000 for the pop-
ulation of over 100,000,000.

In the formation of a signal loco-
motive steam engine there are nearly
6,000 pieces to be put together,
and these require to be as accurately
adjusted as the works of a watch.

In a library in Paris, one of the
largest in the world, is a Chinese
chart of the heavens made about
600 years before Christ. In this
chart 1,400 stars are found to be cor-
rectly inserted.

In New Orleans a few weeks ago
that good Republican official, United
States District Judge Billings, ruled
that a negro's value as a slave must
be the basis on which damages to his
person as a freeman shall be estima-
ted.

An electric vegetable is said to
have been discovered in India which
has the power of affecting the mag-
netic needle at a distance of 20 feet
when the weather is clear and dry.
What effect it has on those who eat
it is not told.

It is said in Washington that Col.
Perry S. Heath will not accept the
offer of the Russian government to
make a tour through the Siberian
prisons. He prefers his native health
and doesn't care to risk his carcass
with the Russian heathen.

It is said that "Salem, Hillsboro
and Salisbury are the only towns in
the State that can boast of having
buildings that were standing in the
Revolutionary war." Wilmington
has several built long before the
Revolutionary war. Among the number
is Cornwallis' headquarters, now an
elegant private residence.

Judge McRae and Solicitor Argo
have pronounced the cheering of
Boyle in the Court House at Raleigh
on Saturday night, as a disgrace.
This is a mistake. It was only one
chapter of a disgrace. The great
disgrace itself was in the verdict of
the jury—a jury, by the way, which
seemed formed to acquit the scound-
rel—and the consequent stigma
cast upon the young lady's fair fame,
holding her up to public view as a
wanton and a perjurer.

Bishop Lyman's views on the exo-
dus of negroes from North Carolina
are going the rounds. He charges
it to greed on the part of the rail-
roads. In this we think that the
good Bishop is doing the roads an
injustice, as a little reflection might
convince him. Railroads depend
very largely for their prosperity in
business from the country through
which they pass—not altogether, it
is true, for the through business in
these days is a great factor, but still
very largely. The more populous
the country the greater the produc-
tiveness and hence the more busi-
ness and the more money for the
railroads. This is a well-accepted
fact as well as a sound theory. The
labor of a country is the root of its
prosperity and railroad men are not
so foolish as to dig up this root and
cast it away, for a mere temporary
advantage. Every man, woman and
child on the line of a road consti-
tutes an individual factor in the
prosperity of that road. Every child
born on the line of a road, or in ter-
ritory contributing to it, adds its
share to the exchequer of the road.
Therefore, every man, woman and
child, no matter how humble the
station in life, who removes from
the influence of that road, is a sure
loss to it. It is doubtful if the sum
paid by any one laborer emigrating
from the country, even at full fare,
will equal the loss sustained by the
road through the effects of one year
of his labor. Railroad men know
and appreciate these facts, in all of
their thoroughness, and it is a rule
with them not to encourage emigra-
tion from their territory, as if it
is manifestly opposed to their own
interests.

"A wet sheet and a flowing sea" is
what some men prescribe for a cold.
This is a terrible, and oftentimes
fatal, mistake. Give the patient a
few doses of Dr. Bull's remarkable,
astounding, wonder-working Cough
Syrup.

If Boyle was cheered so heartily
in the Court House on his acquittal
of the well proven charge of out-
raging a virtuous young lady what
sort of demonstration would have
been accorded him if he had mur-
dered as well as ruined the poor
girl?

We agree with the Buffalo Com-
mercial when it says that "it would
be no disgrace to Virginia, or to the
government, if Gen. Mahone was
selected as consul to Paris." We
agree with it, that is, so far as the
general government is concerned.
It wouldn't disgrace the Harrison
Administration.

"A stitch in time saves nine," and
if you take Hood's Sarsaparilla now
it may save months of future possi-
ble sickness.

CLOSING OF BANKS—On Good Friday
LADIES' EMPORIUM—Spring Millinery

This month has five Tuesdays and
five Wednesdays.

Turner's almanac promise cold
weather as late as the 25th of this
month.

Flowers will be scarcer this Easter
than has been known here for
years past.

Boys! we can sell you a Bracket
Saw, with frame, for 10 cents. N.
Jacobi Hdw. Co.

When ready to build, paint or re-
pair you will find it to your advan-
tage to buy your material of the N.
Jacobi Hdw. Co.

The First National Bank and the
Bank of New Hanover give notice
in this issue that they will be closed
on Good Friday.

The oysters arriving here now are
unusually fine. Some of the fattest
Myrtle Grove oysters we have ever
seen were in market yesterday.

"It pleases me so I shall use no
other," is what the farmers said when
asked about the Boy Clipper Plow,
sold by the N. Jacobi Hdw. Co.

There will be no paper issued from
this office on Good Friday and mat-
ter intended for insertion in that is-
sue will therefore please be handed
in to-morrow.

Capt. F. M. James reports seven
interments in Oak Grove Cemetery
during the month of March, all col-
ored. Of these four were adults and
three were children.

Paint your Buggy for 75 cents, "6
bits," with Detroit car. Paint, a
varnish and paint combined. Guar-
anteed to give satisfaction. Sold by
the N. Jacobi Hdw. Co.

We gain this month 92 minutes of
daylight—more than an hour and a
half. The sun, which rose yester-
day at 5:47 will rise on the 30th at
5:39; it set yesterday at 6:22 and will
set on the 30th at 6:46.

This is not good "growing weather"
but we look for it to clear up this
afternoon or to night, with sev-
eral days of warmer weather and
plenty of sunshine. We think we
will have pretty weather for Easter.

Mr. C. T. Craig, formerly a typo
in the REVIEW office, but who went
to Georgia a few years ago, has re-
turned to Wilmington. His health
was bad and he was recommended
to go to sea. He is now just from a
voyage to Valparaiso, returning here
via New York.

Y. M. C. A.

In the Y. M. C. A. Association
rooms this evening at 8 o'clock, there
will be a meeting conducted by
Messrs. Helmick, Janderquist and
Coddling, formerly Association work-
ers in the Western States. They
expect to sail soon for Africa, as
missionaries, and are making a tour
of the States previous to their de-
parture. It is earnestly hoped that
they will be met by a large audience.

the lowest price for cash only. I.
Shrier, corner Front and Princess
streets.

Cotton.

The receipts of cotton at this port
for the month of March foot up
1,718 bales, against 3,730 bales for
same month last year, a decrease of
2,012 bales. The receipts of the crop
year to date foot up 132,375 bales,
against 149,221 bales to same date
last year, a decrease this year of 16,
846 bales.

The Minstrel Show.

The probabilities are that there
will be a large house to greet Prim-
rose & West's fine minstrel show at
the Opera House on Friday night.
It is an excellent troupe and comes
to us with the best of recommenda-
tions. There is a fine array of vo-
calists, dancers and comedians, head-
ed by the old-time favorites, George
W. Primrose and William H. West.
Lew Dockstader, Barney Fagan and
Raymond Shaw, all three stars of
the first magnitude, are still with
the troupe and there are other fa-
miliar names on the programme.
The box sheet will open at Yates' to-
morrow morning.

The Ladies' Emporium.

All day long, yesterday and to-
day, the ladies have been going in
and out of the Ladies' Emporium,
on Market street, opposite this office.
The attraction there has been very
great, for it has been the opening
season. The display there, we un-
derstand, is a very fine one and the
lady visitors are enthusiastic over
the many new and pretty things in
the Spring and Summer styles, which
are now being shown at the Em-
porium. The lady proprietress bought
everything only after a careful study
of all of the fashions and styles.
That her judgment and taste are ap-
preciated is shown by the stream of
visitors there and the delighted com-
ments we can hear from those who
have attended the opening.

Mayor's Court Record.

Mayor Fowler is indeed a terror to
evil does. The report of his court
for the past year beats all previous
records. During the fiscal year end-
ed March 31st, 1890, there were 1,
620 arrests and the court fines col-
lected for the same times amount to \$3,
685.91. The pound fees collected aggre-
gate \$198.20. The police records far-
ther show that 124 arrests were made
during the month of March—92 col-
ored persons and 32 whites. The
fines collected during the month
amount to \$321.89, and the pound
fees \$29.70.

Twelve applications were made
for lodgings: six places of business
were found left open at night, and
there were nine alarms of fire dur-
ing the month.

Honest Doctors.

All honest, conscientious physi-
cians who give B. B. B. (Botanic
Blood Balm) a trial, frankly admit
its superiority over all other blood
medicines.

Dr. W. J. Adair, Rockmart, Ga.,
writes: "I regard B. B. B. as one of
the best blood medicines."
Dr. A. H. Roscoe, Nashville, Tenn.,
writes: "All reports of B. B. B. are
favorable, and its speedy action is
wonderful."

Dr. J. W. Rhodes, Crawfordville,
Ga., writes: "I confess B. B. B. is
the best and quickest medicine for
rheumatism I have ever tried."

Dr. S. J. Farmer, Crawfordville,
Ga., writes: "I cheerfully recom-
mend B. B. B. as a fine tonic altera-
tive. Its use cured an excruciating
of the neck after other remedies ef-
fected no perceptible good."

Dr. C. H. Montgomery, Jackson-
ville, Ala., writes: "My mother in-
sisted on my getting B. B. B. for her
rheumatism, as her case stubbornly
resisted the usual remedies. She ex-
perienced immediate relief and her
improvement has been truly won-
derful."

Dr. G. W. Earle, Pickens, S. C.,
writes: "I recommended B. B. B.
to a man who had suffered for years
with a malignant ulcer on his leg,
that seemed to resist all other treat-
ment. After using four or five bot-
tles the ulcer began to heal and his
leg is now sound and well."

Forecasts.

For North Carolina, fair and warm-
er weather. For Wilmington and
vicinity, fair weather.

County Commissioners.

The Board met last evening at 6.30
o'clock in called session, with Mr.
H. A. Bagg, chairman, and Com-
missioners Worth, Montgomery and
Moore present.

S. Hill Terry, superintendent of
the County Poor House and House
of Correction, tendered his resigna-
tion and upon motion the same was
accepted. B. R. King was there-
upon appointed to fill Mr. Terry's un-
expired term, ending December 31st,
1890. On motion the new superin-
tendent was granted until Monday,
April 7th, to file his official bond.

The Board of Managers of the City
Hospital met at the same place on
the adjournment of the Board of
Commissioners and through their
Chairman, Col. Roger Moore, sub-
mitted their annual report. This
report covers that of Dr. Lane, the
physician in charge.

During the past year a pay pa-
tients ward, containing eight rooms,
has been built, with hot and cold
baths, operating room and parlor,
all complete. The centre ward has
been repaired and the roof raised.
The cost has been \$1,989.25, from
appropriations made by the Board.
The rooms have been taken in
charge by ladies from different
churches and handsomely and com-
fortably furnished. The Y. M. C.
A. have also taken in charge one
room. The total number of pa-
tients treated was 213, forty-six of
which were pay patients. Of this
number 195 were successfully treat-
ed; 18 died. The total expenditures
for the past year for the hospital
was \$3,299.87; deducting from this
amount \$458.13 received from the
pay patients, and \$8 from other re-
sources, it leaves \$2,833.74 for op-
erating expenses for the year, or an
average monthly cost of \$236.14.

The committee recommended that
a new fence be built around the
grounds as the old one is greatly de-
cayed and that an appropriation be
made for ornamenting the grounds
and for constructing a carriage
drive.

Steam Tug Blanche Burned.

News was received here this fore-
noon to the effect that the steam tug
Blanche, of the Harper fleet of boats,
was totally destroyed by fire at
Southport early this morning. The
fire was discovered about 3 o'clock
but it had then made such headway
that nothing could be done to save
the boat. She took on last evening
a large quantity of lightwood, for
fuel, and this helped to render the
destruction the more complete.

The fire burned so fiercely and the
heat was so intense that no one
from the shore could get to the boat
but the tug Woodbury, Capt. Wood-
sides, which was fortunately near
at hand, with some steam up, push-
ed the Blanche into shoal water and
then threw water on the machinery
from her steam pump to keep down
the heat there as much as possible.
The hull is now ashore in shallow
water near the pilots' office. Capt.
Jacobs, her master, reported the dis-
aster to the owner of the boat, Capt.
J. T. Harper. His report is more
favorable than the news first re-
ceived. He thinks that the hull and
machinery are all sound and unin-
jured, the damages being confined
to the deck houses.

The Blanche was a powerful tug
boat, the best on the river, and
Capt. Harper will at once have her
raised and repaired. The origin of
the fire is unknown but some think
that it was incendiary. The Blanche
was purchased some years ago, when
nearly new, by Capt. Harper at a
cost of \$18,000 and she was worth
yesterday all of \$15,000. The loss is
about \$3,000 and on this, there was
no insurance. She was a complete
boat, staunchly built for heavy
work, with an iron hull, steam boiler
and excellent machinery. The en-
gine room was enclosed with sheet
iron plates. As soon as she can be
pumped out the boat will be towed
up to the city. Capt. John Harper,
with the Alex. Jones, went down to-
day to see to the work.

Bodily pains and accidents will
occur not only "in the best regu-
lated families" but everywhere and at
all times. Therefore keep Salvation
Oil convenient. Price 25 cents a
bottle.
