The fund for the proposed Grady Memorial Hospital in Atlanta now amount to about \$50,000. It is said that \$30,000 more is needed to carry out the project.

It was claimed in the meetings attending the celebration of the forty-second anniversary of modern spiritualism recently that there are 80,000 spiritualists in Boston alone, many of whom are scattered among the various churches.

Some one has figured that there are in Denver, Col., thirty one millionaires, whose aggregate wealth is \$465,000,000, and thirty five semi-millionaires, whose wealth aggregates \$17,500,000, making in all \$64,000,000 owned by sixty-six men.

Sculptor Doyle, of New York, is making good progress on a statue of Admiral Raphael J. Semmes, which will soon adorn a street in Mobile, Ala. It will be erected by the Lee Association of Confederate Veterans of that city, and will cost about \$11,000.

The present King of Dahomey was educated in Paris and was supposed to have been civilized. Since his return to Africa he has distinguished himself by an unusually rigid observance of the savage customs of his ancestors. He defies France with a vigor that is startling.

A curious fact is noticed in connection with the formation of barnacles on ships' bottoms. In the majority of cases there is a much heavier growth of grass and barnacles on one side than on the other, and in numerous instances one side will be almost free from marine growths, while the other is as foul as possible.

An English photographer claims to have obtained a photograph in which the natural colors were reproduced when the exposure was made, by accident, just at the moment when there came a blinding flash of lightning. He says that a friend of his once got a colored plate under similar circumstances, and believes that electricity has something to do with photographing colors.

Hon. Samuel J. Randall died at his residence in Washington City yesterday morning after a long illness. His death was not unexpected. The loss is a great one to the party and the country. There are many whom we could more easily have spared. He was for years one of the central figures in the history of this country, especially that of the dark days of reconstruction; when Mr. Randall stood undaunted at the head of a weak minority in Congress and fought so successfully in behalf of constitutional liberty. His services then were inestimable and the fact that in his latter years he was not in accord with the majority of his party on the great question of the day cannot tarnish the lustre of his name or impugn the honesty of his motives. None but idiots will ever hereafter call Mr. Randall a traitor either to his party or his people. He will stand in history, as he has stood in life, so far above all of the malignities of low-minded partisanship that the shafts aimed at his head will fall harmless at his feet. Mr. Randall was born in Philadelphia, October 10, 1828, and was consequently in his 62nd year. He has served continuously in Congress for the past thirty years.

Thin and impure blood is made rich and healthful by taking Hood's Sarsaparilla. It cures scrofula, salt rheum, all blood disorders.

A young friend of ours went over in the rice fields yesterday and caught a fine string of perch.

There hasn't been a strawberry in this market in two weeks, so far as our observation has extended.

The latest fad with the boys is the tin blow pipe, and it is astonishing how far one can throw a light pea in this way.

"It pleases me so I shall use no other," is what the farmers said when asked about the Boy Clipper Plow, sold by the N. Jacobi Hdw. Co.

The decorations are numerous and handsome, but it looks now as though there will be rain upon them soon. Some of them will get wet on Thursday night, at all events.

This is the 41st anniversary of the big snow storm that visited this section on April 15th, 1849, and killed all of the bugs which had been playing hayoo with the turpentine trees.

There will be a full dress inspection of the Wilmington Light Infantry, Capt. W. R. Kenan commanding, to night at a quarter past eight o'clock, on Front and Market streets.

A fine large window glass, for one of the front windows of Messrs. W. E. Springer & Co.'s hardware house on North Front street, was unfortunately broken this morning, while being placed in position.

Mr. Joe Ramsden has leased the saloon privileges at the Stokley place, on Wrightsville Sound, and will hereafter keep there a fine assortment of the best of everything, which he will sell at city prices.

Mr. J. T. Collins, of Burgaw, brought down a lot of beef cattle to the market to day. We are glad of it for some of us haven't tasted fresh beef in weeks. With some people it is a physical impossibility to eat the Kansas meat.

Mr. J. A. Brown, lessee of the hotel at the Hammocks, has returned from a business visit to Charlotte. He thinks that that section will send down a large contingent of visitors to the seaside this Summer and seems greatly cheered by the outlook.

Rev. W. B. Oliver is still preaching to large congregations in the First Baptist Church and there is considerable interest manifested. Three services will be held each day during the remainder of the week—prayer meeting at 7 a. m. and preaching at 4 p. m. and 8 p. m.

The stereopticon entertainment at the Opera House to morrow night ought to draw a large house and it probably will. The scenes are very fine and the next best thing to making the trip actually is to see the scenes and hear the descriptions. The box sheet is at Yates'.

Mr. Horace A. Bagg, Chairman of the Board of County Commissioners, advertises that sealed proposals will be received at the office of the Board until May 5th, 1890, at 12 o'clock, for the building of a county poor house, hospital and insane department and other buildings. Plans and specifications are now ready for inspection.

The bock beer was distributed to-day by the Portner beer wagons. The orders were large and the wagons have been all day busy in making deliveries. The universal sentiment seems to be that it is by a long odds the best bock beer ever placed on this market. The season is a short one, continuing only a week.

A Pleasing Sense

Not to Close.  
We are glad to learn that the Orton House is not to be closed during the Summer months but will be kept continuously open. This conclusion was arrived at last night. We applied yesterday morning for information on the subject and were told that no positive determination had yet been arrived at. The Orton, under its present management, has an excellent and a wide-spread reputation and attracts many tourists. Two first-class hotels are not by any means too many for Wilmington.

Delegates to Convention.  
The following delegates and alternates have been elected by the Episcopal churches in this city to the Diocesan Council, which convenes in Greenville on the 14th of May:

St. James'—Dr. A. J. DeRosset, Col. John W. Atkinson, Col. W. L. DeRosset and William Calder, delegates; and Hon. A. M. Waddell, Norwood Giles, Col. T. W. Strange and T. D. Meares, alternates.

St. John's Church—Dr. W. H. Green, H. G. Smallbones, Gabriel Holmes and Berry Gleeves, delegates; and R. E. Heide, Dr. W. W. Harris, Washington Catlett and Jas. D. Nutt, alternates.

St. Paul's and St. Mark's Churches have not yet chosen delegates.

Catarrh.  
Catarrh is a most disgusting ailment and yet many unnecessarily suffer with the disease. They will try local applications, which do no good whatever, but fail to try such constitutional treatment as is afforded by a use of E. H. B. (Botanic Blood Balm), which removes the mucous poison in the blood and thus eradicates the cause of the disease.

N. C. Edwards, Laupassas Springs, Tex., writes: "I was greatly annoyed with catarrh which impaired my general health. The discharge from my nose was very offensive, and I used various advertised remedies without benefit until finally the use of E. H. B. entirely cured me. I am proud to recommend a blood remedy with such powerful curative virtue."

B. C. Kinard & Son, Towaliga, Ga., write: "We induced a neighbor to try E. H. B. for catarrh, which he thought incurable as it had resisted all treatment. It delighted him and continuing its use he was cured sound and well."

Every One Will Decorate.
