The first Legislature of Washing-  
ton left the State to foot up bills of  
\$1,000,000 and over.

Spokane Falls, Wash., is growing  
so fast that the brickyards are un-  
able to supply the material for new  
buildings as fast as it is needed.

Two Russian climbers of Mount  
Ararat found in perfect preserva-  
tion a minimum thermometer,  
which was left there last year. It  
registered 50° below zero.

At the late session of the United  
Presbyterian Church at Albany, Ore-  
gon, a vote was taken on the ques-  
tion of using tobacco, and the oppo-  
sition won by one vote.

According to a recent report made  
by the commissioners who exam-  
ined the workings of the miuts of  
the United States, the one at Car-  
son City, Nevada, does the best work  
as to fineness and weight.

The heliograph is used to flash  
signals between stations in New  
Mexico and Arizona that are seven-  
ty-five miles apart. Experiments  
will soon be made to test the power  
of the instrument to a distance of  
one hundred miles.

An extraordinary feat in tele-  
phoning was recently accomplished  
between St. Petersburg and Bolo-  
gna, a distance of 2,465 miles. Con-  
versation was kept up, notwith-  
standing a rather high induction.  
The Russian engineers propose to  
converse by telephone over a dis-  
tance of 4,065 miles.

The Orel, a new twin screw steam-  
er built in England for the "Russian  
volunteer fleet," or merchant ships  
liable to military requirements, is  
among the fastest ships afloat. She  
is 425 feet long by 48 feet beam, and  
with 9,000 horse power and natural  
draught she shows a speed of 19.1,  
and 20.25 knots with forced draught.

James Hines took up a "squat  
claim" in Arkansas. He was warned  
off, but decided not to go, and held  
out for three years. During that  
time he was shot at thirty-three  
times, wounded four times, had his  
cabin set on fire twice, his wife was  
driven to suicide and his boy ran  
away, and at last the man grew  
weary and hanged himself.

New York real estate in favored  
localities seems to bring whatever  
price is asked for it. A lot at 204  
5th avenue 30 by 101 feet and cov-  
ered with an unpretentious four story  
brownstone front sold last Thurs-  
day for \$330,441. This was at the  
rate of over \$11,000 a front foot or  
\$119 a square foot, the highest price  
ever paid in New York for property  
similarly situated.

James Pollock, ex-Governor of  
Pennsylvania, who died at Lock  
Haven Saturday, was the first man  
to urge Congress, of which he was a  
member forty years ago, to build a  
Pacific railway. He predicted in  
1848 that a railroad uniting New  
York and San Francisco would be  
built within twenty-five years. The  
road was finished in 1869 and Mr.  
Pollock passed over it two years  
later and an ovation was given him  
in San Francisco as the prophet of  
the Pacific Railroad.

For bracing up the nerves, puri-  
fying the blood and curing sick  
headache and dyspepsia, there is  
nothing equal to Hood's Sarsaparilla.

comed. Seats free.

Col. Waddell's Book.

We have read with a great deal  
of interest and pleasure Hon. A. M.  
Waddell's delightful book, "A Col-  
onial Officer and His Times." It is  
ostensibly a biographical sketch of  
the author's distinguished ancestor,  
Gen. Hugh Waddell, who with Col.  
John Ashe headed the movement  
which so successfully opposed the  
landing of the stamps at Brunswick  
in 1765, but in reality the author has  
taken a wider scope and has given  
us the clearest, most compre-  
hensive and most accurate sketch of  
the period extending from 1754 to  
1773, on the Cape Fear, that has yet  
been published. It has been a her-  
culean labor, however, for the re-  
cords are very scant and the work of  
research has necessarily been very  
great. Those who take any pride  
and interest in the history of their  
own people, the pioneers of the Cape  
Fear section, will appreciate Col.  
Waddell's labor of love and the suc-  
cess which has crowned his efforts.

In a general way many have  
heard of the patriotism of the old  
settlers, of the refinement and hos-  
pitality of the Cape Fear people, of  
the battle of Alamance and the  
causes which led thereto, of old  
King Roger Moore and his fight  
with the Indians at Sugar Loaf and  
of other matters of interest in the  
early days but few have had these  
things set forth before them clearly  
and concisely. This Col. Waddell  
has done and not only this but he  
has told us some things that we have  
never before heard of. He has also  
been careful to give the correct  
names and dates, something which  
previous collaborators have been  
rather careless about.

Altogether Col. Waddell has given  
us a delightful book and one not  
only pleasant to read but valuable  
for preservation and reference. It  
is to be hoped that his facile pen  
will not rest with this achievement  
but that he will favor us with others  
in the same line. It is an interesting  
field, albeit a difficult one, full of  
traditions of a heroic past but with  
reliable historical data most difficult  
of attainment.

The Deaf Hear.

That sounds miraculous, and yet  
one may become temporarily deaf  
on account of blood poisoning set-  
tling in the ear, and then find quick relief  
by using B. B. B. (Botanic Blood  
Balm).

John W. Weeks, Decatur, Ga.,  
writes: "Six months ago I had a  
pain in my ear and in a few days it  
discharged matter. Then I grew  
deaf and could not hear at all. I be-  
gan the use of B. B. B. and the run-  
ning of my ear soon ceased and I  
now hear, while my health is much  
improved and I feel full of gratitude  
to God and to the proprietors of so  
good a remedy."

S. M. Ellis, Atlanta, Ga., writes:  
"B. B. B. cured me of most stub-  
born eczema. I had doctored it  
without success for twelve years."  
W. H. Davis, San Marcos, Texas,  
writes: "I am rapidly recovering  
from blood poisoning by use of B. B. B."

Last Night's Concert.

The large audience at Luther Mem-  
orial Building last night were de-  
lightfully entertained by the varied  
and excellent programme of fine  
music given for the occasion. The  
vocal part of the programme con-  
sisted of a duet by Misses Annie  
and Katie Stoller, which was sung  
with fine effect; solo by Miss Ziegler,  
"The Lighthouse by the Sea," a fine  
song and finely rendered, and three  
solos by Miss Minnie Schwarz, all of  
which were given with the skill and  
taste of this young and charming  
vocalist. The instrumental part was  
a piano duet by Miss Eliza Adrian  
and Prof. Huegelet; piano solo by  
Prof. Huegelet; several selections by  
the Germania Cornet Band, and sev-  
eral violin solos by Prof. Ortman.  
Miss Adrian is a truly accomplished  
musician and one among the very  
best amateur pianists in the city.  
Her technique and phrasing were  
excellent. Prof. Huegelet played a  
solo waltz of his own composition  
which we are constrained to say did  
not favorably impress us, and which  
certainly gave him but meagre op-  
portunity to display to the best ad-  
vantage the skill as a pianist he  
undoubtedly possesses. The selec-  
tions by the Germania Band were  
good and, under the direction of  
Prof. Herndon, were given with ex-  
quisite taste; the parts evenly bal-  
anced and the execution first rate.

The great instrumental event of  
the evening, however, was the violin  
solo of Prof. Ortman. He is an  
artist in every sense of the term, ca-  
pable of developing all the grand  
possibilities of the instrument. It  
was a delight—aye, a rich and rare  
treat to listen to the gloriously  
sweet, pure and rich tones which he  
produced, seeming as if the violin  
itself was inspired.

Taken as a whole it was a most  
charming entertainment which was  
highly appreciated by every person  
present.

Highly Sensational.

We find the following highly sen-  
sational account in yesterday's issue  
of the Savannah News and we pub-  
lish it without comment, as we  
know nothing of the facts in the  
case:

FERNANDINA, FLA., April 24.—In  
this city, at the residence of the  
groom yesterday morning, Mrs.  
Thorppe, daughter of Col. E. R.  
Brink, formerly of Wilmington, N.  
C., was married to George R. Hub-  
by, a member of the City Council  
and agent for the Mallory Steamship  
line.

Mrs. Thorppe says that during a  
ride yesterday morning with Mr.  
Hubby, he drew a pistol and threat-  
ened to shoot her if she did not at  
once consent to be married to him,  
and after obliging her to consent, he  
said he would shoot her at the altar  
if she made any resistance or refused  
to go on with the ceremony. He  
then drove to his residence on Sev-  
enth street, and sent for Rev. Mr.  
Cross to come and unite them. Mr.  
Cross went as requested and was  
met by Mr. Hubby who handed him  
a license in due form, which Mr. C.  
examined, and finding correct, he  
proceeded with the ceremony.

During this time Mrs. Thorppe sat  
on a lounge with her head resting  
on her hand and apparently in deep  
meditation, but she stood up at the  
request of Mr. Cross and made the  
response of the Episcopal cere-  
mony without any sign of dis-  
turbance till after the ring was  
to be placed on her finger, when  
she fainted. Mr. Hubby placed his  
arm around her and adjusted the  
ring laid her on the lounge and then  
told Mr. Cross that the marriage was  
against the wishes of her parents, Col.  
and Mrs. E. R. Brink. Soon after the  
ceremony Mr. Hubby went over to the  
Egmont Hotel and informed Mr. and  
Mrs. Brink of the affair.

Later in the day, while Mr. Hub-  
by was away, Mrs. Thorppe suc-  
ceeded in getting from the house and  
reaching the rooms of her parents,  
when she informed them of the  
means taken to induce her to marry  
Mr. Hubby. She was then seized  
with mental and physical prostra-  
tion, necessitating medical attention.  
Last night an application was made  
to County Judge Schuyler for a  
peace warrant against Mr. Hubby,  
but nothing further has been done  
in the matter up to tonight. Mrs.  
Thorppe remains with her parents at  
the Egmont Hotel, and Mr. Hubby  
makes no public explanation of the  
matter.
