

THE DAILY REVIEW

VOL. XIV. WILMINGTON, N. C. WEDNESDAY, APRIL 30, 1890. NO 116.

There is some talk in New York of abandoning the electric lights and going back to gas.

Dr. Joseph Jones, of New Orleans, is collecting material for a Confederate medical and surgical history of the war. It will be a collection of hospital records.

A letter of Lamb's, in which he said: "I am recovering, God be praised for it, a healthiness of mind something like calmness, but I want more religion," brought \$95 at a late in London.

Mr. Viliard says that in the next four years the Northern Pacific will expend \$60,000,000 in the Northwest, chiefly in Montana and Washington, and will have 3,500 miles of road in operation.

The Kansas crop report for 1889 shows that the product is worth \$105,000,000; or twice the value of the product in 1879 or 1880, and one-half the value of the farms by the last census.

A corn starch trust has been formed. Nineteen factories are in it. The capital is fixed at \$10,000,000. Dividends will be regulated by the tariff limit of 2 cents a pound on imported starch. There is no change made in the tariff on starch in the McKinley bill.

Charles Theodore, Duke of Bavaria, besides surgically treating thousands of poor patients gratis, spends about \$50,000 a year in maintaining his free dispensaries and hospitals. He has no private fortune, but is dependent upon his annuity from the Bavarian Crown.

The Republicans, in the last campaign, pledged themselves to a reduction of letter postage from two cents to one cent. Instead, Mr. Wanamaker has reduced the size of the postage stamp nearly one-half. This is a specimen of Republican campaign promises and the way they are carried out.

A ministerial career of nearly fifty years ended at Macon, Ga., recently in the death of the Rev. W. H. McIntosh at the age of 79. He had held charges in many of the most prominent Baptist churches of the South, and for years was secretary and then president of the Southern Baptist Convention Home Mission Board.

It is estimated that, although there are over 100,000 telephone lines in the city of New York, there are probably a million people living there who have never yet talked over a telephone. The long-distance telephone service has been made very efficient, as may be gathered from the fact that the roar of Niagara Falls can now be distinctly heard in the city over its lines.

Even the devil is not so black as he is painted—sometimes. John Wanamaker, P. M. G. on being asked what position his department would assume toward its employees as to participation in political matters, declared that President Cleveland's circular letter on that subject was exactly to the point and that the postoffice employees should be governed by it. Mr. Wanamaker honored himself in this matter.

According to a Washington City special in the New York Star, our friends the enemy are credited with a very pretty scheme for retaining the hold they have now got in the Senate and the House. They are to raid the South. This means that the Hoar bill is to be rushed through the Senate and then sent over to the House and counted in there. They realize the inevitable fact that they will lose members in the East, notably in New England, and the scheme is to make up this loss in the South. There is one district in Florida they feel sure of, two in Louisiana, three in Mississippi, two in Alabama, three in South Carolina and "great possibilities," as it is put, in North Carolina and elsewhere. We should smile! It will take a little more shrewdness and rascality than has yet been displayed by Mr. Reed and his subservient tools to carry out the programme. The delegation from South Carolina is solidly Democratic and it will remain so despite all of the Federal election laws in the world. They know a thing or two over there that Reed and Hoar have yet to learn. And the same night

be said of Florida, Alabama, Louisiana and Mississippi. In North Carolina we were caught napping last time and the Republicans gained two Congressmen on us, making their delegation three from this State. This will be rectified next Fall. We'll take back two of the three and we may perhaps get the third also. This latter is the Black District and if the negroes in this State antagonize the Administration as they threaten now to do we may send a solid delegation to Washington City this Fall.

Church in this city and Mr. F. E. Hashagen is the alternate.

There is already a handsome display of bunting and evergreens there and others, and the floral adornments, will be put in to-morrow.

Mr. James Sprunt has offered the ladies the use of his steam yacht, the *Marie* and the *Lawrence*, for moonlight excursions around the harbor should they deem it desirable to try something of this kind.

Lung Troubles, Rheumatism, Etc.
Frequently a person is supposed to have consumption when it is some other disease altogether that is reducing his flesh and making him look pale and thin.
J. W. Yates, Tallahoma, Tenn., writes: "It does me good to praise Botanic Blood Balm. It cured me of an abscess on the lungs and asthma that troubled me two years and that other remedies failed to benefit."
So you see it is sometimes well to remedy is so good as B. B. B. (Botanic Blood Balm) for rebuilding wasted tissue, and giving health to every portion of the system reached by that great circulating stream of life, the human blood. Again, it is often supposed that colds and exposure are the only causes of sciatica, rheumatism, etc. Such is not always the case. It is frequently caused by impurities in the blood.
Wm. Price, Luttsville, Mo., writes: "I was afflicted with sciatica and had lost the use of one arm and one leg for nine years. I went to Hot Springs and also tried different doctors, but found no cure until I tried Botanic Blood Balm. It made me sound and well. I am well known in this vicinity."

Observe, even when the renowned Hot Springs failed, B. B. B. brought relief. Remember, no matter what blood remedy you have tried or intend to try, B. B. B. is the only one that will give you complete satisfaction.

Refreshing and Invigorating
Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Forest Fruit Syrup, Milk Shakes and Natural Mineral Water.

The Lutheran Synod.

The 87th convention of the Evangelical Lutheran Synod of North Carolina will be held in St. Luke's Church, near Lexington, Davidson county, beginning next Friday morning at 10 o'clock. The opening sermon will be preached by the retiring President, Rev. F. W. E. Peschau.

Many members have been recently added to the Lutheran churches in this State, as the following will show: To St. Mark's Church, Charlotte, 12; to St. James', Concord, 30; to St. Enoch's, Enochville, 21; to St. John's, Salisbury, 17; to St. Stephen's Charge, Gold Hill, 30; to St. Paul's, Wilmington, 31.

Missions have been started in the last two months in Concord and Wilmington, and are very promising. The Lutheran Church is steadily growing and the report of the next Synod from all the pastors will no doubt be good.

The Last Enemy.
The remains of the lamented H. H. Gieschen were tenderly laid away to rest to-day in Oakdale Cemetery. The funeral cortege formed at the house and wended its way to St. Paul's Lutheran Church where the impressive ceremonies were pronounced most feelingly by the pastor of the church, Rev. F. W. E. Peschau. From the church the procession moved its way to Oakdale where the body was laid away until the last enemy shall have been conquered and the grave shall yield its victory.

The funeral cortege was a lengthy one. It was led by the Germania Cornet Band, of which deceased was a charter member, and it was attended by the members of Howard Relief Fire Engine Co. No. 1, of which he was Foreman, Germania Lodge No. 4, K. of P., the Christian Association of St. Paul's Church, the two other lodges of Knights of Pythias in this city, His Honor the Mayor, the Fire Committee of the Board of Aldermen, Assistant Chief Cazaux, and delegations from all arm of the Fire Department. In addition to these there was a large concourse of citizens. The pall-bearers were Messrs. A. Adrian, J. G. Oldenbittel, H. Boesch, H. L. Vollers, P. Fick, M. Bremer, William Otersen and C. W. Polvoght.

Not the State This Time.
Yesterday's Raleigh News and Observer says that "Col. R. M. Evans, Congressman Reburn's representative, has returned to the city from Philadelphia where he met Mr. Reburn. He is here in the interest of another important purchase of land in Eastern North Carolina contemplated by Mr. Reburn. He has taken an option on Smith's Island, at the mouth of the Cape Fear river, twenty eight miles from Wilmington, and opposite Southport, and known as Bald Head Island. The island is owned by the State. It has a driving beach of thirteen miles, and contains three or four thousand acres of live oaks and palmettoes. It also has an unbroken front of twenty-three miles of oysters. The island is well adapted for a hotel and summer resort, and Mr. Reburn proposes to build an elegant hotel there, and lay out the island into town lots, making a pleasure resort and watering place similar to Atlantic City or Cape May. It will also be connected with a main land light-house is situated on this island."

There is one important mistake here. Smith's Island does not belong to the State and is therefore to be sold and not given away to the first man who comes along and ehinks a handful of dollars in his pocket. There is no dollar an acre in this business and perhaps for no other reason in the world than that it is private and not public property. Smith's Island is one of the most valuable pieces of property on the Southern coast and is really worth more money than is asked for it.
