It is rumored in Buffalo that John D. Rockefeller is in negotiation for a valuable piece of land upon which to build a theatre and music hall.
Chief Justice Fuller made his first public speech at a Pierce and King meeting in Augusta, Me., in 1852. His moustache wasn't famous in those days.

Gen. B. F. Stringfellow, of Chicago, arrived in San Francisco last week, having just returned from a trip around the world. Although 75 years of age, he has made the journey around the globe alone.

The pet names of the four baby States are as follows: North Dakota is the "Flicker-Tail State," South Dakota is the "Swing-Cat State," Washington is the "Chinook State," and Montana is the "Stubbed-Toe State."

Nineteen corn starch factories have united in a trust and fixed their capital at \$10,000,000—more than \$500,000 apiece. It is probable that their plants did not cost one quarter of that sum, but, guarded by the tariff, they will doubtless be able to collect from the people a large return on their watered stock.

Mr. Stilson Hutchins, who was reported to have died at a hotel in New York, Friday, told how the story got afloat. It arose through the mistake of a telegraph operator, who sent a message to Brooklyn Friday, in answer to an inquiry, saying that "Mr. Hutchins died here last night," instead of "Mr. Hutchins died here last night."

According to the laws of Italy fathers are responsible for their sons' return when they leave the country, and should they not return to do the military duty required of them, are put in prison. A young Italian, who had been living in Walsboro, Maine, returned to his native land last week to save his father from a term of imprisonment.

Mr. Cleveland's example of locating and practicing law in New York is to be imitated by another famous man. Ex-Governor Waller, of Connecticut, ex-Consul General at London, has opened a law office there. The ex-Governor years ago was a New York newsboy, and now his friends are talking about him as a possible candidate for President.

According to the New York *Star* Boss Quay has got a sure thing this time. It is rumored that in making up the census returns in the South enough colored people are to be left out to reduce the Congressional representation. This is a silly idea for the simple reason that it will not work, because nobody would be fool enough to undertake such a thing. But there is no doubt that the revolutionists are scheming to retain control of both houses of Congress at any and every cost.

The Washington correspondent of the *Dry Goods Economist* states that it was the purpose of the Ways and Means Committee in framing the tariff "to make the duty on wools, woollens, cotton fabrics, silk fabrics, hosiery and all sorts of wearing apparel practically prohibitory, and they think the duties as fixed will accomplish this purpose." Just so. Foreign competition is to be shut out in order that the home producers, combined into trusts, may plunder the people at their leisure. The foreigner is a dreadful fellow for selling things at prices somewhere near cost. He must be kept out.

There is danger in impure blood. There is safety in taking Hood's Sarsaparilla, the great blood purifier. 100 doses one dollar.

The oyster roast and ice cream festival, gotten up by the ladies of Brooklyn Baptist Church, at the corner of Sixth and Bladen streets, last night, was a complete success, both socially and financially. There was a large attendance of young ladies and gentlemen, and we are glad to learn the net receipts amounted to about \$40.

Raleigh News and Observer: We had a pleasant call yesterday from Mr. F. W. Kerchner, of the Wilmington Chamber of Commerce, who was one of the guests of the Chamber of Commerce banquet. The soul of hospitality himself at his own home, Mr. Kerchner always finds a host of friends wherever he goes, and Raleigh would be glad to see him more frequently.

The Season Has Opened.
The *Passport* took down a large passenger list yesterday. Part got off at Harper's Pier and took the train for Carolina Beach, part went on to the Rocks for a day's fishing, others went to Southport and still others went on to Fort Caswell. It was decidedly the largest crowd carried down the river this season, excepting, of course, the C. F. & Y. V. excursionists.

The General Conference.
The General Conference of the M. E. Church, South, convenes on Wednesday next, May 7th, in the city of St. Louis, Mo. The North Carolina delegation will be the largest in the body. The clerical members will be Rev. Messrs. Brooks, Reid, Sharpe, Cunningham, Black, Hudson, Mann and Swindell. Lay delegates—Messrs. Bain, Dixon, Carr, Odell, Tillet, Odell, Nicholson and Mauney.

Acknowledgment.
Rev. L. T. Christmas, Pastor of the Central Baptist Church, sends in a note of acknowledgment for publication in which he says: "The Central Baptist Church is much encouraged at the success thus far in raising the much needed sum of \$500 for roofing the new church and offers many sincere thanks to those who have already so generously helped us. We are much indebted to the *Star*, *Review* and *Messenger* and the *Afro-American Presbyterian* for their kind words. By the help of God we hope soon to be able to report that the entire amount has been secured. We earnestly appeal to others for their charitable aid."

Beautiful Butterflies.
Opening of the W. L. I. Festival Last Night—A Brilliant Display—The Largest and Handsomest Military Festival Ever Given in North Carolina.

We have always been proud of our girls and of our boys—of the latter mostly when in uniform—and when these two prides combine to make one grand and harmonious whole the effect is unusually inspiring. Such was the case at the Wilmington Light Infantry Festival last night. The boys looked as martial as possible and the girls as lovely as they could. These latter got themselves up in military style also. They could not wear the uniforms, it is true, but they could and did bare arms, and it is needless to say that they were beautifully handled.

The large hall was not crowded, for it would take 10,000 people to fill it, but the attendance was very large and the receipts were gratifying. The adornments were in exquisite taste and showed what an immense amount of labor and skill and care the ladies had given to it. The general sentiment was that it was the most beautifully decorated festival room that any one had ever seen in the borders of the Old North State.

The fair was opened by the appearance of the W. L. I. in full uniform, 44 strong, rank and file. They halted in the long hall, opened ranks and presented arms and then forty young ladies passed through in the grand butterfly march. Mr. Berry Gleaves, Master of Ceremonies, then announced that the Festival would be dedicated with prayer by Rev. Dr. Carmichael, "Chaplain of the Second Regiment, N. C. S. G." At the conclusion of the prayer Col. W. C. Jones, of the Second Regiment, made a brief and felicitous address and then all were free to follow the bent of their own inclinations in the matter of enjoyment. The various departments were visited and inspected, the art gallery coming in for a large share of attention, and a statuary exhibition, given in an adjoining hall, attracted a large crowd.

The hall has been kept open all day. Dinner was served there, from 12 to 3 o'clock, and a very tempting feast was spread and there will be supper to night for all who may desire it. There will be a fan drill to night and the W. L. I. will practice in the sword drill.

Forecasts.
For North Carolina, fair weather, except preceded by occasional rains on the coast and warmer on Saturday. Local forecasts, from 8 a. m., for Wilmington and vicinity, fair weather.
From the City to the Sea.
The Southport *Leader* says that a few days ago a vessel drawing 17 feet, 11 inches, passed out to sea, on a neap tide, without a sign of the bottom having been touched. It is probable, we think, that there was nearly two feet of clear water between her keel and the sand. In this connection we are reminded that 25 feet of water, from the city to the sea, is now the aim of the U. S. Engineers. It can be accomplished, and it will be accomplished, and that in a few years, provided the appropriations continue to be made. Twenty years ago we had but 12 feet on the bar at high tide, with about the same amount at New Inlet.

Lung Troubles, Rheumatism, Etc.
Frequently a person is supposed to have consumption when it is some other disease altogether that is reducing his flesh and making him look pale and thin.
J. W. Yates, Tallahassee, Tenn., writes: "It does me good to praise Botanic Blood Balm. It cured me of an abscess on the lungs and asthma that troubled me two years and that other remedies failed to benefit."
So you see it is sometimes well to try constitutional treatment. No remedy is so good as B. B. B. (Botanic Blood Balm) for rebuilding wasted tissue, and giving health to every portion of the system reached by that great circulating stream of life, the human blood. Again, it is often supposed that colds and exposure are the only causes of sciatica, rheumatism, etc. Such is not always the case. It is frequently caused by impurities in the blood.
Wm. Price, Lottsville, Mo., writes: "I was afflicted with sciatica and had lost the use of one arm and one leg for nine years. I went to Hot Springs and also tried different doctors, but found no cure until I tried Botanic Blood Balm. It made me sound and well. I am well known in this vicinity."
Observe, even when the renowned Hot Springs failed, B. B. B. brought relief. Remember, no matter what blood remedy you have tried or intend to try, B. B. B. is the only one that will give you complete satisfaction.
