JOSH. T. JAMES, Editor & Prop'r. WILMINGTON, N. C.

SATURDAY, MAY 3, 1890.

Entered at the Postoffice at Wilmington, N.C. as second-class matter.

THE CLIMAX OF GERRYMANDERING The admirable speech of Congressman Springer on the bill to admit Idaho ought to be widely read. It shows, says the Washington Demounder its present constitution the Republican House of Representatives has given its sanction to a scheme of gerrymandering so gross as to almost transcend belief. The Idaho statesmen have invented a system of cumulative gerrymandering which allows one man to vote in three districts at the same election The parties are not very unequally divided in Idaho. Dubois, Republican delegate at the last election, got 8,151 votes; Hawley, the Democratic candidate, got 6,404 votes, and Buck, Independent, representing the peo ple who want a part of Idaho annexed to Washington, got 1,458. Yet the Idaho Senate, under the constitutional apportionment, would certain 15 Republicans and 3 Democrats, and the House would contain 31 Re-

publicans and 5 Democrats.

The method by which this is to be accomplished is certainly unique. The second Senatorial district is to consist of Kootenai and Latah counties, the fourth, of Nez Perces and Latah, and the fifth of Latah alone. The voters of Latah county are the same time voters in three Senatorial Districts. Nez Perces, besides being in the fourth district with Latah, is in the third district with Idaho, so that the voters in Nez Perces are voters in two different districts. Bingham alone is the tenth district, and with Bear Lake and Oneida constitutes the eleventh and lung diseases, take Lemon Hot district. The same extraordinary Drops. arrangement prevails in the Representative districts. Ada county constitutes the first district, Elmore is the ninth, and Ada and Elmore are the second. Kootenai is the twelfth, Latah is the thirteenth, and Kootenai and Latali together are the fourteenth. Logan is the fifteenth as is the third, and Bingham, Logan and Alturas constitute the twenty second. Idaho is the tenth, NezPerces is the seventeenth, and Idaho and Nez Perces are eleventh. Among the results of this preposterous arrangement Mr. Springer points out the following:

"There were 8,151 votes cast for the Republican candidate for delegate in 1888 and 6,404 votes for the Democratic candidate. The 8,151 causes painful running sores on the arms, Republican votes will be represent- legs, or feet; which developes ulcers in the ed in the Senate by fifteen Senators, one Senator for every 543 Republican votes; and every 263 Republican | cerous growths, or the many other manifestavotes will be represented by one Representative. But the 6,404 voters will be represented by only and death. Being the most ancient, it is the three Senators and five Representatives; that is, it will require 2,168 very few persons are entirely free from it. Democrats to elect one Senator and 1,280 Democrats to elect one Representative. In Shoshone county, which is Republican, with a population of 9,500, four members are allowed by this apportionment in the House of Representatives. In Democratic Bear Lake, with 5,900 population, only one member is allowed. In Democratic Cassia, with a population of 4,500, only one member is scrofula, be sure to try Hood's Sarsaparilla. allowed, or two members for a Democratic population of 10,400, while ulous sore neck from the time she was 22 months Shoshone county, with 9,500, or 900 old till she became six years of age. Lumps less, has four Representatives in the formed in her neck, and one of them after Legislature. And in Republican growing to the size of a pigeon's egg, became Custer, with a population of 4,900, two members are allowed, while in Democratic Bear Lake, with 5,900 all indications of scrofula entirely disonly one member is allowed. Although Bear Lake has a thousand child." J. S. CARLILE, Nauright, N. J. more population than Republican Custer it has only one Representative in the Legislature. Republican Lembi, with a population of 5,500, has two members. It has a population of 400 less than Democratic It numbers among its correspondents many Bear Lake, and yet it has one Representative more in the Legislature.

Under the Wyoming Constitution the gerrymandering is almost as bad, but it is done in the simple old geographical style the Republicans of Ohio have practiced so long. The The Paper for the People, Idaho cumulative districting is not resorted to. At the last election of 451, and Organ, Democrat, 7,557 Wilmington Seacoast R.R. the Constitution of the proposed State of Wyoming provides for fourteen Republicans and two Democrats in the Senate, and twenty-nine Republicans and four Democrats in the House.
