

THE DAILY REVIEW.

VOL. XIV.

WILMINGTON, N. C. WEDNESDAY, MAY 7, 1890.

NO 122.

PLEASE NOTICE
We will be glad to receive communications from our friends on any and all subjects of general interest, but
The name of the writer must always be furnished to the Editor.
Communications must be written on one side of the paper.
Personalities must be avoided.
And it is especially and particularly understood that the Editor does not always endorse the views of correspondents unless so in the editorial columns.

In the past eighteen years tramps have cost Franklin county, Pa., \$125,000.

The Canadian Labor Unions have recommended the Government to establish a scheme of compulsory insurance for the working classes.

Sir Arthur Sullivan, the composer, is hard at work upon the score of a grand opera, which is to be produced in London next November.

Field Marshal Halstead, in talking about his removal from Cincinnati to Brooklyn, fails to inform the public as to the bearing the ballot box forgery had on the change. That forgery undoubtedly killed Foraker and crippled Halstead.

Not less than fifteen parishes, or one-fourth of the State of Louisiana, is affected by the present flood, and the damage is almost incalculable. In 1882 it is estimated that the loss was \$15,000,000. It will probably exceed half that amount this year.

"There are sixteen colored jockeys in this country," muses the New York Independent out loud, "who receive from \$2,500 to \$8,000 a year. There is not a colored minister in the country, bishops or pastors, who receive as much as the least expert of these jockeys."

Marshal MacMahon is in favor of retaining the red trousers of the French soldiers. He says that the fuss made about them is altogether too great, because future fighting must be at long range, and red is a color which is lost sight of at a comparatively short distance.

The change of the great dry goods house of H. B. Claffen & Co., of New York, into a stock company is an interesting development of the tendency of the times. The firm has been highly prosperous and is said to have done a business of \$38,000,000 a year; but the partners in the firm were willing to realize their prospective profits, and the stock company is the result.

The Republican Anti-Prohibitionists, or Resubmissionists, of Kansas are making overtures to the Democrats for a united State ticket this fall, the former to name the candidate for Governor. In Nebraska a division threatens the Republican party over the railroad and anti-monopoly issues. Ex-Senator Van Wyck heading a bolt which is expected to draw the Farmers' Alliance and Democrats in its train.

A Russian scientist has during the last year been making a series of observations with the object of ascertaining the number of calories which the sun puts at our disposal. The result of these experiments is that 63 per cent. of the solar heat is absorbed by the atmosphere, and only 36 per cent. reaches the soil. This figure rises in October to 41 per cent., and sinks to 28 per cent. in January and February. These results go to seriously shake the belief in the industrial utilization of the heat of the sun in our climes.

The money spent for fetes, carriage hire, printing, and "indemnities" at the Hotel de Ville in Paris is said to be just five times that of the days of the Empire. The number of sinecures has been nearly trebled to find places for friends of the higher officers. The last ball of the Hotel de Ville was to have cost 140,000 francs, and the expenditures really being 19,000 francs less, the surplus was divided up among the employees. An investigation may soon be expected.

Congressman Bunn's constituents up in the Raleigh district (or some of them) want a few plain answers to a few plain questions. These questions are four in number and are as follows:

Are you in favor of the bill introduced by Senator Vance in the United States Senate, known as the "Sub-Treasury Bill," for the relief of the agriculturists?
Do you oppose the present national banking system?
Are you in favor of the free and unlimited coinage of silver?
Are you in favor of a railroad commission for the regulation of freights and tariffs on the railroads in North Carolina?

"Why doesn't he take Hood's Sarsaparilla?" is the general inquiry of friends when a person suffers from any disease of the blood.

The statistics of divorce gathered last year in Massachusetts by the labor commissioners show that the great majority of the divorces were obtained by wives.

The month of May promises to be epoch-making in labor circles. Indications, the world over, point to a concerted movement on the part of labor to secure better pay and shorter hours.

The new rifle with which the German army is now being armed is the third which has been adopted by the sages at Berlin since the summer of 1871, and each change has involved an expenditure of 110,000,000 marks.

Indiana now has a State organization of the Farmers' Alliance, which, after absorbing various minor agricultural societies, will have about one hundred thousand members. They have seen the time when the party ticket was swallowed whole without reference to the mental or moral standing of the candidates. But now they propose "to vote for Katie and the baby."

The Rev. William Barnes, who preached the funeral sermon of Daniel Webster, died in Jacksonville, Ill., on Friday last. He was a Presbyterian divine. Mr. Barnes was born in Ohio in 1816, and was a Harvard graduate in the same class that numbered among its members Charles Sumner and Edward Everett. He was pastor of a church in Boston when Webster died.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS
C W YATES—CROQUET SETS, etc
GEO R FRENCH & SONS—Boots and Shoes
For other local see fourth page.

Warren's Ice Cream Parlor open till 10 p. m.

The high winds of the past day or two have had a depressing effect on the fish market.

Tree trunks in front of the City Hall and the Opera House have been treated to a liberal dose of whitewash.

Rubber Hose, Lawn Mowers and Rakes of the latest and most improved makes are sold by the N. Jacobi Hdw. Co.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

We are sorry to learn that Mr. John McRae, who has been quite sick for some time past with the typhoid fever, is reported as not so well to day.

Ask for "Our Old Chief." This new and improved Wamsutta Shirt is now ready and for sale at our Shirt Factory only, at 75c. 122 Market St., J. Elsbach, prop.

Don't forget the excursion of the Ladies' Aid Society of Fifth Street M. E. Church to Carolina Beach tomorrow. The *Sylvan Grove* will leave her wharf here at 9.30 a. m.

The wind got around to the Northwest last night and blankets were again comfortable this morning. It veered during the forenoon to the Southwest but the atmosphere did not get much warmer.

At a meeting of the Ladies' Memorial Association, held yesterday afternoon, it was decided to hold the Memorial services on Wednesday next, instead of Saturday, the 10th, this day being in many ways inconvenient.

The Criminal Court for New Hanover county, which convenes Monday, the 19th inst., will hold a term of one week only. All persons drawn and summoned as jurors are required to be present on Monday, the 10th.

Farmers, we can supply you with Peanut Sweeps and Diggers, Scraper and Colter Points. Seven different size wings and two size points for the "Boy Clipper," the most improved plow on the market. N. Jacobi Hdw. Co., factory agents.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

Some few magnolias are already in bloom.

The shell turnpike is alive with vehicles these fine afternoons.

The water in the rivers and creeks continues very low, much to the delight of the fishermen.

Hon. Wharton J. Green will deliver the annual address at the closing exercises of the Hand Military Academy at Fremont, on June 4th.

The Democrats seem to have captured all of the municipal elections in this State, held last Monday. The thing is getting somewhat monotonous.

The steamer *Sylvan Grove* made her first trip of the season to Carolina Beach to-day. She carried down a nice crowd, notwithstanding the cool weather.

The steamer *Passport* was withdrawn from the line to-day to be overhauled and repainted and generally overhauled. She will go on the ways next week.

The old Sam Peter Gause house, on Second street, near Ann, which was partially destroyed by fire a few weeks ago, has been pulled down and a handsome new frame dwelling is being erected there.

Quite a number of the elm trees which Mayor Fowler had set out on Fifth street have died, but others are alive and thriving vigorously. There are two rows. In the space of one block we noticed a day or two ago where five in one row were alive and only one in the opposite row had not succumbed to the inevitable.

The Delaware.

The steamship *Delaware*, commanded by that old and popular officer, Capt. Chichester, came in the river this morning and steamed up to her wharf, where she now lies, discharging cargo. She will leave here on Friday on her return to New York. She is a large, handsome boat, with fine accommodations and will probably have a good passenger list when she leaves here.

Distriet Court.

In this court to-day the following cases were disposed of:

U. S. vs. N. A. McIntire, charged with sending obscene letters through the mail. Defendant found not guilty and discharged.

U. S. vs. Neill Bass, charged with selling liquor without a license. Guilty and sentenced to 30 days imprisonment in Robeson county jail.

U. S. vs. Joseph King, charged with having in his possession an unlicensed still. Guilty, but judgment not yet pronounced.

Col. Hall is Very Sick.

We regret to learn that Col. E. D. Hall, Chief of Police, is very sick at his residence in this city, Southeast corner of Orange and Second streets. He has been sick for some time past but would not give up and has been confined for only a few days past. It was reported on the street this morning that he was dying but this was erroneous. But he is very sick and his friends and family are greatly distressed as to his condition. He was unconscious all of last night. At 3 o'clock this afternoon there was no improvement in his condition.

Do You Know How it Feels?

Rheumatism. Every one has heard the word "How's your Mother?" "Oh, she's well except her rheumatism." How carelessly the answer is given. Do you know how it feels to have rheumatism? Oh! it's terrible, the swelling and the excruciating pain of ankle, knee, elbow and shoulder, just as if each point was a bundle of irritated nerves, each one seemingly bent on giving more pain than the other. Laying awake all night longing for daylight, aching too severely to sleep, applying liniment every half hour to temporarily relieve the agony. Praying, cursing, turning, twisting, but no ease, no comfort. What is it that causes rheumatism? Ah, there are a thousand causes. What is it that cures rheumatism? Thank God, there is at least one cure. It is called B. B. B., or Botanic Blood Balm. It has cured more cases of rheumatism than any other known remedy. Try it. Do not suffer longer.

J. H. Laing, Dawson, Ga., writes: "I suffered with rheumatism in my shoulders and general debility. Five bottles B. B. B. improved my health and the rheumatism left me."

J. P. Davis, Atlanta, Ga. (West End), writes: "I consider that B. B. B. has permanently cured me of rheumatism and sciatica."

Jacob F. Spencer, Newman, Ga., writes: "B. B. B. entirely cured me of rheumatism in my shoulders. I used six bottles."

NEW ADVERTISEMENTS.

"Stories of the States."

Mr. Edward A. Oldham, a native and for many years a resident of this city, has been engaged by D. Lothrop & Co., rich and wide awake publishers of Boston, to write the "History of North Carolina" for its series of "Stories of the States." Two years Charles Dudley Warner requested Mr. Oldham to write a biography of William Gilmore Simms, of South Carolina. His other engagements prevented his acceptance.

To the Ladies.

We would earnestly suggest to the Ladies' Memorial Association a change in the observance of Memorial Day that we think would be a great improvement. It is that the address be delivered in the Opera House instead of at the Cemetery. There is every difference in the world between hearing in the open air, as well as speaking there, and hearing and speaking in a hall. It is a terrible test of the patience of the audience as well as of the lungs of the speaker, when an address is delivered in the open air. Maj. Stedman has given great care to the preparation of his address, which is to be a sketch of the life and career of that gallant Wilingtonian, Gen. William MacRae, and everybody will want to hear it, and to hear it, too, at their ease, where they can enjoy it. This cannot be done at Oakdale and it is safe to assume that not one-fourth of those who are present at the Memorial service are ever able to hear the speaker.

The thing could be easily arranged and there is plenty of time in which to do it. The address could be delivered at the Opera House immediately prior to the formation of the procession, which will be that much nearer, in consequence, to the cooler part of the day. The prayer of the chaplain could be reserved for the ceremonies in the Confederate enclosure and the musical programme might be divided, part being rendered at the Opera House and part at the cemetery.

We commend these suggestions to the ladies sure, as we are, that they will meet with the approval of many.

Refreshing and Invigorating
Delicious Soda Water as drawn from
Munds Brothers' magnificent new
soda fountain at a temperature of
32°. Pungent Fruit Syrup, Milk Shakes
and Natural Mineral Water.
