Warren's Ice Cream Parlor open till 10 p. m.

Barnum's circus shows in Norfolk to-morrow. Wish we could have it here next week.

Blackberries are plentiful now, but command the same price as strawberries, 10 cents per quart.

In advanced age the declining powers are wonderfully refreshed by Hood's Sarsaparilla. It really does "make the weak strong."

Rubber Hose, Lawn Mowers and Rakes of the latest and most improved makes are sold by the N. Jacobi Hdw. Co.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

The indications now are that the Wilmington contingent at the unveiling of the Lee statue, in Richmond, on the 29th inst., will be a large one.

Ask for "Our Old Chief." This new and improved Wamsutta Shirt is now ready and for sale at our Shirt Factory only, at 75c. 122 Market St., J. Elsbaeh, prop.

Br. schr. *W. & H. Wortherspoon*, Miller, cleared to-day for Petit Goave, Hayti, with 72,387 feet lumber, valued at \$900.20, shipped by Messrs. S. & W. H. Northrop.

With "Regal" Paint on your house and "Plastico" on your walls, your house will be beautiful and your family happy. Sold by the N. Jacobi Hdw. Co., factory agents.

Schr. *Luella A. Snow*, Carter, cleared to-day for Monte Christo, San Domingo, with 165,500 feet lumber, valued at \$1,165.95, shipped by Messrs. S. & W. H. Northrop.

Mr. W. T. Bannerman, of Burgaw, was in the city to-day for the first time in several months. We are glad to see that he has about entirely recovered from his recent severe sickness.

The Mt. Airy excursionists all returned to their homes last night. Most of them brought their provisions with them but lost them overboard on their trip to sea on Wednesday afternoon.

Mr. James Berg has opened a beer garden at the corner of Seventh and Nixon streets. It is the only one in the city. He has a very pretty, comfortable place there and will be pleased to have all call upon him.

Mr. James A. Bradley, a Wilmingtonian who removed to California some twenty years ago, is in the city on a visit to his sister, Mrs. S. Jewett, and his brothers, Mr. Richard Bradley and Mr. Chas. W. Bradley.

Another heavy rain storm visited this section this afternoon. Hall also fell for a few minutes. The rainfall was .73 of an inch and the greatest velocity of the wind was 20 miles an hour, from the North-east.

A mass of beautiful fragrant roses was left in our office to-day, during our temporary absence. There was no card with them but we are sure that they were sent to us by Sister Cecilia and were from her beautiful rosary at the St. James' Home.

New Push and Pull Blind Hinges. Locks the blind when opened or closed. Saves labor and cost of putting on inside fastenings, which are not needed with these hinges. Carpenters, it will pay you to examine and use same. N. Jacobi Hdw. Co.

Why We Cannot Publish.
We have received a communication signed "Burgaw" which we cannot publish, for several reasons: First, it is inclined to personalities; second, it does not treat of the subject matter of that to which it is ostensibly a reply, and which attacked no one individually; third, it can do no good and may probably do harm to the Democratic party in Pender county, now more in need of a little healing lotion than of the surgeon's knife.

Refreshing and Invigorating Delicious Soda Water as drawn from Munds Brothers' magnificent new soda fountain at a temperature of 34°. Purest Fruit Syrup, Milk Shakes and Natural Mineral Water.

Forecasts.
For North Carolina, fair weather and stationary temperature. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, fair weather.

Entitled to the Best.
All are entitled to the best that their money will buy, so every family should have, at once, a bottle of the best family remedy, Syrup of Figs, to cleanse the system when costive or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

The Depot at Cronly.
The Carolina Central depot at Cronly, a small frame building, was struck by lightning yesterday morning during the thunder storm which prevailed then and was entirely destroyed by fire. The building was half consumed before the fire was discovered. Fortunately there was very little freight in it at the time. The entire loss will not exceed \$1,000 and on this there was ample insurance.

At Carolina Beach.
The members of the Grand Lodge of Odd Fellows went down to Carolina Beach yesterday afternoon on an excursion tendered them by the lodges of this city. They were accompanied by guests, among whom were a number of ladies. The boat left here at 2:30, returning at 6 o'clock. A couple of hours were spent pleasantly at the beach, and on the return refreshments were provided. It was a very pleasant occasion, and heartily appreciated by all who were present.

The Aquatic Show.
The number of those at the Hammocks and Wrightsville Beach yesterday, drawn thither by the announcement of the Paul Boyton aquatic display, has been variously estimated at between 3,000 and 5,000 people. The display was a good one, approaching nearer to the promises made on the show bills than is generally the case. Capt. Boyton is certainly great in his specialties as are also Wallace Ross and Wm. McFall. Ten trains were run during the day and the last to arrive here came in after midnight.

A New Industry.
Mr. James F. Post, the well known contractor, is experimenting with the artificial stone spoken of by us some time ago. He has had moulds made and has turned out blocks of various sizes. This stone is made from granite and marble chips and cement and the tests to which it has been subjected have proved very satisfactory. It is not a simple artificial stone made from cement, and some of which is seen on the streets now, but is a much harder and probably more durable material. It can be made in blocks of any size and can be used for paving purposes as well as for building. Mr. Post thinks of experimenting also with shells as well as with bits of broken stone and is confident that he can manufacture as beautiful and as enduring a material as the famous coquina with which the walls of the famous Ponce de Leon hotel at St. Augustine were constructed.

Happy Women.
What is it that makes women more smiling and happy-looking than men? We meet them on the cars, on the streets, in the country, by the seashore, always smiling, teeth a glistening, eyes a dancing. Ah! the secret is they aim to please. It is an effort in many instances for them to smile, and were it not for a desire to look pleasing and pretty many would "never smile again." Why? Because in a large majority of instances they don't feel like smiling. They feel more like crying. With their nervous aches, weakness and bearing down pains, life to them is a burden. What a gold-mine to many a physician is a rich sick woman. Why should he aim to cure her and deny himself the pleasure of presenting his bills with the usual regularity. It seems from the following, that the surest and cheapest way for invalid women to regain health and strength is by using Botanic Blood Balm (B. B. B.).

Mrs. J. A. White, 340 Wythe street, Petersburg, Va., writes: "I have used B. B. B. with happy results, and others have taken it at my advice and are delighted with its curative results."
J. N. Gregory, Butler Postoffice, S. C., writes: "My wife had been under the treatment of several good physicians, but continued in poor health, so I bought four bottles of Botanic Blood Balm, and it did her more good than those doctors had done her in ten years. She is now doing her own washing, a thing she had not been able to do for four years."

And Why Not?
Swann and Nixon streets are in a decidedly bad condition and need prompt attention. On these streets, between Fourth and Eighth, there is nothing but sand and a little sawdust would help to relieve the prevailing infirmity. There is an electric light on the corner of Swan and Fourth streets but more are needed in that locality.

A False Report.
There was a rumor last evening that a train on the Seacoast Railroad had gone through the trestle across the sound, and as a consequence a great deal of uneasiness was felt here by those who had friends or relatives at the coast who had not returned to the city. Those who knew anything of the substantial nature of the structure and of the solid foundation on which it rests, did not hesitate to characterize the report as a canard, and so it proved. It arose in some mysterious way from the fact that the platform connected with the hammocks end of the Ocean View Railroad cracked with the enormous weight of the immense number of people who were standing upon it. No damage was done and no one was hurt, but it was thought wise after this not to allow the trains to cross to the beach. The road trestle was not injured at all. Somebody lost a satchel overboard, which was recovered, and that was the extent of the disaster, beyond a straining of the timbers of the platform, which can be easily remedied.

The Grand Lodge.
The Grand Lodge I. O. O. F. held its final session last night, after their return from Carolina Beach. The following officers were elected and installed:

Grand Master—J. H. Pool.
Deputy Grand Master—J. F. Bruton.
Grand Warden—J. D. Bellamy.
Grand Secretary—B. H. Woodell.
Grand Treasurer—R. J. Jones.
Grand Conductor—E. T. Crews.
Grand Marshal—J. B. Dean.
Grand Guardian—F. W. Ritter.
Grand Herald—J. F. Williford.
Grand Chaplain—Rev. J. J. Hall.
The matter of an Orphan Asylum was laid over until the next meeting, when a place will be selected as a location for the same.

A telegram was received from the Grand Lodge of Alabama, now in session, extending fraternal greetings to the Grand Lodge of North Carolina, and a telegram was sent in reply, making proper acknowledgment of the courtesy.

At midnight the Grand Lodge, having concluded its labors, adjourned *sine die*, after a vote of thanks to the Knights of Pythias for the use of their hall, and to the people of Wilmington for courtesies received.

Rev. Lucien Holmes.
The Charlotte News says: "Rev. Lucien Holmes, one of the best known ministers of the Episcopal Church in North Carolina, where the best part of his life has been spent in clerical and educational work, has found it necessary to place himself under a physician for treatment. With this view he has entered St. Peter's Home and Hospital, in this city, where it is hoped the skill of the physicians in charge, with the capital care given patients by trained nurses, will soon effect a cure. Mr. Holmes is well known and greatly beloved in Charlotte. He was associated with the Rev. B. S. Brouson in the fine school at Thompson Hall (now Orphanage), and did missionary work in this and adjoining counties. He greatly endeared himself to the poor of this parish by his earnest and self-sacrificing efforts in their behalf. For the past few years Mr. Holmes has been in the South and West, but more recently has been doing efficient missionary work in Polk county, in this State."

Mr. Holmes is an old Wilmingtonian. He is a Sampsonian, a nephew of Lt.-Gen. T. H. Holmes, C. S. A. He practiced law here, and afterwards taught school in connection with Hon. Geo. V. Strong, now of Raleigh. He has numerous friends and relatives here.
