A colored excursion from this city to Fayetteville went up to-day on the C. F. & Y. V. R. R. They left this morning and will return this afternoon.

Col. James G. Burr gives notice that he will be at the City Hall on Monday next, June 2d, and every day thereafter until the 1st of July to receive the tax lists.

A car load of those oak chamber suits, suitable for seacoast residences, which have been looked for some days past, were received to-day by Messrs. Sneed & Co.

There is now enough iron on hand to lay about seven miles more of track on the W., O. & E. C. R. R. This will carry the road nearly to Sleep Point, 22 miles from the city.

Alderman Morton, chairman of the Market Committee, gives notice in this issue that sealed bids will be received until 12 o'clock, on the 31st inst., for repairs to the west end of Front street market.

Steamship *Yemassee*, Capt. McKee, arrived in this afternoon from New York. She got in below at 3:30 o'clock and left New York at 4 o'clock on Saturday afternoon. This is, we believe, the quickest trip on record between the two ports.

Tourists.
Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50c and \$1.00 bottles by all leading druggists.

Forecasts.
For North Carolina, rains and stationary temperature. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, showers.

Trade and Industrial Issue.
Joe Caldwell, of the Statesville *Landmark*, does not do anything by halves and hence the trade and industrial issue of his paper, which makes the edition for last week, is both handsome and complete. The illustrations are more numerous than in many more pretentious issues and the information presented in the 24 pages relative to Statesville and Iredell county is as interesting as any descriptive matter we have yet seen. In every way it is a very creditable issue.

The Merry Company.
This charming juvenile comic opera will be presented at the Opera House on Wednesday evening by 75 pupils from Hemenway and Union schools, who have been well and thoroughly trained in their parts. There will be many new features introduced and the marching will consist of many graceful and beautiful movements. The music is bright and catching. We all remember what a delightful entertainment these children gave us last school closing and all will be glad to see them again.

About Mr. Jones.
A highly esteemed personal friend of ours, Mr. Geo. C. Kelley, writes us a few lines in defence of Rev. Sam Jones. He has heard him and is therefore able to speak "ex cathedra." He says that "there is a wonderful amount of inspiration in his sayings and nothing that could give offense to the most refined, sensitive feelings." Mr. Kelley goes on to say: "Rev. Sam Jones has held a series of meetings in our city and has accomplished a vast amount of good, if we poor humans can be accepted as a judge of such."

Mr. Kelley is in every way very warm in his defence of Mr. Jones and hopes that those who have so much opposed him here will go to hear him when he preaches in Wilmington.

Dr. Yates Seconds the Motion.
Rev. Dr. Yates has written to the *Raleigh Chronicle* asking that his name be not mentioned any further for the vacancy at Chapel Hill made by Prof. Mangum's death. At the same time he heartily seconds Dr. Deems' nomination of Dr. Kingsbury for the position. He very gracefully says: "I am acquainted with no man in the State whose deep and wide erudition so well qualifies him for the position as does that of Dr. Kingsbury. He is a master of the English language and literature, and ethical and intellectual science would be easy for him. He knows what HARD WORK is. * * * If he could be induced to take it, he is the man."

Death of Maj. Young.
We are greatly grieved to learn of the death of Maj. Wilton L. Young, information of which was received here late Saturday night. He died at the residence of his brother at Apex, in Wake county, on Saturday afternoon. He was a prominent resident of this city, and his sudden death has cast a gloom over the entire city, where he was greatly esteemed. He had been suffering for some time past from an attack of pneumonia, following the grip, and had gone on a visit to his brother, accompanied by his devoted wife, in the hopes of obtaining relief.

We do not know Maj. Young's age, but think it was in the neighborhood of 60. We remember him during the war. He came here as a member of an Alabama regiment—it was an artillery regiment, we think—and was stationed here afterwards on detailed duty. He was at one time, if we remember correctly, provost marshal of the city. At the close of the war he returned to Wilmington and remained with us. He gave many of the most vigorous years of his life to the development of the Angola Canal scheme, which proved, eventually, unsuccessful. Since then he has been engaged in real estate business here, which he conducted with much success. He was married, a few years ago, to a lady of this city, who survives him, but he leaves no issue. It is understood that the remains were interred yesterday at Cary, in Wake county.

Another Ice Factory.
We hear it rumored that another ice factory is to be established here at an early day. It is said that a prominent citizen of this place, and one who can command all of the money necessary for the enterprise, has gone North for the purchase of the necessary machinery. We give the item merely as a rumor, because we have no positive, actual information in the premises, as the matter has been kept very quiet, but we think that it has been correctly stated. There has been a big advance in the price of ice all along the line and it is held in New York today at 1 cent a pound, retail, and \$10 a ton, wholesale.

A Narrow Escape.
This morning, about 8 o'clock, while Mr. Dexter Sullivan, a young man 22 years old, of Augusta, Ga., who is one of the linemen of the Western Union Telegraph Co., was on a pole at the corner of Mulberry and Nutt streets, stretching a wire, it slipped and caught him across the breast, throwing him from the pole. He struck the side of Messrs. Worth & Worth's office and fell to the ground, a distance of about 65 feet, and had his hip dislocated and the side of his head very badly bruised. He was put in a carriage and sent to the hospital. Had he fallen on his head he would probably have been a dead man ere this.

Death of Dr. Mann.
The sad intelligence was received here on Saturday night of the death of Rev. James E. Mann, D. D., one of the most prominent, learned and erudite ministers of the North Carolina Conference of the M. E. Church. He died at St. Louis, of pneumonia, after a short illness, contracted while in session on the General Conference.

Dr. Mann was well known here, he having served two successive terms as pastor of Front Street M. E. Church. He was afterwards a presiding elder and at the time of his death was pastor of the church in Newbern. He was about 58 years of age and was a native of Chatham county. He entered the North Carolina Conference in 1853, when just 21 years of age. He was a man of magnificent physique, of fine mental powers, an earnest, faithful and untiring minister, and none can doubt that he has entered into that reward he was so nobly earned.

Weather Crop Bulletin.
The report of correspondents of the Weekly Weather Crop Bulletin, issued by the N. C. Experiment Station and State Weather Service, co-operating with the U. S. Signal Service, show that during the week ending Friday last, the temperature and amount of sunshine have been about the average, except that the nights early in the week were comparatively cool, somewhat retarding the growth of young corn and cotton. The rainfall has been above the average in the western portion of the State and along the southeastern coast, but elsewhere it is rather dry, with unfavorable effects on crops, chiefly in the eastern portion of the State. Bud-worms are reported as doing considerable damage to young corn in a number of counties. In general, however, the effect of the weather has been good, and the condition of the staple crops continues to be very satisfactory.

Weakness.
How many suffer from weakness! And what a distressful ailment it is. Always praying for strength and yet feeling oneself growing weaker and weaker. There is great virtue in B. B. (Botanic Blood Balm) as a strengthening as well as a healing medicine. Try it as a tonic and see how much better you will feel. It will improve both appetite and digestion. It is an excellent remedy to use while convalescing. It aids a natural and rapid recovery. In cases where an invalid has remained long in bed and bed sores or other ulcers break out, this remedy will afford quick relief.

W. M. Cheshire, Atlanta, Ga., writes: "I had a long spell of typhoid fever, which at last seemed to settle in my right leg, which swelled up enormously. An ulcer also appeared which discharged an awful matter a day. I then gave B. B. a trial and it cured me."

Bambrick, one of the crew of the steam dredge *Admiral*, which is lying alongside of the steam tug *Blanche* started to go aboard of the dredge and in stepping from the *Blanche* missed his footing and fell between the two boats and was drowned. He was 45 years old and came out here from Baltimore last year, with the dredge. His body was found yesterday and put in a handsome coffin and shipped on the Northern bound train last night for his home, 2,030 Bank street, Baltimore. He was unmarried.
