The Greensboro Patriot says: Rev. T. H. Pritchard, D. D., of Wilmington, the leading Baptist divine of this State, preached an able sermon at the West Washington Street Baptist Church last night. His theme was "The Doctrine of Substitution," and his text, 2 Corinthians v: 21. It was an able, eloquent and instructive discourse, in which the objections to the doctrine of substitution were fully met.

At the request of several persons there will be given at the Opera House next Tuesday night, June 10th, at popular prices, 25 cents entrance, a repetition of the stereopticon illustrated lecture on "The Rhine."

We remind our readers that this was one of the most interesting of last winter's lectures, and that its fifty pictures, each twenty feet square, are beautiful views of the best scenery of that famous river.

Since the gas lights are turned out at the commencement of the lecture, the Opera House will be as cool as if the audience were sitting out doors. We can promise everybody a cool, inexpensive and very interesting lecture.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina Experiment Station and State Weather Service, co-operating with the United States Signal Service, show that the weather has been quite warm and dry during the week ending Friday, June 6th, 1890. The maximum temperature reached 90 degrees on several days at many places, the highest reported being 94 degrees at Cheraw and 93 at Raleigh. The amount of sunshine was above the average. Although very dry, the excessive rain of the preceding week prevented any material damage being done, except perhaps in the extreme northeastern part of the State, where rain is especially needed. Copious showers fell on Friday. The rainfall for the week was above one inch at Scotland Neck, Weldon and Wilmington. Harvesting wheat and hay are progressing rapidly. A majority of reports indicate a short crop of wheat, and not of good quality. General crop outlook continues to be unusually promising.

What an influence for good or evil is exerted by the proper or improper use of money. It seems to be the first essential of modern life. Sad indeed is the lot of that man or that woman without money and without friends. Especially in cases of sickness is the need of money felt most pressing, and yet even the rich with all their money fall into a state of poor health and die, whereas if their money was rightly expended and the proper remedies applied they might regain health and strength.

Z. A. Clark, Atlanta, Ga., says: "I spent four hundred and eighty dollars in gold to cure me of terrible blood poison that affected my limbs and nose and body, with running ulcers. One month's treatment of B B B healed the ulcers, restored my appetite, strengthened my kidneys and added 21 pounds to my weight."

Still, in spite of this and much other testimony there are many who refuse to try the remedy, seeming to prefer to pay large fees to physicians, or visit distant springs in vain hopes of recovery. The great truth however, ever shines brightly and that is, that no one who ever gave B B B (Botanic Blood Balm) a trial ever found disappointment therein.

O. H. Rudolph, Talladega, Fla., writes: "I had blood disease for six years, but nothing benefited me, although I paid two hundred and fifty dollars for treatment. At last I tried B B B and found it a quick and cheap blood purifier."

For North Carolina, fair weather, followed by light rains in the Western portion and stationary temperature. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, fair weather.

Henry Shepard, colored, residing on South Front, between Nun and Church streets, returned home about 12 o'clock Saturday night and found his wife and several of her friends in the kitchen together. Being angry and under the influence of whiskey he procured an axe, went upon the piazza and struck his wife on the shoulder and back with the axe, prostrating her.

He then ran the women away and turned upon Henry Nixon, who was talking with his wife when he arrived. He struck Nixon a blow with the axe when Nixon fled. He pursued Nixon to Second, near Nun street, where he struck him over the head with the axe, knocking him in the gutter. Two gentlemen passing at the time took the axe from him after which he beat Nixon with a rock.

Shepard's wife is seriously injured and Nixon is in a bad condition. Mayor Fowler arrested Shepard Sunday morning at 2 o'clock, and committed him for trial at the next term of the Criminal Court for an assault and battery with a deadly weapon.
