THE DAILY REVIEW

VOL. XIV. WILMINGTON, N. C., FRIDAY, JULY 11, 1890. NO 177.

LOCAL NEWS.

During the last year forty-two col-
leges received gifts of money amount-
ing to \$2,675,000.

France has more than a quarter
of a million carrier pigeons trained
for war purposes.

Almost 54,000 Frenchmen belong
to the Legion of Honor; 32,021 of
them are connected with the army.
The rest are civilians.

The Congregation at Oxford has
decided to include the examination
for the degree of bachelor of medi-
cine in examinations for women.

The new bridge authorized by
Congress to be built across the Hud-
son River between New York and
Jersey City will be 7,000 feet long
and have one central span 2,850 feet
in length.

The most densely populated square
mile in the world is in the city of
New York. It is inhabited by 270,-
000 people, the largest part of whom
are Italians, who speak only their
native language.

Miss Frances B. Willard, in her
walks about Chicago, has discovered
women who make skirts for 75 cents
a dozen and furnish their own thread.
She also finds children working 12
hours a day for \$1 a week.

A State convention of the Demo-
cratic clubs of West Virginia is to
be held at Parkersburg Thursday,
Aug. 14th, for the purpose of ar-
ranging for a systematic and vigor-
ous Congressional and legislative
campaign in that State.

Chief Justice Marcus Morton, of
Massachusetts, is going to retire
from the Bench, after a continuous
service of thirty-two years. He was
appointed Justice of the Superior
Court in 1858, and promoted to the
Supreme Court in 1869.

According to the East Asiatic
Lloyd there are 7,905 foreigners and
474 foreign business firms in Chinese
ports. Great Britain has there 3,276
citizens and 290 firms; Germany 596
citizens and 72 firms; the United
States 1,061 citizens and 27 firms;
France 551 citizens and 20 firms.

The fact that the waves in the
North Sea differ in shape when
caused by a northeast wind under
high pressure from those caused by
a southwest wind with low baromet-
er, is considered as a proof that the
air in an anti-cyclone is a descend-
ing current, and the air in a cyclone
an ascending current.

The Dutch General van Merlen in
Harlem invited his surviving com-
rades on the field of Waterloo to
celebrate with him the seventy-fifth
anniversary of the battle. Seven
veterans responded. Their ages
were respectively 97, 95, 94, 93, 92, 92
and 91. All save one are in the most
strained circumstances.

The Government statistician of
New South Wales, T. A. Coghlan,
has estimated the population of
Australia at the beginning of the
current year to be 3,786,798. This is
an increase during 1889 of 113,995 or
3.19 per cent. The population of
New Zealand is now 620,273, an in-
crease during the year of 13,899.

A probable deficit of \$60,000,000,
even with the operations of the
sinking fund suspended, is what the
St. Louis Globe-Democrat finds will
be the outcome of the present Con-
gressional programme. But it de-
clares the party cannot afford to go
before the country either with a de-
ficit or with a failure to reduce the
revenues from tariff reduction. It
sees it to be necessary, however,
for the party to choose one or the other
alternative.

Electricity as a motive power for
street cars seems to be a success in
Boston if we may judge by the fact
that 125 suits for damages, aggregat-
ing \$192,000, have been entered in
the Boston Courts. It is to be as-
sumed that the electric cars are
making money, as people ordinarily
do not go to law with corporations
that have no resources. It is evi-
dent, too, that the Bostonians have
no notion of surrendering important
privileges without adequate com-
pensation.

Merit wins, as the marvelous suc-
cess of Hood's Sarsaparilla shows.
It possesses true medicinal merit.

last evening was 1.75 inches.

Gen. M. P. Taylor, of this city, is
now engaged on the survey of the
Thomasville, Silver Valley & Pee Dee
R. R., which will have a terminus at
Wadesboro.

This has been a dull day, in every
respect; still, as it is a half-holiday,
and all were anxious to close up and
get out of town, it need not think of
apologizing.

and "Plastico" on your walls; your
house will be beautiful and your

It is cheaper to ride now than to

News. The C. C. Railroad will sell

\$6.50.

The mule belonging to Mr. Tom
Edens, which stuck a nail in his foot

The Grove carried down a good
crowd to Carolina Beach to-day—
most of whom, however, were ex-
cursionists from up-country. But
the city will send a big contingent
down there this evening to attend
the concert to be given by the Ger-
mania Band and to hear the excel-
lent vocal music which has been
promised.

Treating Dog Bites.
An exchange says that a good
thing to do for a mad dog bite is to
fill the wound full of gunpowder and
touch it off. This meets snake
bites too. This is a heroic remedy
but it is said to be really efficacious.
An efficacious and aboriginal plan is
to procure half a dozen young live
fowls, cut the skin from the side of
one, and put the raw spot against
the bitten part. In a few minutes
take another fowl and use it in the
same way. Four will probably die,
the fifth will get giddy, but not die,
and the sixth may not be needed.
Such treatment for dog bites is
handier than and is as reliable as the
mad stone.

Bucklen's Arnica Salve.

anteed to give perfect satisfaction,

Progress.

It is very important in this age of
vast material progress, that a reme-
dy be pleasing to the taste and to
the eye, easily taken, acceptable to
the stomach and healthy in its na-
ture and effects. Possessing these
qualities, Syrup of Figs is the one
perfect laxative and most gentle
diuretic known.

The Melon Market.
Watermelons are scarce. But few
really fine native melons have been
brought here as yet but we under-
stand that the prospect for a plenti-
ful supply next week is very fine.
There is one melon farm of several
acres East of the city that is full of
fine, large melons that will ripen in
a few days, and we hear that Mr. B.
R. King has eight or ten acres in
melons on the Poor House farm that
will pan out splendidly.

Yard Master of the C. & Y. V.
Capt. Albert Worth is now Yard
Master at the depot of the Cape
Fear & Yadkin Valley Railroad in
this city. He seldom comes over to
the city but spends most of his time,
day and night, at the depot at Point
Peter. We gladly welcome him
here. No cleverer gentleman has
ever sailed "the broad bosom of the
Cape Fear" and no man in this
section has more friends and well wish-
ers than has he. His family are still
in Fayetteville but will probably
join him here in the Fall.

Mule Overboard.
Considerable excitement prevailed
along the water front this morning.
Capt. Oldham's mule ran away with
his dray and jumped into the dock at
the foot of Dock street. Several
colored men who saw the catastro-
phe spring into a boat and succeeded
in getting the mule free from the
dray. They then, with a deal of
care and skill, and in the face of a
strong tide, succeeded in leading the
mule round to Market street dock
where it was led up the incline
safely to terra firma.

This Morning's Temperature.
The minimum temperature here
during last night, as reported at the
Signal office, was 58 degrees, making
it 8 degrees cooler than on the pre-
vious night. At 8 o'clock this morn-
ing it was 66 degrees here; Wash-
ington, Philadelphia, Chicago, Nash-
ville, Cairo and St. Paul reported
the same, while it was 62 at Port-
land, Boston and New York, 70 at
Norfolk, Charlotte, Augusta and Sa-
vannah, 68 at Charleston, 78 at
Jacksonville, Pensacola and New Or-
leans and 80 at Mobile and Galves-
ton.

A Pension Swindle.
Confederate veterans are warned
against a pension game that is now
being practiced by Washington
sharks. No Confederate soldier can
get a pension from the United
States Government, yet some pen-
sion agents at Washington have
found out the names and postoffice
addresses of hundreds of Confederates
in this State, and have mailed them
regular United States pension blanks
for them to fill out and return.
The game is this: The Confederate sends
in his claim as requested on the regu-
lar United States pension blanks.
The pension attorney then writes
him that his claim has been filed
and for him to forward \$10 as a re-
tainer. The money is forwarded,
and in a few days the Confederate
receives a reply that his claim is de-
barred by law.

Campbell Encampment.
A meeting of Campbell Encamp-
ment No. 1, I. O. O. F., was held
last night at Odd Fellows' Hall, and
the following named officers were
installed by Grand High Chief Pa-
triarch Benjamin Bell, viz:
Chief Patriarch—Jas. L. Yopp.
Senior Warden—H. O. Craig.
Junior Warden—M. T. Davis.
High Priest—W. Shaw.
Scribe—H. Burkheimer.
Treasurer—J. L. Dudley.
Guide—C. A. McCraw.
O. S. S.—E. V. B. Yopp.
J. S. S.—W. G. T. Keen.
First W.—G. C. Jackson.
Second W.—M. W. Jacobi.
Third W.—N. F. Brandt.
Fourth W.—F. Laello.
First G. of T.—T. J. Pratt.
Second G. of T.—W. H. Strauss.

Campbell Encampment is in a
flourishing condition and is steadily
increasing in membership. It was
reorganized about twelve months
ago with ten members, and has now
a membership of some forty-odd.

and stationary temperature to day
and warmer on Saturday. Local
forecasts, from 8 a. m. to-day, for
Wilmington and vicinity, fair weather

Turtle Soup and Turtle Steak.
A monster turtle, weighing nearly
400 pounds, was caught on the beach
at Wrightsville last night and was
sold here this morning to Messrs.
Hinton, proprietors of the Purcell
House. It was exposed on the pave-
ment in front of the house for a while
and attracted a great deal of atten-
tion. He will be guillotined this af-
ternoon and to-morrow and Sunday
the guests at the Purcell will be re-
galed on turtle soup and turtle
steak, *ad libitum, ad infinitum.*
