

THE DAILY REVIEW.

VOL. XIV

WILMINGTON, N. C., MONDAY, JULY 28, 1890.

NO 191.

James G. Blaine will be the next Republican candidate for President and don't you forget it.

Mr. Leonidas J. Moore, of Newbern, a fire-tried Republican, is out in a card forever renouncing his allegiance to the G. O. P. He can't stand that devilish Force bill.

Short-lived has been the Republic of Brazil, under the first revolutionists. The lust of power has caused another revolution there which seems to be in a fair way of success.

And now Secretary Blaine is charged with the war between Guatemala and San Salvador. We don't understand how, but the charge has been made. Probably somebody neglected to "burn these letters" and has gone to burning towns instead.

The senseless and ridiculous proposition emanating from the Atlanta Constitution that the South boycott the Northern productions in case the Force bill should pass, seems to have met with the cold shoulder almost everywhere. Senator Vance speaks for North Carolina when he decidedly rejects the idea. Even were the thing prudent it would be impracticable and impossible.

Old Jube Early has published a card in the *Lynchburg News* in which he rates Maj. J. Horace Lacy at his actual value. The old war horse says very plainly that he has no intention of challenging Lacy; that he has publicly denounced him as a liar and a slanderer, but intimates that if Lacy feels that his "honor and veracity" need vindication he may perhaps find satisfaction at his hands.

Merit wins, as the marvelous success of Hood's Sarsaparilla shows. It possesses true medicinal merit. Sold by all druggists.

The moon fills next Thursday. Now, who says moonlight excursion?

Fifty first-class hands wanted to make Pants, by the day or piece. Apply at 122 Market street.

Capt. Wash Lamb, of Goldsboro, is here, called to the bedside of his brother, Mr. Roscoe Lamb.

Messrs. B. R. Penny and E. N. Penny returned to the city this morning, from New York, on the Benefactor.

Rubber Hose, Lawn Mowers and Rakes of the latest and most improved makes are sold by the N. Jacoby Hdw. Co.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

The gutter on the North side of Market street, near Front, appears to be still choked up and an overflow to-day was the result.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

This has been the last day of the encampment for the First and Third Regiments. They will all leave for home to-morrow. The Second and the Fourth will take their places on Tuesday next.

Watermelons are plentiful now, yet there are comparatively few really fine ones. It is likely that they are shipped North, where the demand remains good and fair prices are maintained.

Farmers, we can supply you with Peant Sweeps and Diggers, Soraper and Cocker Points. Seven different sizes and two size points for the "Boy Clipper," the most improved plow on the market. N. Jacoby Hdw. Co., factory agents.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacoby Hdw. Co.

There were four cars full of passengers coming up to the city on the Seacoast Railroad this morning.

Big freshets are expected in both Cape Fear and Black Rivers as a consequence of the recent rains.

A few parties can be accommodated with board in a private family at Wrightsville. See ad. in this issue.

Gov. Fowle returned to the city this morning and left on the 9.30 train on the W. & W. R. R. for Raleigh.

Workmen have been engaged this afternoon in cleaning out the closed gutter at the corner of Market and Front streets.

The rain, it raineth every day. There was a heavy fall early this morning and showers off and on during the day.

Mr. William Glisson, of the Point Caswell section, was in the city today and paid us a very pleasant visit this forenoon.

Cantaloupes are on the wane. Still, some very fine ones were in market on Saturday and to day and the prices were about the same.

We are truly glad to be able to state that Mr. Roscoe Lamb, whose desperate illness with typhoid fever we have noted, is now better. He was resting well to day.

There was a fine breeze here this forenoon, but very little this afternoon and we fear that there was not enough at the Sound to give the proper zest to the yacht race.

Capt. Legg and Mr. A. Perry, who have carriages at Wrightsville, plying to the Encampment Grounds, have extended the courtesies of their lines to the press, of this city.

Eight cars full of people went down to the coast yesterday afternoon. It is estimated that nearly one thousand persons visited the Hammocks and the Beach during the day.

In searching for the murderer of Mr. Nathan Falls, some other motive besides robbery must be looked for. It is probable that some one had a grudge against him and tried to cover up this fact by rifling the body.

The Grove carried down a good crowd of passengers to the Black fish Grounds to day. All of the conditions seem favorable for the largest catch of the season and perhaps the largest ever made hereabouts by one party in one day.

The rainfall here to-day was .38 of an inch and the greatest velocity of the wind was 19 miles an hour, from the Southwest. There have been heavy rains all along the coast. Charleston reports 4.62 inches to-day and Savannah 2.20 inches.

A large excursion party is expected here from Rutherfordton on August 13th. Passengers will also be taken on at intermediate points. The party will arrive here at 7.30 p. m. on that day and will remain here two days, leaving at 7.30 p. m. on the 15th.

The only excursion announced for this week, thus far, is that of the Ladies' Aid Society of the Fifth Street M. E. Church, who will give one of their delightful outings at Carolina Beach on Friday next. The ladies will provide refreshments at city prices.

There was some fine music at the Hammocks on Saturday night, by Prof. Miller's band. The attendance there on that occasion was very large, the city, the Sound and the Beach all going to "swell the chorus." The young folks danced in the big pavilion.

Mr. H. H. Kure showed us this morning three ripe peaches, from trees on his place, corner Second and Castle streets. Each peach was of a different "brand." Mr. Kure says that he has 28 trees in his garden, no two of the same kind. The crop is short, though, this year.

The Goldsboro *Argus* insists upon it that the troops are getting tired of Camp Latimer and "want a change of venue." Is this remark to go alongside of the prediction made by the *Argus* that Aycock would be nominated for Congress on the second ballot at Clinton, or is it to take precedence of it?

Mr. W. L. Lucas, of Durham, is here on a brief visit to his uncle, Mr. A. F. Lucas.

Owing to the accident to the steamer Sylvan Grove, there will be no excursion to Carolina Beach to-morrow under the auspices of Grace M. E. Sunday School.

The Congressional Convention for this, the Sixth District, will meet at Laurinburg to-morrow. Capt. Alexander has no opposition now and will probably be nominated by acclamation.

Mayor Fowler will leave to-morrow morning for Laurinburg, as a delegate to the Congressional Convention and Alderman Morton, Mayor pro tem, will handle the ribbons during his absence.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

An Old Soldier.

One of the oldest, if not the oldest, soldiers in camp is Mr. Blackwelder, of Charlotte, who is a member of the Hornets' Nest Riflemen. Mr. Blackwelder is 65 years old; he has been a member of this company ever since its organization, some 15 years ago. He was in the Mexican war, having entered it at the age of 17, and says he has been on the police force of Charlotte for the past 35 years. Mr. Blackwelder is still hale and hearty and looks not older than fifty.

With Racing Sails.

The regatta which is to take place over the course at Wrightsville this afternoon is to be made under racing sails and this means real down hard work for those on board. Up to noon to day but six boats had entered and those are as follows:

Pirate—Capt. Norwood Giles.
Peggoty—Capt. T. W. Meares.
Vixen—Capt. E. S. Latimer.
Lillian Florence—Capt. H. M. Bowden.
Loulie—Capt. Willie Atkinson.
Mamie B.—Capt. H. L. Fennell.

Are You an Heir?

More than half a billion of dollars in unclaimed estates are awaiting the rightful heirs in England, Scotland, Wales and Ireland. Most of these heirs are in the United States, and have been advertised for in English papers. Thousands of heirs have never seen these advertisements. If your ancestor on your father's or mother's side came from any of the above-named countries do not fail to write to E. Ross, European Claims Agency, 227 Grand St., New York, and ascertain if you are an heir. Your deceased ancestor's rights are yours by British law. We have information of every estate and deceased person whose heirs have been advertised for in 125 years. Send postal note for 25 cents to insure information. If you are an heir we will recover the estate for you. No recovery, no fee.

Weekly Weather Crop Bulletin.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina Experiment Station and State Weather Service, co-operating with the United States Signal Service, show that the weather during the week ending Saturday last has been generally cloudy, damp and unusually cool over the whole State. The temperature ranged very low the entire week, the highest being 88 degrees at Wadesboro on the 20th, and the lowest 52 degrees on the 23rd at Weldon, again lower than has been recorded here in July. The rainfall has been above the average. The first general heavy rain occurred on Friday, and there can hardly be any localities where the soil has not been thoroughly soaked. The low temperature and heavy rain has injured cotton to some extent, although very few discouraging reports have been received. The normal rainfall for each week of July is 1.30 inches; the average this week is more than inch above the normal.

Brotherhood of Blacksmiths.

The lodge of the International Brotherhood of Blacksmiths, recently organized in this city, elected the following officers at their last regular meeting:

President—A. B. Shiver.
Vice President—S. E. King.
Recording Secretary—W. F. Hewett.

Financial Secretary—John Rourke

Conductor—James Smith.

Probably One of Them.

Bryan Gaston, an escaped convict, who is known to have recently burglarized a house in Brunswick county, was arrested here Saturday afternoon and lodged in the guard house. It is thought that he has been concerned in some of the robberies that have taken place recently in this section. He has not yet had a hearing but will be held for a day or two, pending some further expected developments.

Broke the Flange.

A telegram was received here this afternoon from Southport, stating that the Sylvan Grove, at 9.30 o'clock this morning, was seen off Oak Island Live Saving Station, flying a signal of distress. The tug Alex Jones, which was at Southport at the time, went out to her assistance and is now towing her up to the city. It seems that the Grove broke the flange on the steam pipe and was unable to keep up steam. No one was injured; only a good day's fishing was spoiled.

Criminal Court.

This court adjourned to day for the term, after having disposed of the following cases:

State vs. George Laspeyre, for larceny. Nol pros.
State vs. Brig. Brothers, for larceny. Nol pros.

Edward Galloway, convicted on Friday of the larceny of growing crops, was sentenced to three years in the Penitentiary.

Dennis Horn, was granted a new trial, under bond of \$400.

A motion for a new trial in the case of J. L. Barker, convicted of slander, was overruled.

The Last of Earth.

The remains of Miss Julia Bear, who died in Boston on Friday last, were interred yesterday afternoon in the Hebrew inclosure at Oakdale. The services were conducted by Rev. Dr. Mendelsohn, who returned from Baltimore for the purpose. They were held at Mr. Sol. Bear's residence, from whence the funeral procession started, and at the cemetery. A long line of sorrowing friends and relatives followed the remains to the grave. The pall-bearers were Messrs. L. Weil, J. N. Jacoby, L. Taylor, S. A. Schloss, I. H. Greenwald, B. Goodman, N. Rosenthal and J. Newman.

Scribner's for August.

Scribner's Magazine for August is a real gem. It is a fiction number and a very good one. Besides a long instalment of "Jerry," the remarkable serial which began several months ago, are half a dozen short stories, in different veins, all but one being love tales. Mr. Marton, the venerable London publisher, tells "How Stanley Wrote His Book," he having spent some time with his author in Cairo. There are some amusing details in his sketch and a strong tribute to Stanley's character. The artist Blasfield and his wife contribute twenty pages of sketches and illustrations of "The Paris of the Three Musketeers"—the Paris which in great part has disappeared, while what remains has been seen by tourists. Thomas Bailey Aldrich has a forceful tragedy in verse of two sisters who loved the same man. "A Sentimental Annex" consists of a few short sketches by H. C. Bunner, a writer who has a faculty of putting unexpected things

into print in quaint and attractive form. The frontispiece is a handsome picture of "Exquisite of D'Aragnan's Time." "Gallegher" is a pleasant newspaper story; "Sergeant Gore" is a delightful tale of frontier life and there are other entertaining and attractive papers. The illustrations, as usual, are very fine.
