Germania to the Front.

HAVE YOU SEEN THE LAST FLIEGENDE Blatter and Illustrirte Welt? These and five other German periodicals and 150 other English periodicals are on file at the Library Association rooms, 125 1/2 Market street, over Higgins. Only \$2.00 per year per family for use of 7 vols. JY 28 11

There are five thousand insane people in the city of New York, and experts on insanity say that the ratio of lunatics is increasing much faster than that of the population.

The official returns place the population of Johnstown, Pa., at 31,000, which is larger than before the flood. The population on the day before the flood was 29,114, and at least 3,000 of these perished.

It costs the English Government \$2,962,000 annually to support Queen Victoria and her immediate family. Whenever the Queen visits Balmoral Castle it takes \$5,000 to defray the railroad expenses of the journey.

A sporting character in Cincinnati wants to bet \$10,000 that the opposing candidates for President in 1892 will be Governor Campbell, of Ohio, and Ex-Governor Foraker, of the same State. He has another \$10,000 to bet that Campbell will carry Ohio.

Nevada, the rotten borough of the Union, continues to fall off in population. According to the recent count it has only 45,000 people. Nevada was admitted into the Union by the Republican party as a "political necessity," just as Idaho and Wyoming were recently let in.

Chicago is exceedingly happy over the official report of the census supervisor, which credits that city with a population of 1,101,023. This is 61,263 ahead of the estimated population of Philadelphia, and only 412,000 less than the population of New York.

The merchants of Atlanta, Ga., have what is termed a "midsummer trades festival" on the 15th of August. It is intended as a celebration of their prosperity and the progress of the city, and the Constitution says it will take the shape of the most imposing demonstration that has been seen in Atlanta in many a day.

Mrs. William G. Choate, of New York, established the first Woman's Exchange twelve years ago. During the first year the Exchange paid out \$2,000 as remuneration to women for their handwork sold by it. One hundred exchanges are now in existence in different cities, and not less than \$1,000,000 has been paid for work in these twelve years.

We most sincerely sympathize with our friends of the Third district in the misfortune which overtook them at Clinton last week. We have nothing whatever against Mr. Grady and we hope that his friends will not take it amiss when we say that when Maj. McClammy leaves the legislative chamber they will have lost one of the most useful, energetic and influential members North Carolina has ever had on the floor of the House. But "they done it themselves" and must accept the result.

There is at least one man on the Republican side of the House who is disposed to kick against Autoeotat Reed, the Czar of all of the Republican Representatives. His name is Struble and he represents the Eleventh Iowa district. He was born in Virginia, which may account for his resistance to tyranny and oppression. He made some fun for the Democrats in the House yesterday when he protested against the Speaker's persistent refusal to recognize him when he got on his feet. He made a plain and striking comparison between Reed and Carlisle and declared that the latter had always acted with uniform kindness and courtesy towards the Republicans in the House. The occasion was one not to be neglected by Maj. McClammy, who somehow has the faculty of being always "recognized." We quote from the Press report of the proceedings:

Mr. McClammy, of North Carolina, in a one minute speech, expressed his pleasure at being in company with his distinguished brethren, Struble, Ewart and Coleman. This was feudal day and he was glad to enter the lists. This was the time when you could speak with your mouth open. [Laughter.] One month ago he would have been glad to have shaken hands across the aisle with brother Struble. [Laughter.] But this was no time for regret. He was glad to know that the occasion had arrived when a gentleman could have the courage of his convictions. [Renewed laughter, which broke out louder when Mr. McClammy alluded to Mr. Struble's failure to secure renomination, by speaking of the beautiful tones of the dying swan.]

The Washington correspondent of the New York Star, in yesterday's issue of that paper, seems to think that a determined effort is to be made to pass the force bill in the Senate at this session. There was another caucus Monday night and the bill, as amended by the committee, was discussed. The correspondent asserts that Senator Ingalls, who has been quoted as opposed to the bill, or at all events lukewarm in its support, will certainly support it "tooth and toe nail."

Portland, Oregon, will spend \$1,000,000 improving her streets this year.

"Why, now I cannot get enough to eat," says one lady, who formerly had no appetite, but took Hood's Sarsaparilla.

LOCAL NEWS.

INDEX TO NEW ADVERTISEMENTS
SNEED & CO.—Furniture
MUNDY BROTHERS—Druggists
C. W. YATES—Noted men on the Solid South

July jumps down and out to morning night.

Full moon at 10 minutes past 4 o'clock to-morrow afternoon.

Mr. O. P. Meares, Jr., is here on a visit to his father, Judge Meares.

The Postoffice people ought to put more mucilage on their stamps and less on their money.

Fifty first-class hands wanted to make Pants, by the day or piece. Apply at 122 Market street.

It is hoped that the Second and Fourth Regiments will carry at least 600 men into camp next week.

Irish potatoes are scarce and high. They sold to-day at 30 cents a peck, which is rather steep for the season.

Keep dry and you will keep healthy. Umbrellas, rubber coats, &c., at I. Shrier's, S. E. corner Front and Princess streets.

I am Manufacturer's Agent for Barbed and all kinds of Wire, Combination Wire and Iron Fences. Orders solicited. James I. Metts.

The thermometer did not get above 83 degrees here to-day but the humidity of the atmosphere was very great and the discomfort was excessive.

There were about 1,200 people on the Beach yesterday in the excursion which came down from Fayetteville. They all left last night on the return home.

There has been too much rain for the last of the canteloupe crop, as it causes them to lose much of their flavor. The watermelon crop has been injured, too, by the heavy rains.

We'll risk our reputation in the prophesying business on the assertion that August will open with clear, settled weather. We think it will clear off to-night, or to-morrow by noon, at all events by Friday morning.

The Newton band returned from Carolina Beach last night and put up at the Purcell House, where they entertained the guests and others with some of their excellent music. They played there again this morning and afterwards left for home.

Farmers, we can supply you with Peanut Sweeps and Diggers, Scraper and Colter Points. Seven different size wings and two size points for the "Boy Clipper," the most improved plow on the market. N. Jacobi Hdw. Co., factory agents.

We have it now. A Pump that is always primed, never requiring a tub of water to start it. It is the bright invention of a North Carolina genius and is pronounced by all to be the best pump on the market. See it and you will have no other. N. Jacobi Hdw. Co.

The Suspected Burglar.

There were no new developments before the Mayor to-day in the case of the alleged colored highwayman, Bryan Gaston, alias Ed Phifer. He is still held in custody but will probably be examined again to-morrow and confronted with other witnesses. Many think that he murdered Mr. Nathan Falls but as yet no testimony to that effect has been brought out. It is a singular fact, though, that no highway robberies have been reported since his arrest.

Forecasts.

For North Carolina, fair and warmer weather. Local forecasts, from 8 a. m. to-day, for Wilmington and vicinity, shows this forenoon followed by fair and warmer weather.

The Ladies Delighted.

The pleasant effect and the perfect safety with which ladies may use the liquid fruit laxative, Syrup of Figs, under all conditions make it their favorite remedy. It is pleasing to the eye and to the taste, gentle, yet effectual in acting on the kidneys, liver and bowels.

We are Really Sorry.

It was known to many a week or more ago that Mr. John Kennedy, a young white Republican who has until recently held a position of trust and responsibility in the Postoffice here, was a defaulter and had left the city. He was short in his accounts \$230, of which amount he repaid \$150. Besides this he appropriated \$225 from registered money packages which he opened. We are sincerely sorry for the aged mother and the other relatives and sorry, too, for the misguided young man, who has heretofore borne an excellent reputation.

The Encampment.

Under this caption yesterday's Charlotte News says: "Reports from the encampment this year would seem to indicate that there is a screw loose somewhere. The trouble seems to be a lack of management. We have even heard the Commander-in-Chief criticised. If somebody gets in the saddle and gives each wrangling company to understand that it has to do so and so, and make it do it, then we may expect better times. There are too many tongues wagging in the Guard for the good of that great and loyal institution."

Keeping House With Cockroaches.

Beetles, water bugs, &c., is not pleasant. The most effective and permanent remedy is—for two or three nights to sprinkle ROUGH ON RATS dry powder unmixed, in, about and down the sink and drain pipe; scatter it well but thinly over the sink. First thing in the morning wash it all away down the drain pipe, when all the insects from garbage to cellar will disappear. The secret of this is in the fact that wherever the bugs or insects may be during the day, they must go to the sinks for water during the night. They can't stand ROUGH ON RATS in their water. This is the quickest, most effective and satisfactory remedy. ROUGH ON RATS being a poison, it should be used in this way only at night and washed away early in the morning. Another way is to mix a tablespoonful of ROUGH ON RATS with a half pound of brown sugar. Sprinkle it on rear of cupboard shelves or on plates, or on sheets of paper placed high out of reach of children. Cut this out for directions.

W. O. & E. C. R. R.

The track on the Wilmington, Onslow & East Carolina Railroad is now laid 24 miles from this city. A regular train is run every day on the road, leaving here in the afternoon and returning in the morning. It goes as far as Sloop Point and the traffic is already considerable. No regular schedule has been adopted as yet as the train, which is the same used in the day by the construction force, is run as much as a matter of accommodation as anything else. Last night, however, as we learn from Chief Engineer Pittman, the run could not be made on account of a washout a short distance this side of Sloop Point, caused by the excessive rains. This has already been repaired, however, and the train will make its usual run this evening, returning to-morrow morning. Next week there will be two trains run each way.

Are You an Heir?

More than half a billion of dollars in unclaimed estates are awaiting the rightful heirs in England, Scotland, Wales and Ireland. Most of these heirs are in the United States, and have been advertised for in English papers. Thousands of heirs have never seen these advertisements. If your ancestor on your father's or mother's side came from any of the above-named countries do not fail to write to E. Ross, European Claims Agency, 227 Grand St., New York, and ascertain if you are an heir. Your deceased ancestor's rights are yours by British law. We have information of every estate and deceased person whose heirs have been advertised for in 125 years. Send postal note for 25 cents to insure information. If you are an heir we will recover the estate for you. No recovery, no fee.

The New Season.

The prospects are now very good for a fine operatic and theatrical season here this Fall and Winter. There are numerous inquiries for dates and from good standard troupes. The season will open here on the 4th of September when McCarty's Mishaps, a very taking piece which was played here last Winter, will be presented.

In the meantime a number of improvements are to be made to the interior of our beautiful Opera House. The present old fashioned chairs in the parquette are to be removed and 400 new and comfortable upholstered seats are to be substituted. This will give 150 more chair seats in the parquette than are there now. The work is to begin about the middle of August.

Alexander is the Man.

Capt. S. B. Alexander, of Mecklenburg, was yesterday nominated at Laurinburg as the Representative in Congress from this, the Third District. He will be elected, as he was nominated, without opposition, a fact which is to be deplored, however, as in such cases it is always difficult to poll anything like the full strength of the party.

Capt. Alexander is a good man and will doubtless make an excellent representative. We are sure that he will serve with credit and honor to himself and benefit to his constituents.

The Convention strongly endorsed Senator Vance, the National and State platforms were adopted and there was no silly talk about the sub-treasury nonsense.

Mr. John D. Bellamy, of this city, made a ringing speech in which he pledged the solid Democratic vote of New Hanover to Capt. Alexander. He might have gone farther and pledged the same vote to the entire ticket.

The Executive Committee selected are: W. H. Neal, chairman, Richmond; John J. Fowler, New Hanover; John H. Morrison, Robeson; S. J. Stanley, Brunswick; H. B. Adams, Union; J. B. Harrell, Columbus; Jerome Dowd, Mecklenburg; Chas. McDonald, Cabarrus; Dr. J. A. McRae, Anson; E. F. Eddins, Stanly.

Push That Pencil.

Yesterday's Raleigh News and Observer has a very pretty compliment to Mr. James N. Anderson, formerly of this city, but now in Maj. Winder's office in Raleigh. Jimmy is a highly-gifted young man and there is no mistake about it. He sings and acts well and is a real artist. We have seen many of his sketches and some of them, original and full of humor, will compare very favorably with the best cartoons of the big New York publications. He is a telegrapher and some years ago was employed by the Western Union office in New York and used all of his spare time (which, however, was not much) in perfecting himself in the use of the pencil and crayon. But he soon tired of the Yanks and thought too much and too often of the girls he left behind him and so packed up and came to his native State. But he ought to push that pencil. The article from the News and Observer is as follows:

Raleigh has an artist who with pencil and paper can hold his own creditably with the professional cartoonists who figure upon the pages of Puck and Texas Siftings and other well-known pictorial journals. Mr. James Anderson, the popular chief operator of the Seaboard Air Line office, is a first class success as a sketcher and caricaturist. He has recently completed a series of scenes from real life at Morehead City, which are admirable specimens of cartoon work. If Mr. Anderson would place his talents at the disposal of some of the New York illustrated periodicals it would be worth a mint to him.

Bucklen's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box.
For sale by Robert R. Bellamy, wholesale and retail druggist.

Rubber Hose, Lawn Mowers and Rakes of the latest and most improved makes are sold by the N. Jacobi Hdw. Co.
