The Daily Review

TUESDAY, AUGUST 5, 1890.

STATE NEWS.

Newbern Journal: The A. & N. C. R. R. Co. is preparing to build six flat and six box cars. It is found that those built here give better satisfaction and last longer than those purchased elsewhere. The company also expect to purchase two new lo comotives this fall.

Charlotte News: Mr. J. Taylor Ritch, formerly of Rocky River, Cabarrus county, but who has been living in Laurinburg for the past few years, is on the road to fortune and fame through an invention. Like all great inventions, it is a simple one. It is a patent door bell and alarm combined. In ordinary use it is a door bell, but the turning of a knob sets it as an alarm which rings the moment the door is opened. It is said to be a splendid trick. An Atlanta firm offered Mr. Ritch \$65,000 for the right for three States, but he refused the offer. He has already sold \$16,000 worth of State

Greensboro Patriot: Dr. R. K. Gregory, of this city, who has for years enjoyed the distinction of being one of the foremost physicians in this section, has received patents on a fluid and a bandage, which are pronounced by the leading surgeons to be one of the greatest inventions of the age and one of the most val nable and beneficial ever made. The fluid is hemostatic, styptic, antiseptie and anesthetic. By using it blood poisoning is absolutely prevented. The bandage is an automatic adhesive plaster bandage and does away with all stitching or other ADRIAN & VOLLERS, methods of dressing wounds. By the use of the fluid and bandage together there is no possibility of blood poisoning. Dr. Gregory has letters patent in the United States and six foreign countries and has already received an order from our Government for 100,000 packages for use in the army, navy and reve nue marine departments, to be de livered in October, and every country in which it is patented has signified an intention to place orders for the fluid and bandage. Conservative authorities place the value of Dr. Gregory's invention at twenty millions of dollars

Sanford Express: The Carthage postoffice has been robbed of registered letters, packages, &c., and news is received here this morning that the postoffice at Manly was broken open a few nights ago and registered letters and packages and other valuable matter were stolen! It is reported that the party who opened the office has been captured. -A friend tells us that the sorn and cotton crop of Chatham county is very promising. Chatham, how ever, generally yields a good wheat crop and this is a failure this year. Many who sewed 10 bushels of good wheat make 15 or 20 bushels of very inferior grain. One man made only 3 bushels. One bushel was paid for rent, 2 bushels for threshing, leaving the producer the straw and chaff. A Greensboro exchange says a

census enumerator has found a girl in Guilford county who is nineteen years old and weighs only forty pounds. Some time ago we saw a boy of Moore county who was fifteen and weighed thirty. He was active, in good health and remarkably strong for a person of his size. His father, Mack Hancock, as he was known, weighed sixty. It was said that his wife, who was a large, strong woman, could take Mack in her arms and carry him about just as if he were a child.

The Value of Money.

Men of unlimited means hardly appreciate the value of just one dollar, but with the poor every dollar means so much toil and so much effort. It is a comfort to know that the poverty-stricken invalid can derive somuch good from so little ex penditure, when they invest their dollars in B B B (Botanie Blood

W. C. McGauhey, Webb City, Ar-

"I had a running ulcer on my leg. Several doctors failed to do it good. Three bottles of B B B effected a cure. B B B also cured my brother of a running sore.

David Thurman, Atlanta, Ga. says: "I was a constant sufferer for many years with Scrofula and Eczema. A few bottles of B BB entirely cured me."

John M. Davis, Tyler, Texas, writes: "I was subject a number of years to spells of inflammatory rheumatism, which six bottles of B B B, thank Heaven, has entirely cured. I have not felt the slightest pain since."
