A young Wisconsin man, A. P. Hanson by name, who is now a resident of Copenhagen, has made an invention that is likely to inaugurate an era in printing. He calls it a color-graph. By it two or three or even more colors can be printed on the same paper at one impression.

By covering bullets with vaseline they may be easily seen in their course from the rifle to the target. Their trajectory course is marked by a beautiful ring of smoke, caused by the vaseline being ignited on leaving the muzzle of the gun, the smoke being suspended for some time in the air, if not too windy.

Mr. McKinley, of Ohio, Boss Reed's man Friday, has gone to Maine to speak in Reed's district. The latter is seriously troubled for fear that he may be left out in the cold in November. The New York Herald advises the Maine Democrats against such a thing. It thinks he ought to be returned; that he has done, and will continue to do, an immense amount of good to the Democratic party-and the Herald's head, as usual, is mathematically level.

Senator Farwell, of Illinois, denies the truth of the rumor that he intended to retire from political life at the end of his present term. He says he knows of no reason why he should retire, and that, "by the of Canada. He has been absent sevgrace of the good people of Illinois," he expects to succeed himself in the United States Senate. Meanwhile Gen. John M. Palmer, the Democratic nominee for the United States Senate, is making an energetic canvass of Illipois and is sanguine that he, and not Mr. Farwell, will, "by the grace" of the people of that
