An excursion party from Bennettsville, S. C. is expected this evening over the C. F. & Y. V. R. R.

The new moon this month falls due on the 18th and it fills on the 27th. It is the hunter's moon.

New River oysters are late this season. There were in the restaurants last year early in September.

Merit wins, as the marvelous success of Hood's Sarsaparilla shows. It possesses true medicinal merit. Sold by all druggists.

Visitors to our city should certainly not fail to call on the N. Jacobi Hdw. Co. for anything wanting in their line.

Use Regal Ready-mixed Paint, and have no other, if you want a good, durable article; for sale by the N. Jacobi Hdw. Co.

Fish are scarce and high. There were none at all in market yesterday. A few cart loads were here this morning but the hucksters got them and consumers were obliged to pay a big price for them. Twenty five cents for three or four little mullets is excessive.

Mr. Lee Register has moved to that handsome store No. 10 Market street, which has been fitted up in first class style for him, to show his large stock of dry goods and gents furnishing goods. Judge Boykin is Sick.

We regret to learn that Hon. E. T. Boykin, Judge of the Superior Court for this district, is quite sick and confined to bed with a severe malarial attack. He is in Raleigh, where he was holding the Fall term of Wake county Superior Court. He was so sick last Friday that he was compelled to adjourn the court. He hoped to be able to open it again yesterday, which day was set for the trial of police officer Hogue, charged with murder, but the physicians absolutely forbade it and hence the court was adjourned for the term. At last reports he was somewhat better.

October Weather.

The records of the U. S. Signal Office at this place, covering the month of October for 18 years, show that during October we shall have several cold changes, viz, between the 6th and 9th; colder between 15th and 18th and 23d and 26th; and also between 29th and 31st. The coldest day during October was 35° in 1887 and the warmest 92° in 1884.

The weather will be fine about one day in four. It will also rain one day in four with an average daily rainfall of .13 of an inch. The greatest daily rainfall during this month was 4.51 on the 11th in 1885.

Rushing On To Atlanta.

Capt. T. W. Whisnant, Superintendent of the Carolina Central, Capt. John A. Dodson, Superintendent of Georgia, Carolina & Northern, and Mr. H. W. B. Glover, the newly appointed Assistant General Freight Agent of the Seaboard Air Line, went over the Georgia, Carolina and Northern road in a special car yesterday from Monroe, North Carolina, to Greenwood, South Carolina, in company with the South Carolina Railroad Commissioners. The object of this trip is for the railroad commission to formally accept the newly completed portion of the G. C. & N. line from Clinton to Greenwood. Trains will then be run regularly from Monroe to Greenwood, a distance of 118 miles. On the 20th, the G. C. & N. will reach Abbeville, a distance of 133 miles from Monroe. The indications are that the G. C. & N. trains will be run into Atlanta several months ahead of contract time.

Colored Man Appointed Collector.

It was learned here this morning that Jas. H. Young, colored, had been appointed Collector of Customs for this port. The news was a surprise to all and to none more so than to those immediately interested, the candidates for the place. Young is not a resident of Wilmington and Mr. Harrison was told in plain terms that it would not do to appoint an outsider. Still, the old man seems to have taken the bit between his teeth and has made the appointment. The appointee has not yet qualified. The bond is \$40,000 and the sureties must qualify to unencumbered real estate. It is thought that he cannot give the bond and if he does, the Senate will refuse to confirm him. But this is not by any means certain. There is a big stir up about the matter.

Young is a light colored man and has been filling the position of Special Agent of the Treasury Department for this district. He is said to be well educated.

Dr. Pritchard and Sam Jones.

Rev. Dr. Pritchard's published views relative to Sam Jones and his methods have been read of all men. In last week's issue of *Charity and Children*, the publication of the Thomasville Orphanage, Dr. Pritchard announces his intentions. He says: "The Rev. Samuel P. Jones will begin a meeting this week in Wilmington, and his brethren have built a large tabernacle for him, which will seat, it is claimed, over 7,000 persons. At one time I had about made up my mind that I would not hear a man whose pulpit manners were so objectionable, but the Methodist pastors of Wilmington, whose esteem I value, and many of our prominent men think that in justice to him and to myself, as well as the cause of morality and religion, I ought to hear him and thus give an opinion based upon fuller evidence. I propose, therefore, to hear him; if I have done him injustice I will acknowledge it frankly; if on the contrary, his methods, and especially, his language, seem to me unbecoming the pulpit and of an immoral tendency, I shall not hesitate to say so in as plain terms as I can use. The revolution in pulpit manners and morals which this man has inaugurated is a serious matter, and one on which everybody should take sides." Dr. Pritchard was in the auditory for a part of the time on Monday night, but he has not taken any part in the meetings.

Well From a Tree.

A white boy by the name of Charley Potter was seated this afternoon on the limb of a chinaberry tree, on Fourth street, overlooking the city pound, corner Fourth and Princess streets, when the limb broke and he fell to the ground, a distance of some fifteen feet, striking on his head. He was carried to his home on Fourth street, between Dock and Orange, and Dr. Potter was summoned. He is not thought to be dangerously hurt.

"Don't Give up the Ship!"

Don't surrender, although the fight be long and bitter, and results thus far but dismal failures. Old Bad Blood may yet be conquered and disease driven from the citadel of life. You have not used the proper remedy, or long ago you would have felt a change. You have tried this and that, a hundred bottles of that sarsaparilla, and feel you might as well have used so much rain water for all the good effect they had. Why have you not tried B. B. B. (Botanic Blood Balm) made in Atlanta, Ga.? Because it isn't advertised so conspicuously as other remedies? Well, that's a poor reason. The greatest humbugs can afford the largest advertisements. As for B. B. B. try it, and if six bottles don't do you more good than all the other blood medicine you have ever taken, call it a humbug, a name that has never yet been applied to it by any one.

Waiter Bridges, Athens, Tenn., writes: "For six years I have been afflicted with running sores and an enlargement of the bone in my leg. I tried everything I heard of without any permanent benefit until Botanic Blood Balm was recommended to me. After using six bottles the sores healed, and I am now in better health than I have ever been. I send this testimonial unsolicited, because I want others to be benefited."
