The Eastern Baptist Association will meet with the church at Riley's Creek, in Pender county, tomorrow, the 7th inst. Several persons from this city are expected to attend.

Travel South is very heavy now and the tide has set in unusually soon this season. A gentleman who was off for Florida recently told us that he was unable to obtain a berth in a sleeper.

So few oysters have as yet been brought into market that we fear we will soon hear a cry of "short oysters." Those that have reached here from New River are in fine condition.

By the agreement with the Associated roads the sales of summer excursion rate tickets were discontinued on Oct. 1. By the same agreement no excursion trains can be chartered until next summer.

We regret to learn of the death of the bright and promising little lad, Herbert Doyle, only 6 years old, son of Mr. George W. Doyle. He died from tetanus, caused by an injury to his foot about a week ago. We sincerely sympathize with our friend in his sad bereavement.

Nobody but a woman can write scientifically of woman's apparel. The man who attempts it is lost. It is different with Dr. Bull's Cough Syrup. Either sex is fully acquainted with the merits of this noted remedy.

There will be lots of fun at the Opera House to-night when the "Colored Aristocracy" is to be presented. The box sheet is now open at Yates'.

There ought to be some fine meat this Winter. The mast crop is said to be unusually large this season. Hogs that feed on pine mast make the best meat in the world.

We understand that several additional performers are to arrive here this evening from New York to join the "Colored Aristocracy" show at the Opera House this evening.

Goldsboro Argus: The circus has come and gone. It was simply a circus, without a double ring or menagerie—in fact, it didn't have any ring at all, but on the whole it was a pretty fair show, and gave money's worth.

Mr. J. A. Springer, the enterprising proprietor of the Central Wood and Coal Yard in this city has now in operation a machine for splitting wood, and the way it does its work is simply wonderful. It splits any size desired and with great rapidity.

It gives me pleasure to certify that Lieutenant Busiek of the Central Police District used Salvation Oil on a rheumatic arm. A few applications relieved him and wrought a permanent cure. Salvation Oil if called in will verify this statement.  
SERGT. H. A. RYAN, Central Police Station, Balto., Md.

There is a saying among the Chinese to the effect that the best way to keep a town or a city clean is for every one to sweep before his own door every day. How many housekeepers in Wilmington do this? There are some, of course, but not half as many as there should be.

Mr. J. A. Springer's patent wood-splitting machine was in full operation to-day and many called in to see the operation performed. For the present no charge will be made for splitting wood. Full measure is guaranteed in every load, and if found short it may be confiscated and turned over to the Ladies' Benevolent Society.

And Up She Goes.  
Coal has advanced in price in New York. Wholesalers have put it up 10 cents a ton on broken and egg sizes, 15 cents on stove coal and 20 cents on chestnut. To meet this retailers have put up the price 25 cents a ton and it is probable that there will be an advance of 30 cents a ton by the first of November. Dealers who have already bought largely ahead are in luck.

Resolved, That we, the Farmers' Alliance of New Hanover county, sustain Capt. S. W. Nobles and his committee in their answer to the Democratic Executive Committee, which was: "That we as true and steadfast Alliance men pledge ourselves to give neither aid, support, or comfort, nor to vote for any person or persons who cannot, and will not, co-operate with this Alliance in standing by and giving partial effect to the demands of the National Alliance."

Resolved, That we endorse the Progressive Farmer as our State or County Secretary.

**Forecasts.**  
For North Carolina, showers and stationary temperature.  
Local forecasts from 8 a. m. to-day, for Wilmington and vicinity, fair weather, followed by showers to-night and stationary temperature.

**Personal.**  
Lieut. Chas. F. Gerhardt, U. S. Army, is in the city on a brief visit. Lieut. Gerhardt was formerly of Wilmington but left here to enter at West Point, where he graduated some years later and now bears a commission as Second Lieutenant in the U. S. Army. His many friends here have been glad to see him.

**Syrup of Figs.**  
Produced from the laxative and nutritious juice of California figs, combined with the medicinal virtues of plants known to be most beneficial to the human system, acts gently, on the kidneys, liver and bowels, effectually cleansing the system, dispelling colds and headaches, and curing habitual constipation.

**The Tabernacle.**  
Mr. Jones preached three sermons yesterday at the Tabernacle—in the forenoon, in the afternoon and at night. There was a service for ladies this forenoon and at 7:30 to-night the last sermon will be preached. There were three collections yesterday; that in the forenoon was very large and is said to have been more than \$1,500.

**Interred at Oakdale.**  
The remains of Mrs. M. E. Waters, who died at Culpepper, Va., on Thursday, arrived here Friday night at 9:55 and were interred at 11 o'clock Saturday. The funeral services took place at St. James' Church, of which for so many years previous to the war the deceased lady was a member, and were conducted by the rector, Rev. Robert Strange. The interment was in Oakdale. The pall-bearers were Dr. A. J. DeRosset, Hon. O. P. Meares, Col. Jas. W. Atkinson, Col. Jas. G. Burr, Hon. A. M. Waddell, Col. Jas. L. Cantwell, Mr. Josh. G. Wright and Mr. Norwood Giles.

**The W. & A. Show.**  
The Worcester (Mass.) Gazette has this to say of the Washburn & Arlington Show, which is to exhibit here to-night:  
The company attracted attention to the show's notable number of horses and performers, by a procession through a number of streets, and created a favorable impression, which resulted in a generous patronage of their evening exhibition at Agricultural Park. More than 3,000 people attended the show during the evening, and barring the lack of pleasant weather, a verdict of satisfaction was gained. The acrobatic corps of the company, including the Brothers Vernon, of mid-air celebrity, a slack wire performer of great expertise, and Lowell, a wonderful contortionist, won special plaudits, notably merited.

**County Alliance.**  
At the regular quarterly meeting of New Hanover County Alliance, held on Friday, Oct. 3d, 1890, the following business was transacted.  
Roll call and all alliances present.  
When this County Alliance was organized last June a committee was appointed, consisting of Capt. S. W. Noble, J. C. Millis and others, who were instructed to ask the Democratic Executive Committee for a representation on the legislative ticket of farmers of this county. The same was refused and at another meeting of the Alliance another committee was appointed with no better result.  
The following resolutions were adopted at their meeting on Friday:  
WHEREAS Capt. S. W. Noble, Chairman of the committee appointed to confer with the Democratic Executive Committee of New Hanover county, concerning a just, fair and proper representation of the Alliance on the county legislative ticket, has made a report to this body. Therefore  
Resolved, That we, the Farmers' Alliance of New Hanover county, sustain Capt. S. W. Nobles and his committee in their answer to the Democratic Executive Committee, which was: "That we as true and steadfast Alliance men pledge ourselves to give neither aid, support, or comfort, nor to vote for any person or persons who cannot, and will not, co-operate with this Alliance in standing by and giving partial effect to the demands of the National Alliance."

Resolved, That we endorse the Progressive Farmer as our State or County Secretary.

**The Seacoast Schedule.**  
The Winter schedule goes into effect on the Wilmington Seacoast Railroad to-day. On and after that date there will be but two trains a day, each way, leaving Wilmington at 2:30 and 6:30 p. m. and the Hammocks at 7:50 a. m. and 8:30 p. m. The train will lie at the Hammocks at night. On Saturdays, in addition to the above, there will be a train leaving Wilmington at 10 a. m. The fare on all trains, for the round trip, will be 25 cents.

**The Assistant Minister.**  
Rev. Mr. Weaver, who has accepted the position of Assistant Rector of St. James' Church, has arrived and entered upon the discharge of his duties. Dr. Weaver—he is an M. D. but not a D. D.—was originally from Connecticut but some years ago removed to Georgia for the practice of his profession. There he became intimate with a priest of the Episcopal Church and decided upon taking holy orders. He is a fine musician and will give special attention to the choir of St. James'.

**The Pawnee.**  
The new steamship built by Messrs. W. P. Clyde & Co. for trade with this port, the Pawnee, arrived here about 7 o'clock on Saturday night. She is a fine boat, with a wooden hull, and staunchly built. She is under command of Capt. Tribou and brought out a large cargo. She is 216 feet long, 36 feet beam and 22½ feet depth of hold. She will draw 14 feet when fully loaded and has 6 feet 2 inches freeboard. Her tonnage is 1,210.26 gross and 858 net. She has two decks, with all of the necessary facilities for loading and unloading, and her carrying capacity is larger than that of the Gulf Stream. Her speed is 10 knots and she is fitted with three water-tight compartments and is equipped with steam steering gear, steam windlass, steam hoisting apparatus, two life boats and one raft. She can accommodate 20 passengers and the staterooms, which are all on the upper deck, are models of neatness and comfort. She is schooner rigged and can spread a large amount of canvass.

**Weekly Weather Crop Bulletin.**  
The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina Experiment Station and State Weather Service, co-operating with the United States Signal Service, indicate that the week ending last Saturday has been one of the most unfavorable of the season. Over the entire State during the first five days cloudy, drizzly weather with cold northeasterly winds prevailed, which not only has retarded or stopped outdoor farm work of all kinds, but has inured ungathered crops to a considerable extent. The rainfall was not particularly heavy, but continued day after day, combined with a gloomy appearance of the sky, which is so depressing. The damage to cotton especially is considerable, due to rotting or sprouting; picking of course has been retarded, preparation of land for wheat delayed, and the sowing of wheat and winter oats, while fodder has been nearly ruined. The last two days, October 3d and 4th, were bright and warm, and during the coming week, which is likely to be generally fair, farm work will be rapidly pushed forward. Killing frost is not probable before October 10th, by which time it is hoped that there will be few ungathered crops which can be injured by it. Tobacco is all cured, and corn will soon be sufficiently matured to be beyond danger.

**The Cause of Pain.**  
An ache or pain is not of itself a disease, it is but a symptom, and warns the sufferer that there is something the matter with his physical organization. Weak kidneys, bad blood, and nervousness are frequently the source or cause of the many mysterious aching sensations that afflict the body. You can remove the cause of such distress by using B B B (Botanic Blood Balm).  
C. H. Roberts, Atlanta, Ga., writes: "My kidneys were disordered and gave me excruciating pain. A single bottle of B B B helped me wonderfully."  
Wm. N. Nelson, McDonough, Ga., writes: "B B B has benefited my daughter very much. She was afflicted with severe nervousness. I think it the best family medicine."  
W. R. Ellis, Brunswick, Ga., writes: "I have tried B B B and it's a great thing for the blood. It also cured me of rheumatic pains."

**PLEASE NOTICE**  
We will be glad to receive communications from our friends on any and all subjects of general interest, but the name of the writer must always be furnished to the Editor.  
Communications must be written on only one side of the paper.  
Personalities must be avoided.  
And it is especially and particularly understood that the Editor does not always assume the views of correspondents unless so stated in the editorial columns.

**Very Annoying.**  
We succeeded last week in removing all of our goods and chattels to our new quarters on Second street, near Princess, and without the loss of a one issue of the paper until on Saturday night last, when our press gave way. The first side had been printed and a little later than usual the second side was put to press. A small part of the issue had been worked off when the press stopped and refused to budge. Thinking the trouble was a slight one, and could be easily remedied, the pressman went to work on it, and only abandoned all hopes of getting it straight when it was too late to get it worked off elsewhere. Our friends of the Star and Messenger were both very kind but we could not accept of the assistance of either because their pressmen had not come down and before they could have been found and got to work it would have been too late for the issue.

The disaster was a very mortifying one to us but there was no way in which it could have been foreseen or avoided. It was an accident, pure and simple, and one which we hope will never occur again. It is the first time, indeed, that it has occurred, during the thirteen years in which the paper has been published.

**DIED.**
