**Bible Readings.**  
It has been finally decided to adopt the following plan in regard to the Bible readings of Rev. W. J. Erdman:

The afternoon meeting on Monday will be at the Y. M. C. A. rooms at 4 o'clock. The night services on Monday, Tuesday and Wednesday nights will be at Grace Church, and on Thursday, Friday and Saturday nights at the First Baptist Church.

**The Annual Pound Party.**  
We would remind our readers that the "Annual Pound Party" for the benefit of St. James' Home, is appointed for Tuesday next, the 11th inst., and that donations of money, supplies and material of all kinds for domestic use are respectfully solicited in aid of the institution.

These annual donations have heretofore greatly aided in carrying on the good work of the Home, and it will be most grateful to the Sister in charge, who devotes her life and energies to conduct the various operations of the institution, if a liberal response is made to this appeal.

Although the Home is the property and under the management of St. James' Parish, its school and charities and moral influence are for the good of the entire community and not of any one church or denomination.

Contributions may be sent to the Home on Orange street, between Eighth and Ninth, any time, up to the date above mentioned, and all who feel an interest in this noble work are cordially invited to call on the afternoon and evening of Tuesday next.

This is to certify that I have used Dr. Bull's Cough Syrup in a case of bad cold and severe cough and found relief and cure, and cheerfully recommend it to any one suffering from the effects of cold. WM. P. FRAZER, 50 Barron St., New York.

"It is not madness that I utter, bring me to the test." I have said and I am prepared to stick to it, that this suffering world need no longer sigh with pain, since it is so well known that Salvation Oil kills it, without any trouble.

**Forecasts.**  
For North Carolina, fair weather until Saturday and slightly warmer. Local forecasts, from 8 a. m. to-day for Wilmington and vicinity, fair weather, slightly warmer and cooler to-morrow.

**Children Enjoy**  
The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious, the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

**U. S. District Court.**  
The following cases were disposed of in the U. S. District Court yesterday afternoon:

The case of Bryant Gaston, the colored highwayman, was tried and the defendant was acquitted. He was charged with assault with intent to rob the mail carrier, Mr. M. Capps, who was going along the Newbern road about twenty-two miles from the city, in company with a friend, on the 27th day of last June. They were stopped by Gaston who demanded their money whereupon Mr. Capps' friend drew a pistol and attempted to shoot Gaston. The pistol failed to fire, however, whereupon Gaston shot at them and escaped into the woods. After hearing the case the jury brought in a verdict of not guilty, there being no evidence to show that there was any knowledge on his (Gaston's) part, that he knew Mr. Capps carried the United States mail.

John Kennedy, charged with robbing the United States mail, submitted the case and was found guilty. Sentence has not yet been pronounced and an effort is to be made in the young man's behalf as there is good reason for believing that he is not in his right mind and has not been for a year past.

Bryant Gaston, charged with assault with intent to rob the mails, was found not guilty.

**The Latest News.**  
The summing up of the election returns finds the Democrats a long way ahead. The result has been better than even the most sanguine dared hope for. The column foots up New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Pennsylvania, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Missouri, Tennessee, Kentucky, Ohio, Indiana, Illinois, Kansas, Wisconsin, Minnesota, Nebraska and Montana. In some of these States we have made almost a clean sweep and in others we have gained largely. The three exceptions of Republican States are California, Washington and Nevada. The estimates are from 60 to 75 majority in the next House and a gain of a U. S. Senator in New Hampshire, New York and Kansas, and possibly also in Illinois and Colorado. We lose a Senator, however, in Ohio, which elects a Republican Legislature, although the Democrats have gained largely in Congressional districts. It has been one of the grandest victories known in the history of politics in this country.

**The County Canvassers.**  
The Board of County Canvassers met at the Court House at 12 o'clock to-day, in accordance with the requirements of the law to canvass the vote cast in New Hanover county.

Mr. E. G. Parnele was made chairman and Mr. Walker Taylor Secretary.

On motion, Federal Point township was called and the vote canvassed and ordered received.

Cape Fear township was next called and Mr. James Cowan presented himself and was duly sworn as a member of the Board. He reported that there was no election in Cape Fear. Thereupon one C. H. Thomas, without stating who he was, arose and said he had a paper he wanted to present. The Board declined to receive the paper, Thomas not being a member of the Board. Judge Russell, who said he appeared for Thomas, remarked, "you won't receive this paper then?"

The Board then received the report of Mr. James Cowan, Registrar of Cape Fear township.

Masonboro township was next called and the vote was received, canvassed and accepted.

Harnett township was next in order and this vote was also received with the exception of one vote for R. F. Holmes, illegally cast.

The Board then called for the Fifth Ward and the vote was canvassed and received by divisions.

The vote of the Fourth Ward was then taken up, canvassed and received.

The vote in the Third Ward was likewise canvassed and received.

The Second Ward was then called and the returns received and passed.

The First Ward, the last on the list, was then called by divisions, and the reports were received and passed.

The summing up gives the election in the county to the Democrats, with the exception of John L. Dudley for Treasurer, E. Hewlett, Republican, receiving a majority.

The average majority for each Democrat on the ticket is 45.

Everybody knows scrofula to be a disease of the blood, and Hood's Sarsaparilla is the best remedy for all blood diseases.

**Board of Aldermen.**  
A special meeting of the Board of Aldermen was held yesterday afternoon to consider the matter of the sewer now under construction on Princess street.

Alderman Pearsall submitted an ordinance making it unlawful to lay any pipe or drain in any street or alley of the city for the purpose of any kind of sewerage without the consent of the Board of Aldermen, and then only in conformity with such sanitary requirements as the County Board of Health shall prescribe in writing and under the direction of the city engineer as to the character and execution of the work. It further provided that any one offending against the provisions of this ordinance shall forfeit and pay \$50 for each violation.

Alderman Hicks wanted to hear from persons interested in the sewer under construction on Princess street, and also from Drs. Wood and Thomas, who were present.

Capt. R. M. McIntire, one of the parties interested in the sewer, stated that they had gone to work after making application to the proper authorities.

Mr. S. H. Fishplate said the company had received permission from the Chief of Police to prosecute the work, and he asked that they be allowed to continue it.

Dr. Wood, upon invitation, addressed the Board. He had carefully studied the whole matter of a system of sewerage for the city, and regarded what was being done as jeopardizing the health of the whole city; it was a piece of patchwork

from beginning to end, and dangerous in the extreme—an experiment that had been tried by other cities with the most disastrous results. He argued, also, that it would besides defeat any public system of sewerage by the city; instanced the fact that the temperature of the river in the summer reaches the point of putrefaction; Northern cities could with impunity do what we dare not do. It is no secret, he said, that genuine typhoid fever has increased, and its origin begins in sewage matter. He argued strongly in behalf of a complete and perfect system of sewerage by the city, under the direction of a competent scientific engineer.

Dr. Thomas expressed himself as thoroughly in accord with Dr. Wood, and urged the importance of a properly constructed system of sewerage. He instanced cases of typhoid fever which were directly traceable to foul and improperly constructed sewers.

Discussion of the matter was prolonged, and finally, the ordinance being submitted to a ballot, was rejected by the casting vote of the Mayor, who stated that he voted against the adoption of the ordinance because he thought the same privilege ought to be allowed the company as to other citizens, at least to complete the construction of the sewer now under way.

On motion of Alderman Post a sum not exceeding \$1,500 was appropriated to secure the services of a competent sanitary engineer and securing plans for a complete system of sewerage.

A communication was received from Mr. Pembroke Jones in regard to repairs of Chestnut street wharf. It was referred to committee, and the Board adjourned.

**Library Association Concert.**  
The concert at the Library Rooms for the benefit of the Library will come off to-morrow, (Friday) evening, commencing at 8 p. m. Tickets at Yates' and the Library Rooms. Price 50 cents. The programme is a very inviting one, containing vocal solos by Miss Annie DeRosset, Miss Bowden, Mr. Barbot and Mr. Mayer; piano solos by Miss Adrian and Mr. McHenry; mandolin and cello pieces by Mr. Murchison; and cornet duets by Mr. Krupp and Mr. Whiteley; the various pieces being accompanied by Miss DeRosset, Mrs. Taylor and Mr. Munson.

**The Advantages We Offer to PIANO AND ORGAN**

**CUSTOMERS ARE. THAT OUR INSTRUMENTS** are carefully selected by the undersigned and bought directly from the manufacturer. We have a very large stock, comprising all grades and styles, to select from. All our Pianos are delivered and kept in tune the first year by two competent tuners. As we are right here, we are responsible, which is not the case when you send for Pianos or buy from travelling agents, for when anything is wrong you may have a guarantee but this does not repair your instrument. By economical management we can sell you instruments at least 20 per cent. lower than you have to pay to travelling agents, for you have to help pay their heavy expenses. The instruments you buy from us are right here and consequently you do not buy the "cat in the bag."  
Over 300 instruments sold in Wilmington alone is the best proof that the public have confidence in our judgment and integrity.  
We sell for cash or instalments.
