The expenses of the Pan-American Conference were within \$20 of the total appropriation—\$125,000.

Almost 54,000 Frenchmen belong to the Legion of Honor, 32,021 of them being connected with the army and the rest civilians.

The construction of the newly opened City and South London Underground Line has occupied four years; its cost has been £200,000 per mile.

War with China cost England, between the years 1857-62, upwards of £6,000,000, and the Abyssinian expedition, 1867-70, the enormous sum of £8,300,000.

There are nearly two hundred cigar manufactories in Havana, some employing over four hundred hands. Each factory is taxed £1 a year for every man employed.

The highest priced autograph in existence is said to be the signature of Christopher Columbus, which is valued at \$300. Next to that is the only letter by Cornelle that was ever for sale. This is worth about the same as Columbus' signature.

Nearly all the property along upper Broadway, between 27th and 34th streets, is in the hands of a quiet old gentleman, who occasionally goes around and looks at his enormously valuable possessions and moralizes upon the changes that have taken place of late in New York.

Dr. Ferrari, of Paris, is believed to be the most enthusiastic stamp collector in the world. He has abundant means to gratify his whim, and will pay almost any price for a specimen he does not possess. He has spent about \$30,000 and has a collection which numbers 100,000.

The opposition to the candidacy of Ex-Postmaster General Vilas for the Wisconsin Senatorship has not abated during the last few days, and the Colonel's friends are somewhat fearful that they may not be able to win the fight. There seems to be a great many "big little men" in the State who are jealous of Col. Vilas.

Not long ago South Africa had to import all the coal she used, but now she mines all the coal she wishes for her own use and exports the surplus. The reason is that the coal fields of Natal have increased their output to a remarkable degree. The railroad managers say they are saving \$250,000 a year by using coal that is produced at home.

Salvation Oil is rapidly superseding all high priced liniments. It has been tested for some time past in all localities and its results have been rapid and satisfactory. It is generally conceded to be the greatest cure on earth for pain. 25 cents.

The boys will be glad to know that the forecasts from the Signal Office promise good weather until after Thanksgiving.

Hon. Daniel L. Russell and Messrs Marsden Bellamy and John D. Bellamy are in Raleigh this week on a "courting" expedition.

We are glad to hear that Capt. James has met with very encouraging success in gathering up donations for the poor to-morrow.

No place in the United States possesses better facilities for a day's outing than does Wilmington. Simply, "you pays your money and you takes your choice."

Some of the young ladies and gentlemen connected with Brooklyn Baptist Church are preparing to give a fine cantata some night during the Christmas holidays.

As usual, the REVIEW will suspend for Thanksgiving. No paper will be issued from this office to-morrow, but we hope to be with you again on Friday and tell you all about it.

We want Zeb Vance in the Senate and the "Zeb Vance" stove in your kitchen. They have been tried and found to be true; therefore we recommend them to you. N. Jacobi Hdw. Co.

Thanksgiving comes too late in the season and too near Christmas. The last of October or early in November would suit almost everybody. The crops are all made, if not housed, at that time.

The steamer Passport will make a special trip to Carolina Beach to-morrow, leaving here at 10:30 a. m. and returning at 2 p. m. This is a good opportunity for a short outing and back again in time for Thanksgiving dinner.

"How I dread to see night come on," said a lady to a friend, "my children cough from sunset to dawn." "And you can't stop that?" "Indeed no, I've tried so many things." "Well, throw those things away and try Dr. Bull's Cough Syrup, and if they cough then I'll engage to nurse them."

We regret very much to learn that Capt. John W. Harper is again very sick at his residence at Southport. He was getting better from the first attack but has had a relapse. We sincerely hope that we may hear better news from him soon.

Schr. Julia Elizabeth, Capt. Ingraham, of Nassau, arrived in the city this evening from that place with a cargo of fruit, sea shells, coral, etc. Capt. Ingraham says that he has 80,000 oranges, 300 bunches of bananas and about 25 barrels of lemons. The schooner is consigned to Messrs. Cronly & Morris, who offer the fruit for sale.

No, sonny, we do not know of a sportsman's manual which describes the difference in appearance between a bear and a bull, a deer and a dog, a wild cat and a woman, or a monkey and a man. Nor, in fact, how you can tell the difference between a partridge and a pullet, a jay bird and a jackass, or a duck and a dry goods clerk.

If any one needs to be put in a proper frame of mind for thoroughly enjoying Thanksgiving, he should read the Double Thanksgiving Number of "The Youth's Companion," which is just out. From the artistic cover in three colors to the Children's Page, it abounds with seasonable things, including no less than seven complete stories, one of which was awarded a Five-Hundred-Dollar prize in the recent competition.

Leading authorities say the only proper way to treat catarrh is to take a constitutional remedy, like Hood's Sarsaparilla.

Forecasts.

For North Carolina, fair weather till Friday morning and cooler, except stationary temperature on the coast.

Local forecasts, from 8 a. m. to-day for Wilmington and vicinity, fair and slightly cooler weather.

Another Big Evangelist.

The Rev. Elias S. Hanes, of South Dakota, one of the celebrated evangelists of the West, is expected to arrive in the city on next Friday evening. He will occupy the pulpit of the Second Advent Church Friday night. Mr. Hanes is blind. We are informed that his knowledge of the scripture is wonderful.

Confirmed.

The favorable impression produced on the first appearance of the agreeable liquid fruit remedy Syrup of Figs a few years ago has been more than confirmed by the pleasant experience of all who have used it, and the success of the proprietors and manufacturers, the California Fig Syrup Company.

A Substantial Footing.

Yesterday's Goldsboro Argus says: "The Carolina Inter-State Building and Loan Association, of which a branch was recently organized in this city, is rapidly obtaining a substantial footing in our midst and gaining favor with our people, as it must do when its superior merits are thoroughly understood. Mr. Iredell Meares, the general attorney of the association, was here yesterday, and stated that of no point in the State did the association entertain higher hopes than of Goldsboro. Its local board is constituted of men who are thoroughly in interest with the up-building and ever-widening progress of the city."

Arrived Safe in New York.

Bishop and Mrs. Watson arrived safe in New York this forenoon on the steamship Circassia. The ship arrived up at her dock at about 10 o'clock, and the Bishop and his wife are now at the Westminster Hotel. These facts were wired here to Dr. A. J. DeRosset.

The Circassia left Glasgow on Thursday, the 13th inst., and was therefore out two weeks, less one day. She is a slow boat and was not due in New York until Monday. Having encountered head winds, and probably fogs, off the Banks, she was detained beyond her expected time.

We do not know when Bishop Watson will return to Wilmington but presume that he will be here by Saturday night, as we have understood that it was his intention to remain in New York for a few days before coming on to Wilmington.

Wedding Bells Last Night.

The First Baptist Church was filled to its utmost capacity last night by the large number drawn there to witness the ceremony which united in marriage Mr. L. L. Pritchard and Miss Georgie Gore. The groom is the son of Rev. Dr. Pritchard, Pastor of the Church, and the bride is the youngest daughter of Mr. W. I. Gore, a charming, versatile and accomplished young lady.

The ceremony was pronounced by Rev. Dr. Pritchard. The church was beautifully decorated and the music was grand, the bridal party proceeding up the aisle to the accompaniment of Mendelssohn's Wedding March.

The maid of honor was Miss Hannah Bolles and the best man was Mr. W. R. Barksdale. The other attendants were Miss Lou Minor Mebane with Mr. A. M. Waddell, Jr., Master Claude Gore with little Miss Fannie Pritchard and Master Victor Boatwright with little Miss Bessie Gore. The ushers were Messrs. J. S. Hooper, T. Barksdale, A. O. McEachern and W. G. Whitehead.

A great many elegant and handsome presents were received. A reception was given at Mr. Gore's residence immediately after the ceremony and the spacious parlors were thronged until a late hour.

The Review Job Office.

Mr. Henry Hewlett has taken charge of the REVIEW job office and is now engaged in putting it in complete order. More material will be added and every endeavor made to put the office on a first class footing. Mr. Hewlett is a number one workman, of long experience and of good taste and we bespeak for him a share of the public patronage.

Married at Beaufort.

Mr. D. C. Hutton, of the Atlantic Coast Line office in this city, was married in Beaufort yesterday morning to Miss Lina P. Davis, a lovely and accomplished young lady of that city and the daughter of Mr. J. P. Davis. The marriage service was performed by Rev. E. M. Forbes, the venerable Rector of the church. Mr. Armand DeR. Myers, of this city, was first attendant. There were many handsome and useful presents. Mr. and Mrs. Hutton have gone North on a bridal tour and expect to return to the city early in December.

A Striking Likeness.

There is now on exhibition at Mr. Yates' bookstore a life-size photograph of the late venerable Mrs. C. G. Kennedy. It was taken by Mr. Cronenburg, the artist, at his rooms on Market street and from a small cabinet size photo, taken at Mr. Yates' gallery in 1875. It was ordered by the Women's Missionary Society of Grace M. E. Church and is to be sent by them to the "Catherine G. Kennedy Room," in the missionary college at Anadarko, Indian Territory. It is a faithful picture of one whose entire life was devoted to the welfare of her fellow beings and of whom it can truly be said that she has "entered into that rest which awaiteth the people of God."

Bootes' Baby.

Who has not read Mrs. Winter's charming little story with the above title? We have never seen the play but if the dramatization is anything like a faithful reproduction of the novel then it is sure to be a good thing. It will be presented here on Friday night by the Madison Square Company. It was presented 100 successive nights at the Madison Square Theatre in New York and at the Globe Theatre in London. Little Josephine Arthur, a charming little play of feminine juvenility, is the baby and the cast generally is a strong one. The company bring with them strong endorsements from our exchanges. The box sheet is now open at Mr. Yates'.
