We wrote yesterday that it was said that the First Virginia Regiment would be invited to go into camp next Summer with the N. C. State Guard at Wrightsville, but we were horrified last night when we read "Fayetteville" instead of "Wrightsville." We read the proof but did not note the error.

Col. J. T. Anthony has been re-elected Colonel of the Fourth Regiment. He received nine votes and Col. Martin received three. The latter was elected Lieutenant Colonel and Maj. E. F. Board of Aldermen.

An adjourned meeting of the Board of Aldermen was held yesterday afternoon, Mayor Fowler presiding.

Mr. A. L. Scott, the newly elected Alderman from the First Ward, having been sworn in took his seat with the other members of the Board.

The ordinance for the better regulation of the street railway, submitted at a previous meeting of the Board and action upon which had been deferred, was read by the clerk, and on motion was adopted; to go into effect twenty days after enactment. The clerk of the Board was ordered to furnish a copy of the ordinance to the Wilmington Street Railway Co.

A proposition from B. M. West to open up certain streets in the outskirts, was referred to the Streets and Wharves Committee.

A communication from D. L. Russell, Jr., keeper of the ferry at the foot of Market street, offering to keep the ferry flat boat on this side the river at night, for use in ferrying fire engines across the river, if required, for the sum of ten dollars per month, was on motion referred to committee.

Alderman Craft, from the Ordinance Committee, in the matter of application of certain citizens for the passage of an ordinance to prohibit "drumming" at the railroad depots, submitted the report of the committee thereon, recommending that no action be taken, in view of the fact that the police ordinances force are sufficient to prevent disorderly conduct. The report of the committee was adopted.

Alderman Craft, from the Ordinance Committee, submitted report on the letter from Mr. Chase, city engineer, recommending the adoption of an ordinance to establish a curb-line for the streets.

The committee recommended that action in the matter be deferred until after the expected visit of a sanitary engineer to make surveys and plans to establish a grade and for a system of sewerage.

Alderman Hicks moved that report be adopted. But Alderman Pearsall did not like this way of disposing of the matter. He did not think it would interfere with any of the work to be done by the sanitary engineer.

The matter was discussed at considerable length. It was stated that the sanitary engineer, Mr. Herring, would visit Wilmington before Christmas; that he had agreed to come and see what was needed for \$125 and travelling expenses, and would make surveys and plans for a sewerage system for \$1,000, which sum would include the \$125 if his services were engaged. It was further stated that one purpose in view in the establishment of a curb-line for streets, was that it would make the sidewalks so narrow in places where these encroached upon that the owners of property would be almost compelled to move back their fences or walls.

It was finally agreed to refer the report back to the committee, with instructions to report further at the next regular meeting of the Board.

Report was made by Alderman Craft, from the Ordinance Committee, submitted an ordinance concerning streets and pavements. The penalty for violation of the ordinance is a fine of \$50.

Alderman Pearsall moved that the ordinance be advertised once in two of the daily papers in the city, and that 3,000 copies of the ordinance be printed and posted and circulated in the city.

Alderman Craft did not like the posters. He suggested that the ordinance be published once a week for three weeks in the three daily papers.

Alderman Hicks did not favor advertising in the papers. He offered as a substitute for Mr. Pearsall's motion, that 3,000 "doggers" be printed and circulated.

Alderman Scott seconded Alderman Hicks' substitute and it was adopted.

Alderman Scott was made chairman of the Market Committee.
