An Alabama Doctor's Narrow Escape From Being Buried Alive.

From Thomasville, a thriving little town on the Mobile and Birmingham road, 102 miles north of this place, comes a story that is heard but seldom, and then too much credence cannot be placed therein, for nine times out of ten there is a certain prevarication or a knack of distorting and stretching the years, and it has never failed to do facts that knocks the truth out of the tale. But here is a true story: Sunday morning there died, to all appearances, lamy's Drug Store. Regular size 50c at Thomasville, a well known physician of that place-Dr. John W. Brand. He had lately removed from Randolph county and was about 65 years of age. He suffered several weeks from various complications, and finally the watchers at his bedside, one of whom was his son, saw him draw, apparently, his last breath and sink into the unconsciousness of death. The body was taken charge of by his friends, washed and dressed in the customary shroud and laid out in the parlor. An hour or two later the few friends seated in the room with the corpse noticed a slight twitching of the fingers of the deceased. They were somewhat startled, but did not lose their self possession and flee from the room, as is ordina they repaired to the side of the doctor and watched him closely. Then a movement of almost the entire body was noticed-a slight convulsion, in fact. Then two pieces of money that had been placed over the eyes of the dead man fell off, and he made an effort to open his eyes. This satisfied those gathered around him that life was still within the remains, and the body was tenderly carried back to the bed from which he had been removed a short while before a supposed corpse. Dr. Brand received every care, and he slowly revived. His first words when apprised of his condition were:

"How long was I dead?" All preparations for the removal of the body to his home in Randolph county had been made by the son of Dr. Brand, and it was arranged to ship the remains by the Mobile and Birmingham |er of the Generative Organs in eith r sex, train that passed Thomasville Sunday Exercisive Use of Tobacco, Optum or Liquor night. ### CONJUGAL LIFE.

Interesting Statistics Which Have Just Been Given Out by the Government.

The first data on conjugal life in the United States ever gathered by the government are given in a census bulletin. It shows that of a total population of 62,652,250 in 1890 almost three-fifths were single, a little more than onetieth were widowed. The divorces constituted a small fraction of 1 per cent. The actual numbers of the classes are as follows: Single, 37, 129, 564; widowed, 2,970,052; unknown, 70,214; married, 22,331,424; divorced, 120,996.

The males constituted over 51 per cent of the total population. Of 32,067,-880 males in the country, 19,945,576, were single, 11,205,228 married, 815, 437 widowed, 49,101 divorced. Of the females, 17,183,988 were single, 11,-126, 196 married, 2, 154, 615 widowed,

71,895 divorced. The proportion of widows, says the report, was nearly three times as great as of widowers, indicating that a greater portion of widowers remarry than widows, while figures show that divorced men have remarried to a greater

extent than divorced women. Of the married males, there were 23 out of 11,290,008 under 15 years of age; 585,748 out of 8,104,893 between 20 and 24 years, 1,728,930 out of 2,425,-664 between 80 and 84 years, 869,925 out of 1,233,719 65 years and over. Of married females, there were 1,411 out of 10,952,192 under 15 years, 313,983 out of 8,385,085 from 15 to 19 years, 1,444,712 out of 3,091,788 from 20 to 24 years, 1,805,064 out of 2,52ft of from 25 to 29 years, 1,717,26 2,568,-2,152,966 from 30 to 34 cm 35 to 44 266 out of 3,346,031 2,430,878 from years, 1,796,979 out of 1,499,-

Official Dudes Startled

The chappies in the state department are in despair. They cannot turn up their trousers any more—that is, they cannot wear them turned up and continue to work in the department. Secretary Gresham happened to see one of the chappies strolling leisurely through Summer St in the corridor one day last week with his trousers turned up in true London style. The next day this particular young man found a note on his desk directing him to devote himself to an especially uncongenial task, and one at which he would hardly care to have his society familiars see him engaged. At the same BEAUTIFUL IL OF time a horrid rumor was spread abroad with truly feminine emphasis and embellishments to the fact that Kenesaw Landis, the private secretary of Mr. Gresham, and a man who never takes any note of climatic conditions in London, had given the secretary his word that every chappie found with his trousers turned up should be treated to a week in Coventry. - Washington Letter in Boston Advertiser.

MRS. JOE PERSON S REMEDY WILL CURP INDIGESTION.

WILMINGTON, N. C. Last winter I was suffering very much from indigestion and general debility, with a broken-down system, followed with chronic dysentery. I tried one bottle of Mrs. Joe Person's Remedy and found so much relief and improvement I continued its use until I used the seven h bot le, which restored me to per-fect health, and I am now as sound as a silver dollar. I can cheerfully recommend it as a good restorative, b cod purifier and a build r-up of broken-down systems.

THE BEST IN THE WORLD FOR RHEU-MATISM.

Charlotte, N. C., Dec. 10, 18-4. I have used Mrs. Joe Person's Remedy, and is the finest medicine I ever used for Rheumatism. For more than 20 years I have been mi ted with Muscular Rheumatism, and had I was often so bad off and suffered so much that I could not lie down, but had to be propped up in bed I had been subject to these severe attacks for 20 years. I tried Mrs. Person's Remedy last spring, and am perfectly cured. It is the best medicine in the world. I think. No words of mine can express the benefit I have derived from its use. I suffered from palpitation of the beart from the least exertion. Of that I am perfectly relieved. My health is now perfect, and it is all owing to Mrs. Joe Person's Remedy. I am strong and well, and can take extended exercise without fatigue. I advise all who need a tonic, or are suffering with Rheumatism or Eczema, to ery known remedy, but without avail suffering with Rheumatism or Eczema, to take it I was induced to try it by its having cured my little gr. ndson of Eczema.

He bought me one box, and it has made a perfect cure of me. It has also cured me of a perfect cure of me. It has also cured me of Indigestion, and furthermore, after the birth of five of my children I would nearly less the use of my arms, and suffered untold agony with rheumatism and neuralgia. I have not been troubled with either with my last two children. I keep a bottle of the Remedy in the house all the time. My husband says it is better than a doctor. With all my other children I had great trouble with them during children I had great trouble with them during dentition. I can truthfully say, never did children cut teeth with so much ease and as ittle trouble as my last two have. Whenever I see any sign of their teething I commence taking the kemedy.
