OUTLINES.

In the U. S. Supreme Court, yesterday, argument in the case of the condemned Anarchists was resumed...

At the Forestry Congress recently in session at Hantaville, Ala., Kentucky, Georgia, Florida and Alabama were the only States represented.

A resolution was adopted asking Congress to make an appropriation in the interest of the lumber industry for the purpose of obtaining proper statistics of our merchantable lumber supply.

The concluding portion of General Henry Jackson's speech at Mason is certainly splendid and burning eloquence.

Miss Amelia Rives wrote "A Brother to Dragons," a short but most striking story. It was cast in the Elizabethan time and the style was an admirable imitation of that glorious period for letters.

Our esteemed contemporary, the Rockingham Rocket, copies two stanzas from "one of the Sisterhood" that appeared in the STAR and then gets off the following:

The cry is, "The internal tax is a war tax." Of course it is, and it is the very tax with which to meet a war debt.

Here is the closing sentence of the insulting and scandalous article the Boston "Smart Aleck" wrote for the Minneapolis Tribune, about which so much has been said:

It is hard to have respect for a woman who would sell herself to gross and repulsive man as Grover Cleveland, and one with a private record so notorious, for the bauble of a brief social ascendancy.

It is very "amusing" to read in fire-tried Radical papers denunciations of the Internal tax that they fastened upon the people and kept fastened as long as their friends got the offices and the rich findings and extras.

THE CITY.

NEW ADVERTISEMENTS. COLLIER & Co.—Auction sales. MUMSON—Lowest living price.

Mayor's Court. Alderman Fishback, Mayor pro tem., presided at the City Court yesterday.

A widowed lady, residing in the southern part of the city, charged with violation of a city ordinance in permitting her cows to run at large, was the next case.

While ingenious men are inventing car couplers to protect human life, will not some ingenious Edison devote his brain to the invention of some arrangement that will save cotton gin operators from losing fingers, hands and arms?

Local Notes. — And still it rains, with no signs of a let-up.

— The Gulf Stream sails this morning for New York.

— Maj. James Reilly, of Farmer's Turnout was in town yesterday.

— The streets are badly washed in many places by the heavy rain Thursday night.

— Mr. H. J. McDiarmid, of Manchester, Cumberland county, was in the city yesterday.

— Spirits turpentine sold yesterday at 33 cents per gallon—an advance of 4c since Thursday.

— The bad weather of the past three days has seriously interfered with building operations.

— The next thing at the Opera House will be "Jessie and Joe," five nights, commencing Tuesday, November 1st.

— Several vessels expected here four or five days ago from Southern ports are detained by the continued head winds.

— No arrivals from up the river yesterday. The steamer Hurt was reported on her way down, and is expected to-day.

— Mr. J. H. Mehekens, of Kingston, N. C., has been spending a few days here with friends and will return home this morning.

— Capt. Ingram, of the steamer Regulator, recently burned at this port, and Mr. S. A. Craig are booked as passengers on the Gulf Stream for New York.

— Receipts of cotton yesterday 1,187 bales. Total receipts since September 1st, 79,079 bales; last year to same time, 50,511 bales. Increase, 28,568 bales.

— A drove of Tennessee hogs brought from Columbia, S. C., by rail, could find no purchasers here and were shipped to Richmond, Va., yesterday.

— The total rainfall in Goldsboro during the twenty-four hours ending 6 p. m. yesterday was .80 of an inch. During the same time in this city it was 1.00 inches.

— The Cape Fear Steam Fire Engine Co. returned last night from their visit to the colored fair at Raleigh. Despite the miserable weather the members all say they had a pleasant time and greatly enjoyed their visit.

— Mr. Jno. W. Scott who has been employed for two years past by Wilmington Hook & Ladder Co. No. 1, as steerman for their truck, resigned his position a day or two ago, much to the regret of the company.

The Great American Comedian. A brief biographical sketch of Mr. John S. Clarke, the comedian, says that he was born in Maryland in 1834.

Foreign Exports. Messrs. Alex. Sprunt & Son cleared the British barque George Davis yesterday for Liverpool, with cargo of 2,300 bales cotton, weighing 1,050,575 pounds, and valued at \$98,600.

Mr. Edward Kidder's son cleared the schooner M. C. Mosely, for Galveston, Hayti, with 100,715 feet of lumber, 25,000 shingles, one barrel coal tar and one barrel rosin; the whole valued at \$2,007.83.

GOLDSBORO.

The Fair—Premiums Awarded—Another Race—(Closing Exercises, etc.) [Special Star Report.]

GOLDSBORO, October 28. It is a cause of gratulation that the managers of the fair association are able at the close of this, the last day of the exhibit, to state with a good deal of confidence that the fair has paid expenses.

This, under the circumstances, is a high compliment to the executive ability of these gentlemen. It is safe to say that if there had been favorable weather this week that this Fair would have been one of the finest held in the State, as it is it is a fair of which our people are justly proud.

The poultry supply would have done credit to an exhibit of the products of any people on the globe. The number of articles and their meritorious quality in this department so taxed the judges to decide that they had to adjourn over until to-morrow to complete their work.

If there were no praise to the particularly meritorious, half the incentive to success would be gone. With this view controlling us we cannot fail to call attention to the fine display of cotton, by Messrs. S. D. Sauls and Edgerton Finlayson & Co., of this city. The useful and the beautiful were never more harmoniously blended than in this display.

Messrs. Smith & Yelverton had a quantity and variety of hardware that ought to be sufficient to make any firm feel proud. The kind and quality are indicated by the premiums awarded.

There were some new posts and balusters made at the shops of Messrs. N. O'Berry & Co., of this city, that for beauty of design and artistic finish we have never seen surpassed, if equaled.

The space occupied by Messrs. Royall & Borden was carpeted with carpeting of pine straw from the Acme Manufacturing Company's establishment in this city, of great interest to us on account of its being a peculiarly North Carolina industry.

Your correspondent was to-day placed under general obligations to those who were in charge of the kindness and courtesies, but under special obligations to Mrs. S. S. Spier, Miss Rebecca Humphrey and Messrs. J. B. Whitaker, Jr., and T. H. Baie, secretaries. The premiums had not been awarded, but the standing committees. Orders of the day were fixed for several days.

Dr. M. H. Houston addressed the Synod on the Foreign Mission work. The report was a most encouraging one, made many practical suggestions, and closed with an eloquent appeal. On his suggestion a committee was appointed to make arrangements for the next meeting in February next, in the interest of mission work.

A complaint against the action of Mecklenburg Presbytery in regard to the liquor trade and a complaint against Wilmington Presbytery in regard to the licensure of a candidate for the ministry, were referred to the Judicial Committee.

An overture from Orange Presbytery asking if it be laid on the table and ordain a candidate at the same meeting of Presbytery, was referred to the committee on bills and overtures, which reported to-day that it was an appropriate and laudable report docketed for further consideration.

Mr. W. S. Primrose, of Raleigh, was elected Treasurer of Synod in place of Mr. Jesse Lindsay, of Greensboro.

At 8 p. m. Rev. P. H. Hoge preached a most appropriate and edifying sermon, preaching Rev. S. Taylor Martin was heard in behalf of Union Theological Seminary, in Virginia. He was followed by many in short and pointed prayer.

THURSDAY, October 27.—Synod met according to adjournment. Mr. John McLaurin, editor of the N. C. Presbyterian, presided. The report was docketed for further consideration.

Rev. W. E. McIlwain, by previous appointment, preached an eloquent and most practical sermon on the duty of the Church in raising up more ministers to enter upon the many fields now white to the harvest.

Rev. J. M. Wharey, agent of Sustentation, presented a report. He directed the attention of Synod to the fact that the ministry is better paid than any other profession.

Rev. Dr. J. H. Smith submitted the report of the directors of Union Seminary, of Fayetteville. It is rarely such our privilege to hear such church music, grand and solemn and elevating. The whole service was most edifying. Appropriate papers in memory of the deceased were read by different ministers—a beautiful custom this, to stop in the midst of business and record the services of men who have spent their lives in Christ's work. The complaint against Wilmington Presbytery was taken up, pending the discussion of which the Synod adjourned.

FRIDAY, Oct. 28.—After the opening exercises various reports were read, when the unfinished business was taken up.

Rev. J. W. Primrose ably represented the complainants, and Rev. P. H. Hoge and Dr. D. D. D. forcibly represented the Presbytery. Speeches were made by Capt. E. R. Stamps and Judge Avery against the complaint. The Synod took a recess till 3 p. m.

The Marine Hospital Bureau is informed that there have been seven new cases and four deaths from yellow fever at Tampa, Fla., since the last report.

PRESBYTERIAN SYNOD.

Reports—Foreign Missions—Sustentation—Addresses—Complaints from Presbyteries, &c. [Special Star Report.]

FAYETTEVILLE, Oct. 27.—Synod met Wednesday at 9.30 a. m., when the Moderator announced the standing committees. Orders of the day were fixed for several days.

Dr. M. H. Houston addressed the Synod on the Foreign Mission work. The report was a most encouraging one, made many practical suggestions, and closed with an eloquent appeal. The Marine Hospital Bureau is informed that there have been seven new cases and four deaths from yellow fever at Tampa, Fla., since the last report.

Weather Indications.

The following are the indications for to-day, received at 1 a. m.: For Virginia, light rains, followed by fair weather, slightly cooler, light to fresh variable winds shifting to northwesterly.

North Carolina, South Carolina and Georgia, fair weather, preceded by rain on the coast, slightly warmer, followed by cooler light to fresh variable winds, becoming northwesterly.

Treasury Decision. In a letter to the Collector of Customs at Charleston, S. C., the U. S. Commissioner of Navigation says in reply to a question whether cargoes of either American or foreign build not documented, are allowed to carry cargoes from Charleston to Wilmington, N. C., a considerable portion of the trip being on a river:

"These vessels are of a higher class than canal-boats, and they compete with sea-going sailing vessels. The tonnage of these American build vessels appear in the statistics of returns, which will not necessarily be the case unless they are documented. I find no authority of law for exempting barges of American build and ownership, trading as aforesaid, which might be documented, but are not from the operation of section 7 of the act of June 19, 1886, imposing a fine on undocumented vessels in certain cases. Documents should therefore be obtained.

The provision of section 4219 and 4220, Revised Statutes, apply in the case of the barges of foreign build, to which you refer. The decisions cited by you should be construed accordingly.

The Cape Fear S. F. E. Co. in Raleigh. The Raleigh Visitor of Thursday, gives the visiting firemen from this city the following complimentary notice:

"Captain Robert Morrissey, of Cape Fear Steam Fire Engine Company, is here with seventeen men of his company, and with a handsome engine. At 11 o'clock this morning they gave an exhibition at the corner of Hargett and Fayetteville streets of their proficiency as firemen, and of the power of their engine. At least twenty-five hundred people witnessed the test, and the visiting firemen were highly complimented. They showed the people here some things they had never before seen. A single stream was thrown over 200 feet horizontally, with 70 pounds steam pressure and 100 pounds water pressure. With the same steam pressure and 130 pounds water pressure four streams were thrown through siamesed hose to a height of over 100 feet. Chief Blake of the Raleigh Fire Department, and Capt. Morrissey special compliments for his steamer's excellent work.
