#### OUTLINES.

The Senate and House were in session vesterday; business of little importance. - Tammany celebrates July 4th in an enthusiastic manner; Cleveland invited; his letter to the society. - Mexican soldiers fire at two deserters as they are escaping to Texas. - The People's Party Convention at Omaha has nominated Gen. Weaver for President and Gen. Field for Vice-President. -The Georgia Railroad affairs; statement from the Receiver. - Six thousand of the Sioux Indians in conterence; all the big chiefs present. - Kansas county conventions. - Prospects of the

Free Coinage measure in the House. - Washington news-resignation of the Chairman of the National Republican Executive Committee. - Heavy defalcation by a New York bank. Destructive fire in Rhode Island; six thousand bales of cotton burned. -Spread of the cholera in the East.

- The Cotton futures market. -Chicago meat and grain market review. - New York markets: Money easy at 11/2 @2, closing offered at 11/2 per cent.; cotton steady; middling 7 5-16 cents; middling Orleans 7 11-16 cents; wheat dull and firmer; No. 2 red 89 cents in store and at elevator, and 91@911/ cents afloat; corn firmer and quiet; No. 2, 591/2@60 cents in store and at elevator and 60%@61 cents afloat; rosin quiet and steady; strained, common to good, \$1.221/@1.271/2; spirits turpentine dull but steady at 29% @30% cents.

The silver dollar isn't anything to be sneezed at, but it isn't the biggest thing in this campaign by a long

Grover Cleveland is pinning his faith to the people. He says as he received a majority of the popular vote in 1888 he will receive it again this year.

A Nebraska man wants a divorce from his wife because he says she tells lies in him. If she told the truth on him he would probably have still more cause for complaint.

A once trusted officer of the United Express Company at Washington got away with thirty thousand dollars recently, from which it seems they trusted him just once too often.

Judge Gresham has announced that he wouldn't accept the t. p. nomination for President on any platform. Judge Gresham has a pretty good thing in his \$6,000 a year life job and seems to know it.

The free coinage fight in Congress will be a free fight, but masmuch as it is to be a sort of family fight we hope it will be fair, square, manly, and no gouging, and then when it is over we want to see the boys get together and "shake."

The Georgia blacksnake is hard to get away with. He is good on the jump. Some boys saw one recently take a good running start down a steep hill, jump ten-feet and capture an unsuspecting sapsucker which was busily engaged in boring a pine tree for his dinner.

We publish elsewhere another letter from Hon. S. B. Alexander, to Mr. W. P. Oldham, of this city, which speaks for itself. To quiet any apprehensions on that score Mr. Alexander announces that he stands squarely upon the Democratic National and State platforms.

It seems that Mr. Campbell, the Chairman whom Mr. Harrison had put in place of Gen. Clarkson, as Chairman of the Republican National Committee, is an attorney of the Armour meat packing company. Mr. Harrison evidently expects to tap Mr. Armour's cash box for

small sized contribution. Thus far the third party has not had much influence in unbalancing the women, although it has set crazy a good many men who were supposed to be sensible. But the third party in Georgia seems to be uncommonly bad. It has set one poor woman so crazy that she wants to go to Tom Watson when she dies. She thinks Tom is a nice little angel.

Hon. Jerry Rusk as a weather engineer is not a success. While the Northwest has been soaked through with a succession of rain storms day after day for weeks, there are belts in Texas where they haven't had any rain, good, old-fashioned rain for three years. The Texas man can get along pretty well without water, but it is hard on the stock, the yerbs, &c.

**WHOLE NO. 7.873** 

It seems that Mr. Harrison has become disturbed over the situaton in the Carnegie steel works at Pittsburg, and has sent instructions to

Chris Magee, one of his lieutenants in Pennsylvania, that he must fix that business up, and that the quicker he does it and the more successfully he manages it, the greater his chances for patronage will be in the sweet by and by.

Gen. Weaver, who was nominated resterday as the nominee for Presideat by the People's party convention at Omaha, is a citizen of Iowa, was first a Republican, next a Greenbacker, and then Third Partyite. This will be his second tilt for the Presidency, having run as the Greenback candidate in 1886. He is a man of ability, and a good talker.

Alexander Guillaume Bulan, a 106 year old denizen of Ekaternioslav, Russia, committed suicide the other day. He did not do it, as might be supposed, because he had become weary trying to pronounce the name of that town, but because this slow, plodding world couldn't keep up with his gay and festive ways.

The Brooklyn, N. Y., directory for 1892 shows 3,200 Smiths, and it isn't good town for Smiths, either. There a several Johns among them.

city next Saturday. Bicycle Races at Ocean View.

The bicycle races at Ocean View took place between 6.30 and 7 o'clock p. m. on the Fourth and were witnessed by about two thousand people, who waited for the late trains especially to see them. There were three races and all excited a great deal of interest and enthusiasm

among the spectators. The first race was a handicap, one mile run, with the following entries: Yopp, McGowan and Marshall. The prize was a season ticket over the Sea-

coast railroad and was won by Marshall. The second race was a one-half mile run, with the following entries: Ramseur, Betts, Dingelhoef. Ramseur won this race and carried off the prize, a

handsome regulation "League of American Wheelmen" badge. The third race was a one-quarter mile dash-consolation-with the following entries: Betts, Dingelhoef and Bear,

and was won by Betts. The prize was a handsome nickel-plated bicycle bell. The prizes were given by the Seacoast Railroad Company, Mr. C. M. VanAmringe, proprietor of the Ocean View bath houses, and the hotel keepers; the latter also entertained the bicyclists in a royal

This morning about 2 o'clock as Mr Talbot Lashley, a well known young man, of this city, aged about 19, was passing along East Davie street, in locality known as East Raleigh, he was rudely run against by an unknown man. Lashley knocked the man down, who, after falling, drew a pistol and shot the young man in the abdomen, inflicting a very dangerous and perhaps a fatal

The wounded man was carried to his residence and a physician summoned. At latest accounts the ball had not been extracted. Most earnest efforts are being made by the authorities to capture the offender, .The locality is near the

corporate limits and very dark. There were several other young men with Lashley, but the stranger threatened to shoot any who interfered. None of them were armed.

CITY AFFAIRS.

Board of Aldermen in Session-Various Matters Discussed.

The Board of Aldermen met yesterday in regular session. All the members were present with the exception of Aldermen Thomas and Nixon. Mayor Ricaud presided.

The application of the Carolina Central Railroad Company for permission to build a track across Brunswick street below Nutt to connect with Hall & Pearsall's wharf, on recommendation of the Committee on Street and Wharves was granted, subject to right of the board to revoke at pleasure.

The same committee, in regard to Surry street, reported that no progress had been made, but that further report would be made at the next meeting of the board.

Report of Chief Newman, of the Fire Department, showing three fifes during the month with losses aggregating \$315, fully covered by insurance, was read and ordered filed.

Report of Dr. F. W. Potter, showing 31 deaths during the month of June-18 whites and 18 colored-a much smaller number than had been recorded for the same month in several years-was read and commented upon by Aldermen Post and Fishblate and the Mayor, as showing that the city was in a cleanly and healthy condition. Mr. Post stated that the deaths in /June, 1891, were 64-more than double the number during the past month-a fact showing that the city was in good sanitary condition, and fully refuting the idea that Wilmington was unhealthy. The Mayor H. W. Daugherty. Southport; A. J. thought that for the amount allowed to Galloway, Goldsboro; W. Parker, Bla- be expended for sanitary purposes-

showing. The Mayor stated that bids had been received for laying a concrete pavement in Front street market house, but for certain reasons he thought it advisable that they should not be opened

for the present. A motion by Alderman Fowler to defer action on the bids was adopted. Alderman Fowler called attention to the condition of South Water street between Dock and Orange, where the track of the street railway (the "dummy" line) diverted water that flowed down from Front street during heavy rains into private property.

Alderman Post said that during the absence of Mayor Ricaud his attention had been called by Messrs. Robinson & King to the same trouble at the toot of

Orange street. Mayor Ricaud said he took it for granted that the railway company had not provided gutters of capacity sufficient to carry off water under its track on Water street. Complaint, he said, had also been made about trouble during heavy rains at Mulberry and North Water streets. If it was not attended to promptly. he would take steps to have

the track torn up. A motion that the Chairman of the Streets and Wharves Committee give immediate attention to these complaints

was adopted. Alderman Walker called attention to the bad condition of Fourth street between Red Cross and Campbell, and this matter was discussed for a short time, when, on motion, the meeting adjourned.

AT CAROLINA BEACH.

A Glorious Fourth-An Immense Crowd-

Dancing-Base Ball-Fireworks. The Fourth was a pleasant day at Carolina Beach and was heartily enjoyed by visitors and residents. The crowd was immense, the steamer Wilmington on every trip having her full complement of passengers. There was music and dancing in the pavilion throughout the day and evening, and the festivities wound up with a display of fireworks at night.

Perhaps the greatest attraction was the base ball games played by the Carolina Beach team and the Atlantics of Wilmington. Two games were played, one in the forenoon and the other in the atternoon. The players were:

Atlantics-W. J. Oldham, Jr., catch; P. White, pitch; C. Cohen. 1st base; W. Furlong, 2nd base, Geo. Johnson, 3rd base; W. McR. Smith, short stop; Ed. Furlong, left field; R. Bray, centre field; J. Allen, right field.

Carolina Beach-Fred Harper, catch; Wm. Kenan, pitch; Eugene Berry, 1st base; Ino. Gore, 2nd base; A. Love, 3rd base; C. Grainger, left field; Clayton, right field; M. Woodward, centre field;

C. Robinson, short stop. The morning game was called at 11.30 a. m., with Rob Davis umpiring strikes and Rob Sikes umpiring bases. Battery for Beach team, Harper and Kenan; for Atlantics, White and Oldham. Kenan struck out 12 and White 5. This game was won by the Atlantics; score

CAROLINA YACHT CLUB.

Annual Regatta-The Prize Captured by the Idler-Senator Vance-Resolutions Adopted, Etc.

The yacht race at Wrightsville on the Fourth was one of the features of the day. Five boats were entered, the Mamie B, Capt. H. L. Fennell; Little Alice, Capt. S. P. Cowan; Comet, Capt. W. R. Barksdale; Idler, Capt. Pembroke Iones: Peggotty, Capt. H. Walters.

The race was called at 3.45 p. m., and the boats got off in good order. The wind was from the Southwest at the start, but during the race shifted to the Northeast and blew almost gale, during which the Idler had to go ashore to repair some slight damage, but notwithstanding this setback she won the race. The running time of the boats was as follows:

Idler...... 41 Peggotty ...... 1 42 Mamie B...... 1 55 

The judges were Col. W. L. DeRosset. Col. A. M. Waddell and Mr. H. A. Burr. The prize and the club flag were presented to Capt. Jones by the Commodore, Mr. Geo. P. Kidder, through Mr. Warren G. Elliott, and were received in behalf of Capt. Jones with befitting response by Mr. M. S. Willard.

After the presentation speeches, the Commodore of the Club, Mr. George P. Kidder, addressed the audience in a very graceful and feeling manner, calling attention to the fact that the Hon. Zebulon B. Vance and wife were sojourners at our seashore, and that as his was one of the first public assemt blages of representative citizens which had occurred since their arrival, he members of the Yacht Club and their invited guests here assembled, to express the great veneration and love in which our people hold the Senator, and to assure him of the pleasure that we find in his presence here at Wrightsville, as well as our earnest hope for his speedy recovery. The Commodore then said that feeling assured that these sentiments would find a responsive echo in the hearts of every man, lady and child present, he had taken the liberty of inviting a member of the Club to draft suitable resolutions, embodying these sentiments, and thereupon intro-

duced Mr. Iredell Meares. Mr. Meares then read the resolutions, and they were unanimously and cordialy passed by a rising vote. The resolul

tions are as follows: WHEREAS, The members of the Carolina Yacht Club, assembled upon this occasion of their annual July regatta, are pleased to remember the presence at our seashore of our great and beloved Senator, Zebulon B. Vance, accompanied by his accomplished wife, and are desirous of manifesting to them our hearty welcome and courteous consideration; therefore, be it

Resolved, That we tender to them an assurance of our cordial greeting, our best hospitality, and place at the dis-posal of themselves and their party the use and enjoyment of our club house, during their stay at Wrightsville.

That appreciating that the ill health of our Senator is largely due to the great overstrain of his unwearied, steadfast, long and patriotic service to our country, State and national, we are the more sympathetic and concerned in his even temporary indisposition, and earnestly hope that he may find at our seashore perfect recuperation, and return, with restored health and renewed energy, to the labors of his ever-widen-

ing field of public usefulness. That proud of his surpassing abilities and great public services, which have reflected honor upon our beloved State and made him the foremost Carolinian of his day, yet in common with all North Carolinians, we feel more endeared to im by those noble qualities of heart and soul which have brought his life in wondrous sympathetic touch with all classes of our people, and made his name an affectionate household word, alike in the mansions of the great and in-the cot-

tages of the humble That we cordially approve the Sena-tor's crowning act in conferring upon his distinguished better half the naturalization of North Carolina citizenship, and recognize that in her acceptance of the honor she has contributed by her identity with the State an additional charm

and grace to its womanhood. That these expressions of our greeting and appreciation of our Senator and his wife be conveyed to them by a committee of three, of which our Commodore shall be one, and that these resolutions be spread upon the minute book of the

His Lecture at the Y. M. C. A. Rooms Last Evening.

REV. THOS. DIXON, JR.

The rain which visited the city cooled the atmosphere to a delightful temperature, making the weather far more propitious for the occasion of the lecture by Rey. Thos. Dixon, Jr., at the Y. M.

C. A. Hall last evening. A large and select audience greeted this distinguished divine and lecturer and were most delightfully entertained. Rev. Dr. Pritchard, in his usual happy style introduced him, referring to the fact that he is a son of North Carolina, and that of his brothers-Frank, now preaching in California, A. C. Dixon, a pastor in Brooklyn, and "Tom"-as he is familiarly known-the Old North

State has just cause to be proud. Mr. Dixon then by way of preface said he was always glad to be in Wilmington-was proud of the fact that he s a North Carolinian-and that that very fact was the root of the recent personal difficulties in New York city. In North Carolina he had learned old fashioned notions about honor, integrity and honesty; that a thief is a thief anywhere, and in whatever station of life, but in New York it is not so regarded. In North Carolina if a man is guilty of malfeasance in office he is put in the penitentiary; in New York he is promoted

with an increase of salary. He then announced his subject, "The Almighty Dollar," and for nearly two hours held his audience within his power, as he swayed them with pathos, humor, argument and illustration, often drawing forth bursts of applause. He discussed the subject from Robinson's theory of truth, i. e. that "truth is the result of the component parts of two antithetic propositions," and from this thought the time auspicious for the drew the contrast between money as the strongest and the weakest power on

It is impossible for want of space to give a satisfactory report of the admirable and masterly manner with which h handled his subject. His powers are grand, and as he speaks his words seem to come spontaneously from a soul that is aflame with the thoughts which seem to crowd and press for utterance. The audience was delighted, and when with one sublime sweep of oratory he closed with a peroration that seemed to almost lift them to their feet, he retired amid thundering applause.

The ladies of the Whatsoever Circle are to be congratulated on the result of their effort, and Mr. Dixon may feel assured of the appreciation of a Wilming-

ton audience.

The Fourth at Ocean View. About two thousand five hundred people visited Ocean View on the Fourth and crowds were going down and coming up all day long. The attractions were the yacht race, bicycle race, and a grand display of fireworks at night, Music was furnished for dancing in the evening and at night by the Second Regiment Band. The surf was full of bathers and the beach was literally packed with ladies and gentlemen looking at the yacht and bicycle races. The

last train left the Beach at 12 o'clock.
