Republican delegations from North Carolina are becoming frequent at Republican headquarters in New York. When chairman Carter spies them coming he knows what they are coming for. They all want cash, and tell him that with the t. p. in the field they have a splendid showing for Republican success-if they can get the cash. The presumption is they get some. PRODUCE EXCHANGE.

Called Meeting-Resolutions on the Death of Mr. Donald McRae. A called meeting of the Wilmington Produce Exchange was held yesterday to

take action in the matter of the death of Mr. Donald McRae, a member of the The meeting was called to order by

the President, Wm. Calder, Esq., who on taking the chair, spoke feelingly and eloquently of Mr. McRae. It was moved that the chair appoint a committee on resolutions, and the mo-

tion being adopted, the chair appointed Messrs. R. W. Hicks, C. H. Robinson and Jno. T. Rankin. The committee reported the following resolutions which were unanimously

adopted: WHEREAS, This Exchange has been called to mourn the removal by death of one of its esteemed and honored mem-

bers, Mr. Donald MacRae, therefore, Resolved 1st, That as a testimonial of appreciation of our deceased friend we place on record our estimate of his character and worth as a citizen, and a business man. His occupancy of so many positions of trust and responsibility is evidence of the confidence reposed in him-a confidence assured by his unswerving probity, his sound judgment and his diligent attention to all interests confided to his care. A keen judge of character, determined severing in business methods, he

was successful in his business. He was public spirited, entering into such plans and enterprises as he believed would build up the place of his birth and his life-long home. He was benevolent, bestowing his alms quietly, when the bestowing was true charity. He loved his friends and admitted few others to his intimacy. He had a genial fund of humor and was an interesting and entertaining companion. Such was the man who has been removed from this and other organizations and by our entire community.

Resolved, 2d, That a blank page in our record book be inscribed with the name and date of his death as a memorial. Resolved, 3d, That the secretary of the Exchange send a copy of these resolutions to the family of the deceased, with the assurance of our sympathy for them in their affliction.

There being no other business before the Exchange the meeting adjourned.

TIMELY ASSISTANCE.

Rendered by the United States Revenue Steamer Colfax to a Disabled Schooner.

A correspondent of the STAR writes from Morehead City, N. C., September 16th, that "the United States Revenue Cutter Colfax has just towed into this port the British schooner Gleaner, of St. Johns, N.B., in a disabled condition. The Gleaner sailed from Darien, Ga., August 28th, with a cargo of timber for Mulgrove, N. S. Of her crew of six men, all told, four were down with fever since the 6th inst., and of these, one, (Hammond McNickle, steward) died on the 14th inst., and was buried at sea the following day, and another, John Moultin, seaman, of Risor, Norway, died as the vessel was brought to anchor. She had experienced very heavy weather for twelve days and had been three times driven across the Gulf Stream.

The two men left to work her-the captain and one seaman-were well nigh exhausted from continued watches, pumping and anxiety. The Colfax fell in with her six miles west of Beaufort bar the afternoon of the 16th instant and towed her to a safe anchorage off Morehead City. The wind was then light from E, S. E., and the weather cloudy and threatening. The assistance rendered by the Colfax was timely, as the vessel otherwise would have been unable to make port that night and might have again been driven to sea or ashore and her entire crew lost, either through exhaustion or want of medical attendance."

The Old, Cld Story.

D. W. Sloan, a young man who was in Wilmington a few months since, and who was known here as a helpless victim of the morphine habit, has turned up in Richmond. He was jailed there on a charge of drunkenness, but he was, no doubt, stupefied with morphine. He claimed to have been a graduate of the Keeley Institute and that he was discharged as cured of the habit. The Dis-

Recently he was imprisoned for thirty days on a similar charge, but his conduct was due to morphine injections. He served his time in jail, and had been out only about eight days when he was rearrested on Monday in a terrible state of drunkenness from the same opiate. He is very non-communicative, and only says that it was no fault of the Keeley He says it he could only get out of jail again he would return at once to the institute. Sloan is a trail. weak-looking little man, and says if he were not to use some drug his suffering at times would be unbearable. His manner of taking morphine is by injection, and his body is covered with marks caused by such a process of administering the opiate. Sloan is from North Carolina and is a printer by trade.

MORTON FOR THE SENATE.

Another Meeting of the Democratic Conferees-George L. Morton Unanimously Nominated for the Senate.

The conferees on the part of New

Hanover and Brunswick counties, appointed to name a Democratic candidate for the Twelfth Senatorial district, held a meeting yesterday and finally selected Mr. George L. Morton, of New Hanover, by a unanimous vote. Mr. Westmoreland, the conferee from Brunswick, stated that, in behalf of the Democrats of his county, he would support Mr. Morton with the distinct understanding that the nomination be given to Brunswick two years hence. This will unquestionably be done, and it is hoped and believed that the arrangement will give general satisfaction and that the full Democratic vote of the district will be polled for Mr. Morton. The district can be carried for the Democratic party by a good majority by earnest and hopeful work. New Hanover and Brunswick both gave Democratic majorities in 1890, and there is no

Mr. George L. Morton was elected in 1890 to represent New Hanover in the House of Representatives, and discharged the duties of the position with ability and with satisfaction to his constituents. With the experience already acquired in legislative business he will serve the people of New Hanover and Brunswick still more acceptably.

majorities in 1892.

During a recent visit to this city the Hon. R. A. Doughton, now the Democratic candidate for Lieutenant-Governor, and who was Speaker of the last House of Representatives, expressed the opinion to a STAR representative that Mr. Morton was one of the most capable and industrious members of the House, He was much gratified when informed that Mr. Morton would probably be a candidate for the Senate and that his nomination would be equivalent to an election. "Praise from Sir Hubert is praise indeed."

Southern Express Company.

This is the last Sunday the boys of the Southern Express Company will spend in their present location on Front street. Before the close of the present week they will be in their new quarters in the Atlantic National Bank building, immediately opposite the STAR office. The STAR will be glad to have such nice neighbors. The removal will give a fresh impetus to the business of Princess street. And, then, it will be so convenient for the field editor of the STAR to step across the street and swap a few dog "anecdotes" and bird reminiscences with Uncle Jack Williams, the yenerable sportsman of "Rhamkat," who actually believes everything he tells you about dog and gun.

Rev. Alexander Sprunt.

The Charlotte Observer has the folowing appreciative reference to Rev. Alexander Sprunt, so well known and highly esteemed in Wilmington:

"Rey. Alexander Sprunt, who spent Thursday night at Mr. D. P. Hutchison's, left yesterday for Rock Hill, where he will remain over toto-morrow, returning here Monday. Mr. Sprunt is at present pastor of the First Presbyterian church of Memphis, to which church he was unanimously called some months ago. Mr. Sprunt has recently had several flattering calls from Western cities, and North Carolina is thus to lose another of her brilliant young divines.

Hon. S. B. Alexander and Mr. Sol C Weill' spoke yesterday in Pender county, at Gum and also at Point Caswell. Wheelmen to the Front.

Let the wheelmen of Wilmington turn out in full force Wednesday night. While they cannot join in the procession on account of bad roadways on some of the streets, stoppages, &c., they can ride up and down Front between Orange and Red Cross streets, on each side of the procession, with a grand display of Chinese lanterns, and add immensely to the enthusiasm of the occasion. Turn out, boys, and help receive our gallant champion Adlai Steve.

Mr. H. G. Smallbones, agent of the Clyde Line steamers here, received a telegram from Mr. Clyde yesterday, stating that instructions had been given to masters of steamers of the line to take no passengers from New York to Wilmington or Georgetown until further orders.
