On motion of Mr. Durham, the rules were suspended, and the ordinance then put upon its third reading.

Mr. Tourgee moved an amendment making the term of office two years. Lost by a vote of 41 to 63.

Mr. Badger moved an amendment that no such officer shall be elected by the General Assembly or appointed by the Governor alone, or by and with the advice of the Senate alone. Lost by a vote of 49 to 58.

Mr. Blocker, Rep., in explaining his vote, said he saw no use of his side of the house offering amendments, as the other side evidently would vote all of them down, thus causing a useless consumption of time. Let the work of the Convention go on and this body adjourn.

Mr. Albertson moved an amendment striking out the word clerk wherever it occurred.

Mr. Durham called the previous question. Call sustained.

Mr. Albertson's amendment was rejected by a vote of 46 yeas to 55 nays.

The ordinance then passed its third reading by a vote of 57 to 49.

On motion of Mr. Durham, the rules were suspended and the following ordinance was considered:

"All marriages between a white man and a negro or Indian, or between a white person and a person of negro or Indian descent, to the third generation, inclusive, are hereby forever prohibited."

Mr. Albertson moved to strike out the word "Indian." Accepted.

Smyth, col., moved as an amendment that the word "negro" shall be stricken out. Lost, only Crosby, col., and Thorne of Warren, voting for this resolution, Smyth voting against his own resolution.

Crosby asked permission to withdraw his vote, and objections were urged, but the vote was withdrawn.

The ordinance then passed its second reading.

Mr. Durham moved a suspension of the rules to put the resolution upon its third reading. Rules suspended.

O'Hara, colored, offered an amendment that the General Assembly shall make the co-habitation of white men with negro women to the third generation a felony. Lost by a vote of 46 to 59.

A number of personal explanations were engaged in by a number of Republican members.

The Tourgee moved an amendment that it shall be a misdemeanor for a white person to have illicit sexual intercourse for the third generation. Lost by a vote of 48 to 61.

Mr. Durham moved the previous question, which call was sustained, and the ordinance passed its third reading by a vote of 92 to 2.

On motion, the Convention adjourned until Monday morning at 10 o'clock.

THIRTY-FIRST DAY.

RALEIGH, Oct. 11.

Mr. Bennett, from the Committee on the Judicial Department; Mr. Reid, from the Committee on Revision, and Mr. Manning, from the Committee on the Judicial Department, submitted reports, all of which were placed on the calendar.

Mr. Albertson moved to suspend the rules and to take up the ordinance defining the jurisdiction of the Supreme Court. The motion was adopted and the ordinance passed its several readings.

Mr. Manning, of Chatham, moved to suspend the rules and take up the resolution declaring that the General Assembly shall not pay special tax bonds without first consulting the people at the ballot-box. An acclamation vote was taken and the Chair announced the motion lost.

Mr. Morehead moved to suspend the rules and take up the ordinance reducing the number of State Senators to 25. Lost by a vote of 55 to 56.

Mr. Manning of Chatham, renewed his motion to suspend the rules and take up the resolution in regard to the payment of the special tax bonds. The yeas and nays were called and the motion failed to prevail by the following vote: Yeas 56; nays 44.

Mr. Turner changed his vote to the negative, in order to move a reconsideration.

By Mr. Jarvis, a resolution to adjourn *sine die* at 6 P. M. to-day.

He moved to suspend the rules and take up the resolution for consideration and adoption.

The yeas and nays were called on the motion to suspend the rules, and the rules suspended by a vote of 108 to 2.

Mr. Turner moved an amendment that the Convention adjourn to-morrow at 6 o'clock.

This motion incidentally brought about a discussion concerning the special tax bonds, participated in by Messrs. Turner and Clingman.

Mr. Durham moved the previous question, which was adopted.

Mr. Turner's amendment was lost.

The motion to adjourn at 6 o'clock was carried unanimously.

Mr. Wilcox arose to a question of personal privilege as a member of the Committee on Privileges and Elections, in which he represented that the action of the Convention in regard to the Robeson county contest was unwarrantable and an act of injustice to the people of Robeson county, to Messrs. Norment and McNeill and to the people of the State. He asked to be allowed to resign his place on the committee.

Mr. Withers, also a member, defended the action of the committee.

Mr. Manning of Chatham, chairman of the committee, said the committee had been as prompt in the discharge of its duties as it was possible for them to be.

Mr. Turner then took the floor on a question of personal privilege, occupying the floor for the space of an hour in an exposition of railroad funds. During his remarks some half dozen Republican members endeavored to reply to some of Mr. Turner's charges, and much confusion prevailed at one time, the Chair finally securing order.

Mr. Wilcox again obtained the floor in regard to the Robeson county contesting case.

Mr. Avery, on a question of personal privilege, in response to Mr. Wilcox, said the majority of the Committee on Privileges and Elections had used every effort to have the Robeson county case investigated, and said that Mr. Wilcox, as a member of that committee had never in committee meeting made any motion looking to an investigation.

EVENING MISSION.

Mr. Young moved a suspension of the rules in order to consider the question of paying the contestant from the county of Surry. Motion withdrawn.

Mr. Barringer, Rep., asked to read a protest from himself, and a number of his party friends against the action of the Convention, (being a document some 30 or 40 pages in length.)

Mr. Jarvis objected to the admission of the protest. It was wrong, grievously wrong, that at the hour of the close of the Convention a protest of any character against anything that has occurred during the session of this Convention should be offered by any one. Every fair-minded man in the Convention must admit that such conduct was totally wanting in fairness, and he was surprised at the conduct of the gentleman from Mecklenburg in doing this thing.

Mr. Barringer moved that the protest be received.

Mr. Tourgee moved the previous question.

Mr. Jarvis moved to lay the motion of Mr. Barringer upon the table upon which he called the ayes and noes, but before the vote could be announced (which had prevailed by some nine majority), the President announced that the hour of 6 having arrived, he declared the Convention adjourned *sine die*.

A MEETING OF THE MEMBERS AND RESOLUTION OF THANKS.

After the Convention had been declared adjourned, Mr. Manning, of Chatham took the President's stand and called the meeting to order, when Mr. Reid, of Rockingham, said that an adjournment of the Convention having taken place before the offering of a resolution of thanks could be made to the presiding officer of the Convention, he would now offer the following resolution, which was adopted:

Resolved, That the thanks of the members of the Convention present are due and are hereby tendered to the Hon. Edward Ransom, for the able, dignified, and impartial manner in which he has presided over the deliberations of the Convention.

Dr. Ransom responded as follows:

GENTLEMEN: The time has arrived for our dissolution, we shall soon be scattered to every part of the State to our respective homes, and in all probability many of us will never meet again.

Allow me to congratulate you upon the harmony and good feeling which has prevailed since we assembled; your labors, though they have been arduous and laborious, yet you have discharged them with that zeal and energy never before exhibited by any other legislative body; you have faithfully complied with the objects for which your body was called together and have discharged the high duties imposed upon you with honor and credit to yourselves.

I sincerely hope the amendments passed by you may meet the approbation of the people and be abundantly fruitful of great good in developing and promoting the peace and happiness of our citizens, as well as building up living monuments of honor and glory for yourselves more lasting than brass.

Permit me to return my unfeigned thanks for the resolution you have just passed so complimentary of myself as your presiding officer. I shall ever cherish it in my bosom as a high and warm expression of a satisfactory approval of the discharge of my duties, though without experience and feebly done. Yet I endeavored to discharge them honestly, impartially and satisfactorily.

It is with no little degree of pleasure that I return to this honorable body my sincere gratitude for the assistance, courtesy and respect which has been extended me as your presiding officer.

The Boys in Grey.

We were wont to admire the boys, who wore the gray, though it was not for the grey alone, but for the noble, chivalrous hearts that beat under it. They commanded the admiration of the true and the brave in every land. But how few admire a fine head enveloped in grey hair and whiskers—very few. We all love admiration and nothing in our appearance is more calculated to secure it than pretty hair. If old age, sickness or sorrow has robbed you of it, you can regain it by the use of Dr. Tutt's Hair Dye. Its popularity is so great that it can be found on the shelves of every druggist in the land.

EXTRAORDINARY OPPORTUNITY FOR THE RELIEF OF THE AFFLICTED.—The surgeons of the National Surgical Institute, located at Indianapolis, Indiana, have finally yielded to the many urgent appeals to visit the south. Three or more of the surgeons will be at the Pavilion Hotel, Charleston, S. C., November 3rd 4th 5th and 6th, 1875. They will have with them a great amount of surgical apparatus, appliances, etc., and competent assistants, and workmen to change, fit, and make such apparatus as may be required. They will come especially prepared to treat all surgical cases: Paralysis, all Kinds of Deformities of the Face, Spine and Limbs, Diseased Joints, Diseased Eyes, Catarrh, Private Diseases, Piles, Fistula, etc. On account of the great expense attending such a trip, they will not make another; therefore, all who wish to avail themselves of the advantages of the Institute, without the long journey to Indianapolis, must do so at this time. No cases will be undertaken without a fair hope of relief. It is needless to say that the institution is entirely responsible, and the largest and most popular of the kind in America, curing thousands annually. Remember the time and place, and come early. Send for circular. Send to the Institute for circular. oct 12-D&W 2m

Many than half of our mental troubles in this world arise from a disordered stomach. The digestive organs being out of order, the blood is vitiated and the whole system becomes weakened and debilitated. It is less trouble to keep the system in order, than to put it right after it has become deranged by disease. We know of nothing so good to keep the system right as Dr. Tutt's celebrated Home Stomach Bitters.

Mr. James Corrie, Dentist, in Baltimore, writes: "I have used Dr. Bull's Cough Syrup personally and in my family for two or three years, and am prepared to say that there is nothing to compare to it as a remedy for Coughs, Colds, etc."

NOTICE TO TRESPASSERS.

ALL Persons are hereby warned against shooting, hunting, fishing, cutting timber, or other trespassing on the lands known as the Orton Plantation, in the County of Brunswick. New York Naval Stores Market.

Oct. 10, 1875.

Receipts to-day, 887 barrels rosin, 115 do spirits turpentine, 100 do pitch. Spirits turpentine continued extremely favorable to the selling interest, and the market showing the natural inclination to exciteinent. Business, however, was small, partly owing to the small supplies available, and partly in consequence of the general indifference among holders. Sales were reported of 100 bbls to arrive at 39c and 100 bbls at 42½c, buyers' option, this year. Rosins were quiet, and we could learn of no sales, the higher rates of freight tending to check operations. Holders, however, remained about steady, and former rates were asked. Tar and pitch were without change worthy of record.

The following are the telegraphic advices: Liverpool—spirits turpentine steady at 28s 6d; common rosin steady at 5s; fine steady at 17s. London—spirits turpentine steady at 24s 3d; common rosin firmer at 5s 6d.
