## THE RUSSIAN NAVY.

In the event of Russia becoming involved in the war between Turkey and her revolted provinces, the great Northern power would be much better prepared than she was in 1854. Her army has been reinforced by new levies, and is armed and drilled after the latest approved models. With all his brilliant and aggressive qualities Nicholas aid not possess the cool brain of Alexander. The liberal and enlightened policy of the latter Emperor has strengthened him not only in the affections of his subjects, but in the respect of other nations.

Russia's ability on land is not easily ascertained. She can put two millions to d men in the field at a month's notice. But Russia will want ships if England takes a hand in the fray, and ships of the heaviest and best build. Can she get them in time? Has she got a navy that would pass muster on the Black Sea?

Up to 1862 the Russian navy was confined to wooden ships of the old pattern, supplemented by flotillas for gunboats for coast defence. After our civil war, armored and turreted vessels of the monitor type were speedily built, and three of them figured in the evolutions of the Baltic squadron, witnessed by Admiral Farragut, in 1867. At present the aron fleet of Russia consists of four fluiting batteries, eleven turreted monitors, and ten armored frigates of the first class. Among these the Peter the Great, of ten thousand tons, is one of the most powerful and invulnerable in existence, the plates of her cuirass being fourteen inches thick, and reaching some five feet below the water line. We should add that important additions are continually making to the fleet, and it appears that within ten years fifty millions of dollars have been expended for this purpose.

#### MASSACRE OF U. S. TROOPS BY INDIANS,

Whatever the ulterior rights of the Indians in the Black Hills Reservation, the public generally will receive with emotions of horror and regret the news of the death of Gen. G. A. Custer and three hundred of his men during a charge upon a village of Sioux near Little Horn. Custer was one of the most efficient officers in the service, a man of culture and rising abilities. He is the author of the articles descriptive of the Rocky Mountain country that have been appearing for several years in the Galaxy

and submit, through their foreman, Mr. N. Jacobi, the following report as the result of their deliberations;

Superion Court, June Term, 1876.
To the Hon. Judge A. A. McKoy, Superior Court, New Hanever county: We, your Grand Jury, have diligently inquired into all business of the county we deemed within our province and do pre-

PRESENTMENT

We have examined the poor house and hospital of this county. We find there is a total of 43 inmates in that institution, of whom 13 are white and 30 are colored; 22 are males and 21 are females. These are classified as follows: Insune 13, sick 21, convalescent paupers 9. The institution is clean and orderly and is well managed, but your Grand Jury would recommend that the Board of County Commissioners shall be required to make, or cause to be made by the medical attendant more frequent examinations of the patients in the institution, as there is good reason to think that many paupers keep themselves continued on the sick list after they are well, in order to avoid working, thus entailing double cost on the county; the fact that the rolls of the institution, kept by the efficient super-intendent, for some time past show less than one fourth the inmates as convalescent, is a strong argument to lead your Jury

The Court House needs repairs, also better provision in certain parts, viz: The door of the Grand Jury Room needs putting in order, and also the fastenings upon it, and there should be a drawer or receptacle provided with a good lock upon it for the use of the Grand Jury to safely deposit papers committed to their charge.

The room for the Petit Jury needs some attention; it should be furnished with table and writing material, in order that they may conduct their deliberations with decorous comfort to themselves. The plastering in many portions of the building stands in need of repairs, and should rec ive prompt attention, and a general cleaning of the paint work would greatly benefit the general appearance. We would urge the great necessity there exists for increas ing the ventilation of the Court Room: every one who has occasion to stay there for any length of time must feel the necessity that exists for this improvement.

We would report the county Jail as presenting a cleanly appearance and apparently well managed; the cells seem very secure and well fastened, being built entirely of brick, with stone floors, and secured with iron doors and good fastenings.

A matter of importance which attracts the attention of this Grand Jury is the insecurity of the county records in case of fire; the loss or mutilation of these volumes, containing as they do, the titles of large amounts of real estate, the originals o which, in many cases, it would be hard to find-if not impossible to produce-would be a misfortune of greater magnitude than we can contemplate, and we would there-fore suggest, for their greater security, the propriety of the county causing to be built a perfectly fire-proof one-story office, on the corner of the Court House square, where it will be separate from any other building, to be devoted entirely to the use

of safe-keeping the county records. The Work House contains, at present, 13 prisoners, of which 12 are male and 1 female. The jury pronounce the institution in a bad sanitary condition, say the prisoners are inadequately fed, and recommend to the Court either to improve the institution in these respects or entirely suppress it.

The bridge over Smith's Creek needs some slight (although important) repairs, and some of the smaller bridges need alter-

We would present that not sufficient care s exercised by the County Commissioners in the drawing of the panels of juries for the Court terms, to see that the names drawn are not returned to the same box from which they came. It would seem impossible that the list can be exhausted in such a short time as to bring some of the names on the jury list at intervals as short as one, two and three terms of this Court if errors of this kind should not occur, the effects of which are that one portion of our citizens do more than their fair share of jury duty, while others who should assist to equalize the burden are seldom, if ever,

We would ask particular attention of this Honorable Court and its aid to the Board of County Commissioners in its movement to that end, by the exercise of its powers for the suppression of the practice of magistrates employing or keeping around them runners - irresponsible parties -who make it their business to hunt up cases, however trivial they may be, for the magistrate to whose office he is attached and by whom he is frequently employed contrary to statute law, as a deputy constable-a duty which is frequently exercised in a lawless manner—thus giving good and serious cause of complaint to our citizens, also to the lawfully elected constables who are deprived of their legitimate occupation after having given bonds for the faithful

performance of official duties. In conclusion, we deem it worthy of remark, the great decrease of cases of crime before this Grand Jury, as compared with former terms, and argue therefrom that the great increase of educational influences, both secular and religious, are producing their ardently desired effects; that the seeds of learning and intelligence thus planted will eventuate to our great prosperity and welfare. Very respectfully.

(Signed) N. JACOBI, Foreman.

Sounds - The Wilmington Light Infantry Invited to Join I hem. We stated a week or two ago that the aFavette Light Infantry Company, of Fayetteville, had under consideration the project of paying a visit to the Sounds below this city at an early day, and we now learn that they have decided upon making the trip. They will come down on the 21st inst., bringing their tents, camp equipage, &c., with them, and will remain at the Sounds one entire week. The Wilmington Light Infantry Company has received an invitation to accompany them, with the understanding that the Fayetteville com pany will have plenty of tents, &c., to ac-

commodate both companies. At the regular meeting of the Wilming ton Light Infantry, to be held to-morrow (Monday) evening, the courteous invitation of the Fayetteville military will be taken under consideration, and it is hoped that Creek, Brunswick County, July 4th, 1876: \*\*\*\*\*\*

A party of ladies and gentlemen from Wilmington left in small boats for the above place, Tuesday morning, in order to celebrate the 4th of July, for which previous arrangements had been made. - There were on the spot about fifty persons. After the arrival speeches of welcome were delivered, when the meeting was called to order. B. F. Penny was chosen chairman, and M. Frank secretary. The chairman explained the object of the meeting, and the order of exercises were as follows:

shirt disturbers of the national peace at the Raising of the American flag on a high pole erected for the occasion. grounds to-day, and witnessed the national Reading of the Declaration of Indepen

dence by W. J. Penny. The following resolutions were th

unanimously adopted: WHEREAS, We have this day assembled here, in the county of Brunswick, to celebrate the one hundreth anniversary of American independence; that we as citizens of this country are proud of this glorious event; that we look back and forever love and eherish in our hearts the memory of those gallant heroes of one hundred years ago, who so nobly pledged their lives, their fortunes and their sacred honor to lberate this country from the oppressive British and to make it free and indepen-

Resolved, That we will always love our native land, the sunny South, while we forget past differences and struggles and accept the American "Star Spangled Banner," which we hope may always wave

"Over the land of the free And the home of the brave." Further Resolved, That we tender our thanks to our worthy host, Mr. Wm. R. Penny, for his kindness extended toward us; and that the Wilmington papers be requested to publish the proceedings of this

After the meeting adjourned all partook of an elegant dinner, and at about 5 o'clock P. M., left for home, well pleased with the day's enjoyment.

### The Case of James Heaton.

At 12 o'clock M., yesterday, the counsel appointed by the court to prosecute James Heaton, Clerk of the Supreme Court, for contempt of court and malfeasance in office, reported through Hon. Daniel L. Russell, one of their number, two rules of court, together with the affidavits on which they were based, which were read in open court, signed by the Judge and ordered to

One of these affidavits sets forth the fact that a rule of Court was served on M Heaton on the 3d inst., requiring him to appear in court and produce a certain indictment (which had been found by the grand jury at the present term of the court), charging Mr. H. with extortion is the exercise of his official duties, (which indictment could not be found), or in case of the non-production of the indictment, show what had become of it. The affidavit further sets forth the fact that the defendant, Heaton, after acknowledging the ser vice of the process, proceeded to destroy the same or conceal it, so that it does not appear among the files of the office.

Another affldavit was read, setting forth the fact that Mr. Heaton, after the service of the rule before mentioned, left the county of New Hanover, and was absent during the entire session of the court on the 5th day of July, and without any lawfully authorized deputy to act in his place

during his absence. Upon these affidavits the counsel asked for a rule of court requiring Mr. Heaton to appear Thursday, the 6th, (yesterday,) at 10 o'clock, and show cause why he should not be attached for contempt. By agree ment of counsel the time was postponed to 11 o'clock this morning.

For the State appeared Messrs. George Davis, Robert Strange, and Daniel L. Rus For the defendant, Messrs. M. & J. Lon

More Horse Stealing.

A white man, who gave his name as Thomas Dare, was carried to Goldsboro and lodged in jail, last Sunday night, on the charge of stealing a horse from Mr. Powell, of New Hope township, Wayne county. The Messenger says: "He had stolen the horse last Friday night, but was closely followed and overtaken near Jacksonville, in Onslow county, having him in his possession. The prisoner is quite a young man, and professes to be a machinist by trade, and says he has worked in the shops at Wilmington. His mother died in that city a year or two ago. He will probably go to Raleigh for a term of

Territories remaining to be organized into States: New Mexico, organized......1850.

Dakota, organized......1861 Montana, organized..... Cotton Bloom-The Crops

From Mr. John T. McKay, " an old typo," of Photos Landing, Bladen county, we have the first cotton bloom from his farm. He has twelve or thirteen acres in cotton and about thirty in corn, all of which is looking well. The crops generally intention of being disrespectful to the in that section, he says are good.
