DODGING THE ISSUES. Nowhere are the Republican ora tors speaking on the issues of the day. Afraid of reform, they go off on "flowery beds of ease," as they delude themselves into thinking, lisping in their sleep prettily about the dear Union that was saved by Republicaus from Democratic disloyalty Forgetting Belknap's living disgrace they go to talking about Hayes' tremendous war record. Omitting Babeock, and passing lightly over Grant, they descant in dulcet tones upon the fidelity of Morgan, the strong-mindedness of Morton, and the courage of unnumbered heroes. We thought the war was fought and that peace brightened the land. Not so, however, according to these superloyal speakers. The Union is yet to be saved. The Republican party, they contend, is the especial guardian | the number of Judges. angel of the Union.

This is Radical cant. Democratic speakers and writers must expose it, cut the sophistry into fine pieces and strew it on the winds. There is a ling the sessions to sixty days and the war waging. It is a war to the knife. and the knife to the bilt. That is true. But it is a war of honest men on thieves. It is a war of both old political creeds, a war of both sections, on corruptionists intrenched in place and power. Let that war go on.

The Yellow Peyer at Savannah-Pro-It having been definitely ascertained that

the terriple scourge of yellow fever is prevailing to a somewhat alarming extent at Savannah, and anxious to use every precaution possible to prevent its introduction in this city, Mayor Canaday yesterday issued a proclamation, under advice of the Superintendent of Health, forbidding any and all persons from the city of Savannah from entering this city until further notice. For the purpose of carrying out this order, officers will be placed on each train from the South six miles from town to quarantine all persons arriving from the infected

We also learn that Gen. Abbott, Collector of this port, has notified the officer in mmand of the U. S. Revenue Cutter Colfax to obey all orders of the quarantine physician in preventing vessels from ports infected with the disease from coming up

The Mayor assures us that every possible precaution will be taken and every available means adopted to prevent the introduction of the disease in this city, and that the necessary sanitary precautions will also be rigidly enforced here.

NO. 45 Something Official Claimed to be Cor rect - Only Thirty-Nine Cases Wednesday-Saultary Condition the city Declared to be Exectiont.

[Savannah News of Thursday.] We give the foregoing merely to show the wide range taken by Dame Rumor. The facts in the case, which we have been at some pains to collect, we present herewith, premising that they are official in their character, and may be relied on as accurate: On Tuesday last, at a meeting of

the Savannah Benevolent Associ tion, committees were appointed for the purpose of canvassing the city and reporting the result of their in-vestigations to a meeting to be held yesterday. This society is mainly composed of gentlemen who passed through the epidemics of 1854 and 1858, and who, consequently, have experience in the matter. On these mmittees will be found the names of such gentlemen as Capt. D. G. Purse, Col. C. W. Anderson, Capt. Fred. M. Hull, James H. Johnston, Esq., H. A. Crane, Esq., Col. R. D. Walker, Dr. Easton Yonge, Hon. J. L. Warren, Mr. J. M. Solomons, Col. G. L. Cope, G. C. Freeman, Esq., Col. E. C. Anderson, Capt. J. F. Wheaton, and many other business men in whom our people have confidence. These committees yesterday submitted their report, showing that there have been

THIRTY-NINE CASES of reported yellow fever, and that there had been nine deaths. They also showed that the sanitary condi tion of the city was excellent, but that, owing to the hard times, there was much distress among the poorer classes. In one instance a man and his wife were found sick lying on the bare floor, all of their bedding having been sold to buy food. In another place a family was found to these cases of simple fevers, which would ultimately prove fatal, the sufferers had neither food, physicians nor medicines. All these matters have been attended to, or will be today, and much distress alleviated. The mortuary report, which we pubish elsewhere this morning, shows that there have been nine deaths, seven of whom were children twelve years or under. TYTE TO FOR OU

How They Talk at Charleston. Charleston Journal of Commerce.

For some days Savannah has been umored to have cases of yellow fever. Within the last two days these rumors have been partially confirmed by reports from that city These reports have been spread until they have assumed definite propor tions. ton, N. C.: "To the Superintendent of Health Charleston, S. C.: "Are there any cases of yellow

ever in Charleston. If so, is it epidemic. Please answer and oblige, A. E. WRIGHT, "Sup't of Health, Wilmington." Dr. Lebby replied:

"CHARLESTON, Aug. 29. "Charleston is perfectly healthy No cases of bilious or yellow fever in he city or at the Quarantine Station, this summer. Entire bill of mortality, week ending 26th, as follows: Only 13 deaths of whites; six adults and seven children under the age of ROBERT LEBBY."

Dr. Lebby yesterday held a conference with Mr. Gadsden, the Superintendent of the Savannah & Charles on Railroad, and with Mr. Ravenel, the agent of the steamer Dictator. and has given them written instructions in regard to passengers from Savanuah. The captain of the steamer Dictator has been telegraphed to plaintiff. not to touch at Savanna thirty days quarantine.

Passengers from Savannah over the Savannah and Charleston Rail-road will be required to change cars at Yemassee, and will not be allowed to stop in Charleston.

Dr. Lebby is thus using precau tions to prevent the disease reaching this city, and also to place the streets and yards of the city in a state of pority. Dr. Lebby asserts that, in his opinion, the disease is certainly epidemic in Savannah.

A Tilden and Vance pole of great height was raised to-day, and the flag was hoisted amid the greatest rejoicing. A Tilden and Hendricks flaga real beauty-measuring 36x20, was stretched across Tryon street, and another, not quite so large, across Trade street.

Judge Fowle was escorted from the hotel to the beautiful yard of Capt. J. Y. Bryce. There was a long procession, headed by the excellent Charlotte Cornet Band. The orator of the day was introduced by Calvin E. Grier, Esq., President of the Zeb. Vance Club, and was listened to for two and a half hours by the immense audience, amid the most profound silence. Everybody pronounced the speech one of the grandest oratorical productions ever listened to in this city. A number of prominent gen-tlemen occupied places on the stand. After the speech the Judge was congratulated by many, and was made the recipient of a fine stand of flowers by the ladies, who composed a large part of the audience.
