committee, in accordance with a resolution passed yesterday, to make report on the subject of the desecration of the Sabbath by railroad companies: W. B. Clement, J. S. Bridges, E. W. Timberlake, Lawson Knott and L. C. Dunn.

The committee appointed to nominate preachers for the next session reported the following: To preach the introductory sermon,

Rev. R. H. Griffith; alternate, Rev. F. H. Jones. To preach the missionary sermon,

Rev. W. R. Gwaltney; alternate, Rev. Prof. W. B. Royal. The discussion of the report of the

Board of Missions was announced as the special order for the hour. Rev. N. B. Cobb called attention to the fact that there was another

mistake made in estimating the individual efforts of the Church; while there were, according to the statistics of last year, over 150,000 members and 1,607 churches in the State, only about 70,000 members, 720 churches and 360 ordained ministers belonging to this Convention. In esmating the contributions, per capita, therefore, 70,000 members should be

The regular discussion of mission work was then begun, and a number of the members participated in it, among whom were the following: Rev. J. B. Boone, Rev. E. L. Davis, Prof. L. R. Mills, Rev. H. W. The special order for this hour was postponed to allow Rev. Dr. McIntosh, Secretary of the Board of Home and Indian Missions, to address the Convention in advocacy of the cause which he represents.

There are twenty three Baptist churches in the Creek nation and from 3,000 to 3,400 members. The great need now was schools for their

children. Some \$25 was subscribed. The evening session was consumed by a discussion to raise money to build a church at Charlotte; \$1,-007 50 was subscribed in addition to materials valued at \$150.

FOURTH DAY. The committee on periodicals subthe Baptists of the State the Biblical might add a pair of trousers and a thick Recorder, Foreign Missions Journal, vest. and Kind Words. In reference to the Recorder the committee said that it was meeting the wants of the Baptists of North Carolina better than

cussion, adopted. The question of the agency came

up as the special order. The majority and minority reports made up by the committee to whom was referred the report of the Mission Board were read. The former recommended that no agent be appointed, that is, that the recommendation of the Board be adopted, and the minority report favored the appointment of an agent.

It was explained that an amendment had been offered to the minority report to the effect that the agent re-

commended to be appointed by this report, be selected by the Board of FOREIGN INTELLIGENCE. Missions, not by the Convention.

Mr. John E. Ray was not in favor of an agent. Rev. Dr. Jeter said he had been studying this question for years; it had been discussed repeatedly in Virginia, and it was his experience and observation that the eterest of the

Church was best advanced by an agent. Prof. Mills, Capt. C. M. Cooke, Elders J. S. Purefoy and T. H. Pritchard made remarks.

The question was then put on the minority report and it was rejected. The majority report, which the President explained left the whole matter of the agency in the hands of the drawn.

Board, was then put and carried unanimously. Rev. Dr. Jeter was granted the privilege of making a statement in reference to a monument for John

Kerr, to whose memory he paid a handsome tribute. He said that per week, and of unskilled workmen one though the great preacher was born in North Carolina, he had spent most of his life in Virginia, and he expected to apply to the Baptists of that State for help to raise a suitable monument to the memory of one who had done so much for the cause of religion. Not long ago he visited the grave of the distinguished minister, in Caswell county, and found only a small stone to mark the place. Many of the people who lived in the neighborhood did not know where it was. He would be glad to receive subscriptions for this purpose.

The committee to whom was referred the matter in regard to the violation of the Sabbath by various railroad corporations and employes of the same in the State, with the resolution of the Presbyterian Synod of North Carolina, reported as fol-

Adopted. The Finance Committee submitted a report of the following contributions in cash at the present Convention, which was received and adopted: For foreign missions, \$227 29; State missions, \$80 51; Education, \$16; Sunday Schools, \$32 50; Domestic and Indian missions, \$20 10; Rome Chapel, \$6 45-making a total of

\$382 85. An interesting debate occurred during the evening session relative to Wake Forest College. The President, Dr. Wingate, said: By next Commencement another new building will be completed, which will add greatly to the usefulness of the college. The prospect is bright, the outlook is full of hope. The number of students has steadily increased during the past three years.

[By Telegraph to the Morning Star.] CHICAGO, Nov. 13.-The Convention assembled this morning, and after preliminary exercises listened to the majority and minority reports from the Committee on Resolutions. The London Times on Mr. Evarts Position. [By Telegraph to the Morning Star.]

TORONTO, ONT., Nov. 13 .- A special cable from London to the Globe says: The Times, in an editorial article discuss ing the late correspondence between the United States and the British Governments, says "Mr. Evart's remarks concerning the unanimity of the award are very weak. If unanimity was the necessary condition of the award, it would have given each member of the Commission power to override the others. The objection that the amount of the award was more than had been expected, is not valid either in law or morality. But if the Commissioners did not confine themselves to the question submitted to them, that would be fatal to the award." Concerning the correspondence arising with regard to the Newfoundland fishermen, the Times says: "It is admitted at once that the conduct of these men is indefensible, but we must demur to the con-tention of Mr. Evarts that the law of the Newfoundland Legislature could in no case apply to fishermen coming from the States. Mr. Evarts' position is not sustainable. It is said in extenuation of the conduct of the Newfoundland fishermen, that they were not the first to take the law into their own

The President's Views on the Southern Question-The Utah Polygamy Cases, &c.

[By Telegraph to the Morning Star.] Washington, Nov. 13 .- The published statements affecting the President's views on the Southern question seem to have been exaggerated in both directions. The facts appear to be that the Administration has decided on no new step, but the President is thoroughly in earnest in his intention to protect citizens irrespective of political faiths. The instructions recently referred to in these dispatches as having been issued by the Attorney General, obviously contemplate this object, though there has been no change in their original tone and temper. The Utah polygamy cases, involving the question of Mormonism in that territory, are set for the present term of the Supreme Court, and the first case, George Reynolds,

To the Editor—Dean Sin: Please inform your readers that I have a positive remedy for the cure of the above disease, and that by its use in my practice I have cured thousands of cases of the worst kind and of long standing, and will give
ONE THOUSAND DOLLARS

for a case it will not cure or greatly benefit. Indeed, so strong is my faith, I will send
ONE BOTTLE FREE,
together with a valuable treatise, to any sufferers addressing me, giving their name, express and P. O. address. Please show this letter to any one you may know who is suffering with this terrible disease and oblige, Respectfully yours, Dr. H. G. ROOT.
