

HOW TO ORGANIZE.

The State Executive Committee request the publication of the following programme for organization:

1. Let there be a County Committee composed of active, working, zealous, intelligent men.

2. Let there be Township Committees composed of the very best men in the township. Right here the work is to be done, and hence the absolute necessity for the very best men of the party in the township.

Let each township be divided up into convenient districts, with as possible, such as roads, creeks, &c., each committee-man taking one sub-division under his special charge. In each sub-division let there be a sub-committee of three, or four or five, or as many as need be, with its proper township committee-man at its head, and appointed by him.

3. Let each sub-committee, by the 7th of October, prepare two lists of all voters in its sub-division, one for its own use, the other to be given to the chairman.

4. Let each sub-committee-man and each township committee-man examine the registration books from time to time, and check off the voters who have not registered, and then use every effort to get Democratic voters to register.

5. On the 14th of October let each sub-committee meet with its chairman and check the Democratic voters who have not registered, and make arrangements for inducing them to register. On the 28th of October let them again meet for that purpose.

On election day let the township, and sub-committees be early at their polling places with their lists of voters. Let the names of voters be checked off as they vote, and at one o'clock let a list of absent Democratic voters be made by the township chairman and given to the sub-committee-men, who will at once proceed to ascertain if the absentees cannot be induced to come to the polls and vote. For this purpose the chairman of the township committee must have provided suitable conveyances, and have them constantly ready to hand.

If this simple plan be carried out, our majority in the coming election would not be a vote less than 30,000. It must be remembered that the Radical party always polls its full strength. For its organization it has money in abundance, while we have to rely upon the fidelity and patriotism of our people. Let us see if we cannot put to rout again these 105,000 negroes. If we organize properly we will do it, for there are 190,000 white voters in the State. All we have to do is to bring them out. There are 50,000 who have never voted. Of this 50,000 nine out of every ten will vote the Democratic ticket if they go to the polls. Let us see that they get there.

Constitutional skin diseases of a scorbic character are successfully treated with Dr. Benson's Skin Cure, internal and external treatment, both pleasant. It certainly removes scrofula, eruptions, dandruff and tan and makes the skin smooth and healthy.

COTTON.

New York Commercial Chronicle.

New York, Aug. 25.—The movement of the crop, as indicated by our telegrams from the South to-night, is given below. For the week ending this evening (August 25), the total receipts have reached 12,352 bales, against 8,856 bales last week, 4,811 bales the previous week, and 4,815 bales three weeks since.

The exports for the week ending this evening reach a total of 12,178 bales, of which 10,415 were to Great Britain, 276 to France, and 1,487 to the rest of the Continent, while the stocks as made up this evening are now 128,619 bales.

Crops accounts have been good and improving from nearly all points. To-day prices opened at some decline, especially for August and the autumn months, but there was some recovery and an unsettled closing. Cotton on the spot has been moderately active (the limited stocks considered, for both export and home consumption, but quotations were reduced 1-16c on Tuesday. The movement of the new crop has continued quite small; yet holders have been disposed to meet buyers freely. To-day prices were again 1-16c lower, middling uplands closing at 12 1/16-16c.

THE HIGHEST RANK.—Made from harmless materials, and adapted to the needs of fading and falling hair, Parker's Hair Balsam has taken the highest rank as an elegant and reliable hair restorative.

IT TAKES SASS FROM NO MAN.

Brooklyn Eagle.

She was a shrewish looking woman and the magistrate eyed her suspiciously as he did: "You are charged, madam, with violence toward your husband."

"Am I a worm," she responded, "that won't turn when it's trod on? I guess not," and she glanced around the court room as if to discover the individual bold enough to challenge the veracity of that declaration.

"Did he give you any provocation?" continued his honor in a lower and more conciliatory tone. "Plenty of it. He called me his shattered old, judge, and as I never did take no sass from no man, I licked him."

The court gently observed that the case would have to go over.

Nervousness, peevishness, and fretting, so often connected with overworked females' lives, is rapidly relieved by Brown's Iron Bitters.

DEADLY FIGHT.

An American Kills One and Fatally Wounds Two Mexicans, and then is Killed Himself—All About a Woman.

(By Telegraph to the Morning Star.) DENVER, COLO., Aug. 30.—A Los Vegas (N. M.) special says at San Jeronimo, a small Mexican settlement, close to this city, last night, Jack G. Perry, an American, became involved in a fight with several Mexicans, over a Mexican woman. Perry shot and killed one, M. Gonzales, and fatally wounded two other Mexicans. The Mexicans then killed Perry.

QUICK AND SURE.—Many miserable people drag themselves about with failing strength, feeling that they are steadily sinking into their graves; when by using Parker's Ginger Food, they find relief, and commencing with the first dose, and vitality and strength quickly and surely coming back to them.

ALABAMA.

Protest of the Montgomery Cotton Exchange Against the Advance in Cotton Rates.

(By Telegraph to the Morning Star.) MONTGOMERY, August 30.—A meeting of the Montgomery Cotton Exchange was held this evening to consider the advance in cotton rates by the Southern Railway & Steamship Association. Resolutions were unanimously adopted that previous rates be higher than on other articles; that it will work to the disadvantage and loss of Montgomery; that it gives places doing a river business an advantage over those dependent on railroads; that eastern buyers cannot pay as much for cotton, which will greatly damage inland markets; that it will cause our receipts to fall off with very little profit to railroads; that it will be a direct tax on producers and greatly injure the trade of Montgomery and other inland cotton markets, and the South at large.

A committee was appointed to present the resolutions to the railroad officials, and request them to reconsider the change in the rates of freightage, as it will sooner or later cause shipments to flow into unusual and for sometime past closed channels of trade.

HORSFORD'S ACID PHOSPHATE

—LEMONADE.—Dr. C. G. Olmstead, Milwaukee, Wis., says: "I used several bottles in my family, annually, as 'lemonade.' I prize it highly."

YELLOW FEVER.

Mild Form of the Disease at Pensacola—No Reports from Brownsville.

(By Telegraph to the Morning Star.) NEW ORLEANS, August 30.—A Pensacola special reports 16 cases of yellow fever there to date, and two deaths. The disease is confined to one district, embracing four squares in the lower part of the city. There is no case west of Palafox street. The city is otherwise very healthy. The Board of Health have adopted the most stringent sanitary measures to prevent the spread of the fever. The means at their disposal is the quarantine fund only, and this will soon be exhausted. Nurses are furnished by the Board and disinfectants have been distributed in the yellow fever districts by sanitary inspectors. The aspects of affairs is more encouraging to-day.

WASHINGTON, August 30.—Surgeon General Hamilton to-day received the following: "Pensacola, August 29.—Nine cases of yellow fever reported yesterday and one death. Two cases reported today, and no deaths. The President of the Board of Health thinks the disease is in a mild form. The sick are reported doing well. The disease is confined to the lower part of the city, excepting a case in hospital. The Board of Health are actively engaged in disinfecting and are using all sanitary measures."

MISSISSIPPI, August 30.—Pascagoula, Miss., has quarantined against Pensacola. GALVESTON, August 30.—The manager of the Brownsville telegraph office and the office is closed. Hence, there is no news from there.

GALVESTON, August 30.—There were eight deaths in Matamoros to-day. The weather is very sultry.

WASHINGTON.

Secretary Folger and the Governorship of New York—The Exchange of U. S. Bonds.

(By Telegraph to the Morning Star.) WASHINGTON, August 30.—Secretary Folger stated this afternoon that if he is nominated for the Governorship of New York, and there is a fair concurrence of popular sentiment, he will accept the nomination.

Secretary Folger has issued a circular giving notice that in order to facilitate the work of the Department, the exchange of 3 per cent. bonds into 3 per cent. bonds will be suspended from September 20th to November 1st, which is the last mentioned time it will be resumed.

In reply to many inquiries Secretary Folger announces that 3 per cent. bonds received for transfer will be reissued in exactly the same denominations as received. Owners of large denominations will not be allowed to split them up into bonds of small denominations, as they are permitted to do in the case of all U. S. bonds.

One hundred and eleven Russian Jewish refugees, unable to support themselves in this country, were sent back to Europe yesterday, from Philadelphia.

Ticket No. 56,021. We had occasion to interview Mr. J. A. Burks, the Station agent at Robeline. Mr. Burks was the lucky holder of one-fifth of ticket No. 56,021, which drew the capital prize of \$75,000 in the Louisiana State Lottery drawing of August 8. He stated that he had forwarded the ticket to New Orleans, by the Southern Express Company, and exhibited a letter showing that the sum of \$15,000 was paid in cash, by the Lottery Company, without scaling or any deduction. Mr. Burks seemed delighted with his good fortune and was full of pleasant humor.

Mr. Burks is rather below the medium size; wears a light brown mustache and goatee, and has dark brown hair; he is genial, pleasant and sociable in disposition. He is a comparatively young man; has a wife and two children, and is a native of Sonoma, Ky., where he owns some real estate. He has been in his present situation at the Depot of the N. O. P. R. R. and in this State since last December. He takes his good fortune quite nonchalantly, and in a sensible manner. He says that he will retain his present position for some time to come. He is evidently an intelligent gentleman, of sound, practical judgment. He speaks in high terms of the promptness with which the Louisiana State Lottery Company cashed his ticket, without any quibbles or reductions, for any cause whatever. This is but one of the invariable instances showing that the Louisiana State Lottery Company deal honestly with the lucky holders of tickets drawing prizes in the wheel of fortune.—Natchitoches, La., People's Vindicator, Aug. 19.

Luke Pryor was nominated by acclamation for Congress by the Democrats of the Eighth Alabama District. Gen. Joseph Wheeler declined the nomination.

Say, maiden, with the raven hair, So beautiful and lithe and tall, With eyes so bright and cheeks so fair, Why let your teeth destroy it all? For they are dark, and feet the want Of a soft brush and SOZODONT.

ONE TICKET ADMITS TO ALL ADVERTISED SHOWS. CHILDREN UNDER NINE YEARS HALF PRICE. TWO GRAND EXHIBITIONS DAILY.

MALARIA

Malaria is an almost indescribable malady which not even the most talented physicians are able to fathom.

Malaria once having laid its hold upon the human frame, the door of the system is thrown open to nervous diseases. The body weak and enfeebled absorbs no nutriment, but subsisting upon food, the digestive organs no longer perform their functions; the liver becomes torpid, and other organs refuse to do their routine work, speedily becoming disordered, and dissolution and death are apt to ensue.

In addition to being a certain cure for malaria and chills and fever, Brown's Iron Bitters is highly recommended for all diseases requiring a certain and efficient tonic, especially indigestion, dyspepsia, intermittent fevers, want of appetite, loss of strength, lack of energy, etc.

Be sure and get the genuine BROWN'S IRON BITTERS. Take no other.

48th Popular Monthly Drawing of the COMMONWEALTH DISTRIBUTION CO.

THE UNITED STATES Circuit Court on March 25th rendered the following decision in the case of THE COMMONWEALTH DISTRIBUTION COMPANY vs. J. E. BARKER & CO.
