PEACE NEGOTIATIONS.

Reply Made to Li Hung Chang-President's Attitude Unchanged-Important Dispatch from Chaffee. Conger's Message.

By Telegraph to the Merning Star. WASHINGTON, August 22.-After s long conference at the White House to day the reply of the United States to the application of Li Hung Chang for the appointment of peace commissioners was completed, and a copy of the reply sent to the Chinese minister, Mr. Wu, to be forwarded to

Earl Li. The State Department made definite announcement that the reply had been conveyed to Mr. Wu, but added to its official utterance that the correspondence would not be made public until to morrow morning. A copy of the reply was sent to the other governments represented in China. The American reply is chiefly character ized by its firm tone and brevity. Its keynote is

The President's Attitude

as laid down in the American note of July 3d, and there is the strictest adherence to the points enunciated at that time. While the document is open to the construction of being a reection of Li Hung Chang's proposition for immediate negotiation, yet it is stated by those who have read the answer with care, and have had a part in its preparation, that rejection is probably too strong a term to apply to it. The United States places itself in a position of being ready at the proper time to take up peace negotia-tions, but in the present unsettled condition of affairs in the Empire, the lack of knowledge as to who are the esponsible rulers, and what constitutes the actual Chinese government, it is made clear that the time has not arrived for pursuing the negotiation proposed. The formal courtesy of diplomatic procedure is preserved, but at the same time the entire tenor of the document is one of force and firmness. The government of the United States takes the position that

Negotiations are Impossible with a government which cannot prevent hostilities against the forces of

the powers which were sent to the Chinese capital to save their envoys. As long as attacks are made on the troops of this and other governments of Pekin and the attacks in the vicinity of Tien Tsin, it is deemed that the Chinese government is either unwilling or unable to prevent these hostilities and for this reason negotiations must be deferred

It is stated, however, that the reply is a step in the direction of opening negotiations.

No question is raised as to the authority of Li Hung Chang to represent his government, but it is said that his credentials. like those of all others who come together for the purpose of nego tiating terms of peace, will be examined by the respective representatives and the validity of the papers of each representative determined by that body. The United States, however, in communicating with Mr. Wu, recognizes him as the official representative of the Chinese government. Minister Wu received the reply this afternoon and work was immediately begun on its translation, first on the American text to the Chinese, and then from Chinese into cipher. This took some time, and it was not until late in the day that the reply was actually dispatched.

Dispatch Prom Conger.

The most important development of the day as to the actual conditions in Pekin, came late in the afternoon, when the State Department made public a dispatch from Minister Conger, dated at Pekin only three days ago. It was given out with the following state-

The State Department authorizes the announcement of the receipt early this (Wednesday) morning through the consul at Che Foo, of a telegram from Mr. Conger, in the department cipher, to the following effect:

"Pekin, August 19 .- The entire city, with the exception of the Imperial palace, is now occupied by Japanese, Russians, British, Americans and French. It is being apportioned into districts for police supervision. The Chinese army fled. The Imperial family and the court have gone west-ward, probably to Si An Fu, in the province of Shen Si. No representatives of the Chinese government are in sight in Pekin and the conditions are chaotic. The palace is expected to be taken immediately. Many mis-sionaries have started for home, while others remain, in charge of the Christian refugees, numbering about 1,000. Minister Conger makes no mention of his desire to come home, and it is stated officially that this government has made no suggestions that he re-

turn to this country. The Military Situation

was of quite as much interest in today's developments as was the diplo matic. Admiral Remey reported early in the morning, bringing the story of the Pekin operations up to the 16th in Pekin and confirming the press report already printed of the death of the gallant Captain Reilly in the final assault on the outer walls of Pekin. The text of Admiral Remey's dispatch is as follows:

Fighting Near Tien Tsin.

"Che Foo, August 21 .- Taku, August 20—Dickens' command is landing to day. Pekin, 16th, all except Im-perial city cleared of Chinese troops; American troops first to enter Imperial city; have penetrated to the gates of the palace. Captain Reilly, of the artillery, killed on the 15th. Morning of the 19th the Sixth cavalry and about four hundred English and Japanese dispersed about 1,000 Boxers eight miles outside of Tien Tsin. About one hundred Chinese killed, five Americans wounded. Chaffee's losses six days' fighting."

London, August 22 .- "The allies are fighting outside Tien Tsin, August 19th," so Rear Admiral Bruce wires to the admiralty from Taku under date of August 20th, adding that the en-gagement was reported to have oc-curred six miles south of Tien Tsin.

Affairs in Pekin. An official dispatch from Tien Tsin,

dated August 20th and received at Tokio, repeats that the Japanese occupied the Imperial palace at Pekin August 16th, and says that about August 12th the Empress Dowager and the Emperor and ministers left Pekin with three thousand troops, their destina-tion, it is supposed, being Sian Fu.

The Signal Office contributed its quota of news in the following dispatch from Major Scriven, chief signal officer of the expedition, Idated Pekin, August 17th: "City occupied. All

The Signal Office says that while this dispatch was several days in coming through to Washington, there is reason to believe that the military telegraph line is now working into the Chinese capital. Some delays are expected at first, as the line is simply insulated wire laid on the ground, there being not enough timber in that section to erect it on poles, until lumber or iron poles are shipped in. Notice also was received at the department today that the Taku-Chefoo cable is in working order. It is thought there will soon be a direct and reliable line of wire communication from the War Department to General Chaffee's head-

quarters at Pekin. The Most Important Dispatch of the day was not made public by the War Department, but was the subject of an extended conference at the White House this morning between the President, Secretary Root and Acting Secretary of State Adee. It was from General Chaffee, and ar rived about the same time as the casualty list of the Pekin fight. It was dated the 15th, and therefore was not a reply to the message of inquiry sent to General Chaffee by the Var Department on Monday night. Still it answered a number of the inquiries contained in that message. It ealt entirely with military operations

and conditions. While it cannot be said to have con tained any bad news, and recorded the brilliant successes of the American troops who have borne themselves so gallantly in the assault on Pekin, contained enough as to the unsettled conditions in China, and the prospec of long and arduous work in restoring peace, to form the subject for a consul tation of some hours between the President and his advisors.

Troops Will Remain in China,

It was hoped in official circles tha when General Chaffee should be heard from, he would report that the work of the American expeditionary force had been accomplished by the rescue of the ministers and that the blow struck at the Boxer insurgents by the foreign column had dissipated these revolu-tionists and left China with hands free to make peace with the civilized world. Instead of this, however, General Chaffee had to report an utterly chaotic condition of affairs, and the capture of a capital whence all the heads of government had fled. There was nothing for the victors to do but to prevent anarchy by adminis tering on a derelict empire, which had fallen into their hands. Therefore the prospect opened up by Chaffee' dispatch is that the American contingent, of necessity, will be detained in China for some time to come, probably for the whole winter. This will no sitate the hurried completion preparations that already have been begun comfortably to subsist our army through the severe winter weather which will soon close in on Northern China.

American Policy Defended Semi-Officially in Germany.

By Cable to the Morning Star. BERLIN, August 23.-The semiofficial Berliner Post, in a long leading article, defends the policy of the United States in China against suspicions cast upon it by certain German papers that go upon the theory that Washington is pursuing separate aims. After reciting the history of Secretary Hay's success in getting declarations from the powers in favo of the "open door," the Post says that this is calculated to remove all false interpretations of American policy. It then goes on to say: -

Those Americans are to blame for this mistrust of the policy of the United States who demand that Presi dent McKinley shall come forward as the protector of the Chinese empire. and declare urbi et orbi, that the United States will regard as an unfriendly act any further seizures of Chinese territory, thus establishing an

American protectorate over China. The papers demand more earnestly than ever the immediate calling of the Reichstag in special session.

Mob Raided the City Prison and County Jail in Search of a Negro.

DETERMINED TO LYNCH HIM

Negro Assaulted a White Woman-City Building Wrecked-Two Persons Killed and Many Wounded The Militia Called Out.

By Telegraph to the Morning Star. AKRON, O., August 22.-Between one and two o'clock this morning Officer John Duffy arrested a colored man, who during the day confessed to Prison Keeper Washer of having attempted to assault Christiana, the daughter of Mr. and Mrs. Theodore Maas, industrious and respectable people who live on Perkins Hill. The prisoner has given his name as Louis Peck. He is about forty years old, married, and recently moved here. The story of his confession spread like wildfire throughout the city and

officers learned that an attempt would be made to-night to lynch him. In the Police Court to day Peck pleaded guilty and was bound over to the Common Pleas Court. His bail was placed at \$5,000. Several thousand people are ready to-night to lynch Louis Peck. A large crowd gathered about the city prison at 7:30 o'clock and forced in the doors. The prison was soon packed with the

mob and the officers offered no resistance, as Peck, earlier in the evening, had been quietly taken away to Cleveland. To satisfy the mob the officers suggested that a committee of six be appointed to search all the cells and go through every part of the building. This was done and as the negro was not found, a yell was made "Now for the county jail. Give us the nigger and we will deal with him."

County Jail Attacked. A mad rush followed for the jail

and soon the jail was in the hands of the mob. After going through the private apartments of the jail the crowd started to batter down the big iron doors. Deputy Sheriff Stone stood in front of the prison doors and made a speech. He informed the crowd that Peck could not be found in there and he told the people in the mob to select a committee and he would allow the committee to search the jail from top to bottom. A committee was quickly selected and the jail was searched every cell being examined. Satisfied that the negro was not there, the mob rushed across the street and forced open the doors of the county court house. The old court house was soon packed and all rooms searched excent the rooms in the treasury department. The city prison was again sur rounded and hundreds of people forced their way into the prison for the second time, insisting that Peck was there. Mayor W. E. Young at this time ap peared at one of the windows in he upper part of the building. He addressed the mob as best he could saying that Peck had been taken out of the prison at 4 o'clock by Sheriff Kelly and driven out of the city in a closed carriage. The people in the

At 10 o'clock the mob be an for the third time to attack the city prison. Some one in the crowd began shooting at the building. This was followed by several more shots. The officers in the building appeared at the windows and began to shoot over the heads of the people. A man with a shot-gun then fired at the officers. It is said several officers were wounded. The crowd then began to smash in the windows of the city building and the firing became general. Hundreds of shots were exchanged and one boy, name unknown, was carried dead from the street. It

is certain that dozens of men were

wounded. Militia Called Uut. Mayor Young is yet in the building and is directing a call for the militia. All the ambulances of the city have been called out and the excitement has become intense. The front of the city

building is a total wreck and the fire bells are ringing. At 10.45 P. M. Prison Keeper John E. Washer came from the city building and he was knocked down by a brick. He was badly injured about the head and had to receive medical attendance.

Two People Killed

It is known that two people were instantly killed and another person is dying at the city hospital. The dead

Glen Wade, aged ten years, shot through the heart. John M. Davidson's four-year-old child, shot in a baby cab.

Fred. V. Orwick, agent, 25 years of age, is badly wounded with buckshot. He is now dying at the hospital.

A man named Mull was shot in the head and also in one of his legs. Another man, whose name could not be learned, but who is a driver for the American Express Company, was shot

in the leg.
At 11 P. M. the crowd was beginning to leave for home and the indications are that no more trouble will take place.

Riot Still Raging.

Shortly after midnight the mob broke into a hardware store and stole all the fire arms and ammunition they could find, including guns, rifles and revolvers, and proceeded to the city building and opened fire on the defenders, and finally set fire to the Columbia Hall, which adjoins the city building. They will no doubt set fire to the city building before morning, as the flames are spreading rapidly.

Loss Roughly Estimated at Fifty Thousand Dollars-Fully Insured.

By Telegraph to the Morning Star. NORFOLK, VA., August 22.-The wholesale and retail hardware establishment of the Henry Walke Company was visited by fire this morning between 5 and 6 o'clock. The blaze started in the office and was discovered by a policeman, who sent in a general alarm. The flames spread rapidly, but after a hard fight for forty minutes the fire was extinguished. The office portion of the large building was completely gutted and many valuable books and papers were destroyed. The flames reached to the second floor but were stopped there. The cause of the fire is unknown, but is supposed to have been an electric wire. The company carries a stock of about \$100 .-000. The loss is roughly estimated at \$50,000, fully covered by insurance. The Henry Walke Company is one of the largest hardware concerns in the State. COTTON MARKETS.

By Telegraph to the Morning Star. NEW YORK, August 22.—The early cotton market was a comparatively narrow one, with the volume of spec ulation small. Trading was quite local. At the opening the general feeling was barely steady, with prices five points higher to ten points lower. The market developed a nervous feel ing, which continued throughout the session. Early cables were unsatisfactory and for a time after the open ing the feeling was towards higher prices on covering by some of the smaller shorts, who were easily frightened owing to the conflicting character of crop news from private sources and rather better run of later cables It became apparent, however, that ontside orders were not attracted by the more bullish overtures, and also that the larger shorts were not cover ing. This brought on a selling movement and the market again weakened and showed a nervous feeling. Toward the close the market weakened badly under heavy liquidation and bear hammering, based on reports of heavy rains in the Mississippi valley region and rapidly falling tempera ture in the Atlantic States. The market closed steady, five points higher on August but eight to ten points lower on other months.

NEW YORK, Aug. 22.-Flour had better inquiry to-day for spring wheat grades at a shade advance over yesterday. Wheat—Spot firm; No. 2 red 78c. Options were slow all day. At first a little higher on foreign buying and firmer cable, they subsequent-ly eased off through extreme dullness of trade and weakness in Duluth. From this they had a final sharp rally on export developments and heavy covering of shorts. Closed strong at 1/4c net lower. No. 2 red May closed 821/4c; September closed 78½c; October closed 79 1/sc; December closed 80 1/sc. Corn— Spot steady; No. 2, 45c. Options opened stronger on cables and covering, but lost the advance under reports of rain all through the corn belt. Finally recovered with wheat. September closed 44%c; December closed 40%c. Oats—Spot steady; No. 2 26c; options barely steady and dull. Lard steady; Western steam \$7 071; refined firm; continent \$7 40; South American \$8 00. Pork steady.
