The meeting did not elect effect unless something is done to Alderman. hold the cotton besides passing resolutions and giving advice. Individual planters who need the money or who have no means of storing their cotton are pretty sure to accept the market price when they are pressed to sell, especially as it is an uncommonly good price. If 3,000,000 bales are to be bride and groom. held for fifteen cents it will have to be done by some combination for buying up and storing it, and then it will not be the planters left on the morning train for Wilmingbut the middlemen in the combination who will reap the benefit.

"But it is not certain there will be any benefit. It will cost something to store and insure cotton, and proper warehouses have not been provided. If three million bales are held out of the market it is quite possible that the market to net Southern dealers fifteen nah and others. cents. There may be some hardship to manufacturers and some check upon their industry, which will have to be laid to the planters' combination instead of the speculators, but nobody can be forced to buy cotton at a price that will yield no profit. These of it. In the meantime the real might obtain a pension from the Unit- \$17,500 per year. price would be kept up to the ed States government, as the widow bear, and this would stimulate a at a remunerative price, and there would be another break and a new spasm to control * production. These efforts to baffle or control the law of supply and demand are short-sighted and clumsy, and in Old Carolina-Northern Receivership the long run they are sure to do harm and not good to all concerned, Better cultivate the general intelligence and judgment and leave it to calculate for itself than an order in the case of Richard R. attempt to replace it with the con- Barnes vs. the Atlantic Seaboard Com- afternoon the argument of counsel in coldsooro and was safely lodged in rell had originally intended to put a centrated wisdom of the few working in combination to profit at the of the Cardina-Northern Railroad expense of the many.'

It must be remembered that there are other forces besides supply and demand to control the price of cotton. For instance there are the plans of the bulls and bears to invent schemes to put the price of octton up or down as it suits their interests. The manufacturers also might have some thing to say in their organized capacity about prices but like the growers they go into a market growers they go into a market the annual banquet December 15th. met if this was done. Solicitor Lyon event the maximum penalty would be more or less affected by the specu. He will respond to the toast "North gave his approval. lative movement.

After all, the growers recog nize very fully that the law of supply and demand ultimately affects the price of cotton and that writes E. B. Reid, of Harmony, Me. Sutton, the Bank of Fayetteville by vague rumors of a lynching, but the is exactly what their organization "For the past five years, however, on Robinson & Shaw and S. H. With Stockholders' Meeting at Richmond Tuesday

RUMOR AS TO "ELLEN N Remarks by Mr. Walters-Dividend

Past and Present-New Board of

Directors and Examining

The Richmond Times-Dispatch esterday throws some interesting side-lights upon the annual meeting of the stockholders of the Atlantic Coast Line Railroad Company in that city Tuesday. The announcement of the resignation of Mr. Erwin came, the Dispatch says, like a thunder clap to the stockholders, who filled the room, The president had just finished read ing his annual report when Mr. Henry

Walters, chairman of the board, and the controller of the majority stock of the company, arose and quietly proosed Mr. Emerson for president. Mr. Walters took occasion to praise the adminsitration of Mr. Erwin, and to ell the stockholders that the retiring resident would still be closely idenified with the affairs of the road serving on the board of directors and as president of several subsidiary com

Mr. Erwin seconded Mr. Emerson's comination, and after complimenting Mr. Emerson, who he said had served by saying that there would be no rivalry between Mr. Emerson and himself other than in affection for the company.

Mr. Emerson, in accepting the presi dency, said that he had been connected with the company since 1875, four years longer than Mr. Erwin, and that he hoped to be connected with it or thirty years more.

Mr. Walters announced resident's headquarters hereafter would be at Wilmington, N. C. retirement was his far removal from the road, but to still retain the other morning the lieverymen got busy with offices he has held for some years. promise will pay the truckers \$10, carelessly left it in there the day be. will take charge of his new office on Mr. Samuel Blossom, of Castle Haynes,
