DR. LITTLE'S COMPOUND TONIC PILLS.
For the cure of children and half-grown persons
of Pale and Cadaverous Habits, Suppressed
or Painful Menstruation, Loss of Appetite,
Fever or Confusion of Bowels, Swelling of the
Face and Legs, Emaciation, Palpitation of the
Heart, &c.

By the use of these pills he has often cured
every disease of this important class, which are
always connected with, or dependent upon, a
weak or enervated state of the digestive organs.
Those who are afflicted with the diseases enu-
merated, need only to try them to realize their
good effect; and that too, in the use of a single
box of the pills, although it may take several
boxes to cure them.

The Compound Tonic Pills never operate
on the stomach, or disagree with the bowels,
nor do they require particular attention, except
to take one three times a day regularly. In no
less degree of success have these pills been used
in cases of females, whose habits are not well
established.

Dr. Little—Dear Sir: For over four years I
was afflicted with an exceedingly obstinate and
painful ulcer on the inside of my ankle, from
which I suffered extreme torture, and having
applied to several physicians, besides using
many of the patent "nostrums of the day,"
without any relief, and fearing from my grow-
ing worse every day, that my last resort would
be to the surgeon, to amputate my leg. I was
indeed finally to try your valuable Tonic Bitters
and Compound Tonic Pills. From the use of
which I soon found relief, and in less than
one month was entirely well; and I have
enjoyed uninterrupted health ever since, which
has been about a year ago. Truly yours,
HENRY TEMPLES,
Wilkinson Co., Geo., June 1850.

The fine-saline of the signature of Dr. W. G.
Little will be found upon the outside wrapper
of each of his Medicines.

Sold wholesale and retail, by the Proprietor, at
his Manufacturing Depot, No. 264 Market
Street, Philadelphia, and Mason, Georgia.

To be had also of James Cain, Rockfish;
A. Watson, Floral College; Townsend & Dou-
glas, Bennettsville; H. P. M. Calkins, Charlot-

VAYER'S
CHERRY PECTORAL
For the Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.

MANY years of trial, instead of inspiring the little
confidence in his remedy, has won for it an applica-
tion and notoriety by far exceeding the most sanguine
expectations of its friends. Nothing but its intrinsic vir-
tues, and the innumerable benefits conferred on thousands
of sufferers, could originate and maintain the reputation it
enjoys. While many inferior remedies flourish on the
community, have failed and been discarded, this has
gained friends by every trial, conferred benefits on the af-
flicted that never forget, and produced cures for our
users, and too remarkable to be forgotten.

While a fraud on the public, to pretend that such
one medicine will infallibly cure—still there is abundant
proof that the Cherry Pectoral does not only as a general
thing, but almost invariably, cure the maladies for which
it is employed.

As time makes these facts wider and better known, this
medicine has gradually become the best resource of the af-
flicted, from the top of the Alps and the Andes almost every
part of the European States. Through this entire
country, in every State, city, and indeed almost every
hamlet, it commands the highest respectability. It is
frequently applied for by the "British and Foreign Dispensary"
and many foreign countries. It is going to be extensively
used to disengage the most celebrated Physicians in Great
Britain, France and Germany, where the medical sciences
have reached their highest perfection. "Cherry Pectoral" as
introduced, and in constant use in the Armies, Hospitals,
Alms Houses, Public Institutions, and in domestic prac-
tice, as the surest remedy for all affections of the throat
and lungs, and for all the pulmonary affections of the
lungs—In no other mode, and for children it is safe, pleasant
and efficacious. In fact, some of the most celebrated
doctors, we receive have been seen personally, who
have found it efficacious in cases particularly incident
to children.

The Cherry Pectoral is manufactured by a practical
Chemist, and every ounce of it bears his own eye, with
invariable accuracy and care. It is so sold and packed
by lots from counterfeits, and consequently can be relied on
as genuine without adulteration.

We have endeavored here to furnish the community
with a medicine of such intrinsic superiority and worth
as should command sale. Its composition is entirely
of some safe, speedy and effectual, which this has by re-
peated and countless trials proved itself to be; and tried
by great numbers in preparing it, with the most care,
of uniform strength to afford Physicians a new agent on
which they can rely for the best results in all cases
with a remedy that will do for them all that medicine
can do.

Prepared and sold by **JAMES A. AYER,** Practical and
Analytical Chemist, Lowell, Mass.
Sold in Fayetteville by **S. W. HINSDALE,** in Clinch-
cock, by **W. A. WATSON,** in A. C. and by Druggists and
Dealers in Medicine everywhere.

TREES, SHRUBS, &c.
THIS is a fine season for planting trees, shrubs,
grape vines, strawberries, raspberries,
&c. In Winter, the drier the ground the bet-
ter, as the soil fills in round the roots closer
and lighter, without that packing which takes
place in wet weather.

To plant a tree or shrub, dig a large hole and
fill with soil rich with manure to grow good com-
pact. The best compost is a mixture of mellow clay,
decomposed vegetable matter, and a little ash or
lime. Always plant figs and other tender
trees on the North side of a fence or house, as
