CAN be effectually cured by DR. HOOFLAND'S CELEBRATED GERMAN BITTERS. Prepared by Dr. C. M. Jackson, at the German Medicine Store, No. 120 Arch Street, Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain, and pleasant.

READ AND BE CONVINCED.
From the Boston Bee.

The editor said, Dec. 8th,—

"Dr. Hoofland's Celebrated German Bitters for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor—a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience and to the afflicted we advise their use.

Look well to the marks of the genuine. They have the written signature of C. M. Jackson upon the wrapper, and the name blown in the bottle, without which they are spurious. For sale, wholesale and retail, at the

LAURINBURGH HIGH SCHOOL,

Richmond County, North Carolina.

REV. J. JONES SMYTH, A. M., PRINCIPAL.

THE second session of this Institution will commence on Monday the 11th of July 1853.

It is important that pupils should enter at the commencement of the session.

The High School has already taken its position among the very first Classical and Mathematical Schools in the country. Without any recourse having been had to special means to bring it into notoriety and with a simple dependence upon its own intrinsic merits, it has now grown into a great and well grounded popularity.

Few Institutions in the land can present such strong claims for patronage from an intelligent community. The ability and experience of the Principal; the large, airy and handsome buildings—their peculiarly healthy and pleasant location; the entire exemption from every incentive to idleness or temptation to vice, and the highly moral and religious influence of the surrounding neighborhood are no ordinary recommendations to parents and guardians who desire a safe and pleasant home for their children or wards.

The Trustees assure the public that no labor or expense will be spared in procuring every thing requisite for the intellectual and physical well-being of the students. Maps, Geographical and Astronomical Globes, Philosophical and other apparatus, sufficient for every purpose of illustration, are now ordered and will be at the High School in a few weeks.

In a word the Trustees appeal to what they have already done as a proof and guarantee of their determination to omit nothing in the organization and working of the school which will prevent it from being what it is called, a High School in every sense of the term.

Ample accommodations for boarders are furnished by the Principal, as well as by the most respectable families in the vicinity.

Books, Stationery, &c. are furnished at the Fayetteville prices

LEATHER BANDS.

THE subscriber has put up machinery for stretching, cementing and riveting Bands with copper rivets. The Bands are stretched with powerful machines, made expressly for that purpose, and the difficulty of bands stretching and ripping, under the common way of making them, is entirely removed by this process. Bands made in this way will hold their width evenly, run true, and have a uniform bearing on the drum or pully, and will give from 15 to 20 per cent. more power than those made in the ordinary way. They are made out of the best selected oak tanned Spanish Leather, and no pains will be spared to make them equal to the best Northern Bands, and will be sold as low as can be bought in New York.

New Enterprise at the South.

THE Proprietors of the South Union Woollen Mills make the following proposition to Southern planters, viz: Send your Wool to the above named Mills, in the condition in which it is sent to be made into rolls, (picked, washed and oiled,) and you can have it manufactured into good heavy Kerseys for 12½ cents per yard—the proprietors furnishing the warp. Having entered upon this enterprise, the proprietors are determined to succeed; and they know they will, if you will but give them your patronage. They make no factious appeal to sectional prejudice: they only say, try us, planters of the South. Wool carded into rolls at the above Mills with great despatch. A quantity of thick heavy Woollen Kerseys kept constantly on hand for sale. The above Mills are situated 5½ miles North-East of Rockingham, Richmond Co., N. C.
