The boast which has been going the rounds of the newspapers, that the State of Arkausas is Chitty on the Law of Carfree from debt and has more gold and silver in her strong box than will keep the Government spoiled by the Providence Journal:

"Well, this is cool, refreshingly cool. Arkansas owes a debt of over \$3,300,000, which she has repudiated, principal and interest. No excuse is offered for this shameful conduct. The State is rich, is abundantly atle to pay, and boasts an sent financial difficulties. A part of the repudiated

Caution to Country Dogs .- An occurrence which took place in this city last week, should be a caution to all country dogs. A wagoner from Talladega had his dog down with him, and in the course of business it became necessary for that dog to bite Ben Dexter. However, since that dog had last visited the city, the Western manufacturers had adopted the use of strychnine in making their liquor-of which fact Browzer was unaware. Suffice it to say, he bit Ben and died. Montgomery Mail.
