FIRST (and principally.) because it is not so dangerous to the human family, although for Rats, Mice. Crows. Moles, &c.. it is the quickest and most effectual remain of destruction that can be found in the world. Second, it being not altogether manufactured of mineral substances, but mostly of poisoneus stuffs found in the woods, is not therefore liable to "dry up" so soon, but will remain "good as new" for a number of years. Third, (and lastly,) it is eaten more greedily, while a much smaller quantity suffices, &c. But purchase a box and give it a TRIAL, you will never regret so doing. judgment pro confesso will be rendered against them, and the same heard ex parte as to them.
