ingly hopel: as dilemma, is worth all tue vestments of dignity which the world holds. It was this readiness in reparces which continually saved Voltaire from social overtura. He o.ce praised another writer very heartily to a third person. "It is very strange," was the reply, that you speak so well of him, for he says that you are a charlatan." "O!" replied Volumire, "I think it very likely that both of us may ie mis aken" Again, you must all have heard the sneedote of the young gentleman, who was discoursing very dogmatically about the appropriate sph re of woman. "And pray sir," screamed an old lady, "what is the appropriate sphere of woman?" "A celestial sphere, madam!" Rubert Hall sid not lose his power of retort even is madness. A hypocritical condoler with his misfortunes once vilited him in the madhouse, and said in a whining tone, "What brought you here, Mr Hall?" Hall significantly touched his brow with his finger, and replied, "What'll never bring you sir-too much brains" A rapid change from enthusiasm to nonchalance is often necessary in society ... I hus, a person once eloquently eulogisi g the sngelic qualities of Joan of Are, was sudeniy met by the petulent question, "What was Joan of Aro made of?" 'She was Maid of Orleans."

He excu-ed himself at first on the ground of the badness of the weather. She soon afterwards, however, interrupted him in an attempt to escape without her. "Well," she said, "it has cleared up, I see." "Wby, yes," he answered, "it has cleared up enough for one, but not enough for two." It was this reactiness which made John Randolph so terrible in recort. THE subsorators offer for reat their PLANTATION on the Cape Fear Biver, opposite Summerville in Harnett county, for 8 years. The facilities for improving with swamp much are very great. Terms \$8000 cash and one fourth of terness. "Isn't it a shame, Mr. President," said he one day, in the Senate, "that the noble bull dogs of the administratration should be wasting their precious time in worrying the rate of the opposition? Immediately the Senate was in an uproar, and he was clamorously called to order. The presiding officer, however, sustained him; and pointing his long, skinny fingers at his opand confinement of Alexander W. Currie and Daucas ponents, Randolph screamed out, "Bats did I say? mice, mice!"
