NORTH CAROLINA,

We learn that old John Robinson, the great showman, is heading this way, and may be expected here next month.—*Wil. Journal.*

The Fayetteville *Eagle* says: A gentleman, in a few hours last Friday and Saturday got $106.40 from our citizens for the sufferers of Memphis. Other contributions are being sent.

At the Kinston fire the prisoners were all released from the jail by the authorities as the jail was in great danger. They afterwards escaped from the guard, says the *Republic.*

The Rockingham *Spirit* says that the condition of Hon. Alfred Dockery is slightly improved. Strong hopes are now entertained of his ultimate recovery.

On Tuesday, October 14, Mrs. Ellen, wife of Col. P. J. Sinclair, of Marion, N. C., and oldest daughter of J. L. Arthurs, Esq., died near Pittsburg, Pa.

SUDDEN AND STRANGE DEATH.—Mr. Larkin N. Gilbert, a merchant of Lenoir, Caldwell county, died suddenly on the 15th inst. He was attacked with pain in the ear and died in a few minutes afterwards.—*Charlotte Democrat.*

PYTHIAN AID FOR MEMPHIS.—Maj. M. P. Taylor, on behalf of the Knights of Pythias in this city, yesterday forwarded to Memphis the sum of $89, the amount of collections made from the members of the order in this city.—*Wil Journal.*

The Enfield *Times* says that a stock company is forming in Battleboro for the purpose of starting a paper, with Mr. Robert Blow as editor, to take the place of the *Advance*, which will shortly be removed to Wilson.

The Tarboro *Enquirer* says: We learn that Tom Evans, the N. C. correspondent of the Richmond *Enquirer*, has in contemplation the starting at an early day a weekly paper in this State to be called *Evans' Independent.* He will work and print the paper himself.

The Statesville *American* say: The Fall Session of the Federal Court, Judge Dick, presiding, will open in this place, Monday, 20th inst. In the Circuit Court there are 145 criminal cases on docket, 17 civil and 6 equity; District Court, 87 criminal and 2 libel cases.

FIRE IN CHARLOTTE.—The machine shop of Mr. Jonas Rudisill was accidentally burned last Wednesday night. Mr. R.'s loss is estimated at $7,000, only $2,500 of which was covered by insurance. Mr. Rudisill has the sincere sympathy of all good people.—*Southern Home.*

The Fayetteville *Eagle* says: Mr. S. D. Pipkin, of Harnett, has on his farm a most remarkable field of cotton. It is of a highly improved variety, planted in hills, three stalks to a hill. In most of the hills from 180 to 200 bolls were found. The yield will probably be over three bales to the acre.

Kuklux court opens at Statesville today. All who submit their cases will be dismissed for the present—judgment suspended during good behaviour. It is understood that strenuous efforts are being by interested parties to re-open the kuklux trials. The "Puken" and twenty dollar lawyers, having spent their ill gotten gains, are anxious to make a fresh haul. There is no doubt that the views of the administration just now lean towards pacification and clemency.—*Southern Home.*

The Hon. Nat. Boyden, one of the Supreme Court Judges of this State, reached his home in Salisbury on Friday morning last, in a very feeble condition. He was prostrated at Saltville, Va., about a month ago, and as soon as he was able to move, Col. Buford, of the Richmond & Danville and N. C. Railroads, furnished a special car for his removal to Salisbury, which car reached Salisbury on Friday morning last about 9 o'clock A. M. But very little hope is entertained for Judge Boyden's recovery. His death may be expected at an early day, according to present symptoms.—*Charlotte Democrat.*

Graded Schools for Raleigh.

The following is the report of the committee appointed at the recent citizens' meeting on the subject of "Graded Schools for White Children," in this city:

To the Citizens of Raleigh:

The committee appointed by you to the subject of *graded schools for white children*, have investigated the matter with earnest desire to establish the same in this city at once. They find, however, that without a considerable cash expenditure, it is impossible to do so. The common school fund is only available under the school law to the extent of *one-half* the amount needed, it being provided that the other half must be raised by voluntary subscription.

Since the committee were appointed great financial difficulties have occurred affecting all interests in the United States. After consulting with various friends of education in the city, they think that an appeal at the present time to the liberality of our people will not be successful. Hence the committee conclude, that to avoid entering on so important a work with insufficient means and consequent danger of failure, it is best to postpone until such an effort can be made to procure from the General Assembly such special legislation as will enable them to carry out the objects for which they were appointed.

For the committee,
KEMP P. BATTLE, Chairman.

The other city papers are requested to copy.

HOME AFFAIRS.

To Correspondents.

We have received some interesting communications that will appear as soon as we can make room for them.

First Premium.

The pair of fine Kentucky match horses we noticed a few days ago, belonging to Messrs. Wynne & Yancey, took the first premium at the late Fair.

A New Resident.

A. C. Sanders, Esq., of this city, has purchased the celebrated trotter "Silk Stocking," who will now make Raleigh his permanent home.

Our late Fair.

We understand the gross receipts of money from all sources connected with our late Fair is between $20,000 and $21,000. This includes the gross receipts from the Gift Concert amounting to nearly $5,000.

Wide of the Mark.

The Charlotte *Democrat* sets down the number of persons present at the State Fair on Wednesday and Thursday at from 7000 to 8000. If the *Democrat* will double these figures he will be very near right. All of 15,000 were present on Thursday, by careful estimate.

Maj. A. W. Lawrence.

We learn that this gentleman has been appointed General State Agent of the Westchester (N. Y.) Fire Insurance Company and of the Workingmen's National Insurance Company of Louisiana. The North Carolina interests these companies could not be in better hands.

I O O F.

A call having been made on the brethren of this noble order in Raleigh by their brethren in Memphis, they have nobly responded. Seaton Gales Lodge contributes $125, Raleigh Lodge $100, and Manteo Lodge is now engaged in making its subscription. Nobly done.

Directors Appointed

Gov Caldwell appointed the following Directors, on the part of the State, in the Albemarle & Chesapeak Canal Company: C C Pool, Pasquotank; A M Moore, Chowan; E F Baxter, Currituck. Dr Palemon John, of Elizabeth City, has been appointed State Proxy. The next meeting of the Board will by held at Norfolk, Va., on the 23d inst.

The Southern Home.

The writer having been absent from his office failed to notice at an earlier day that Capt. Randolph A. Shotwell has become Associate Editor of this straight-out Southern paper. We wish him the greatest success in his present position. We speak advisedly when we say that he is a gentleman of decided intelligence, and writes with an ability that is alike creditable to him and to North Carolina journalism. His is not an untried hand however, he having served his editorial apprenticeship long since. We notice that the editor, Gen. D. H. Hill, has begun the publication of "Sketches of the Mexican War" taken from "his note-book."

A "Carpet-Bagger" Worth Talking About

Raleigh has just made a valuable addition to her population, brought about by the late successful State Fair. Col. F. D. Bunnell, of Northern Pennsylvania, but a native of Western New York, came to our Fair with a lot of fine thoroughbred Devon cattle, and was so much pleased with everything connected with the Fair, with the climate, with our city, and particularly with the energy of our people, as evinced in the Fair and its surroundings, that he at once resolved upon securing for himself a residence in our midst, and has purchased the old Boswell place on Newbern street, opposite the late residence of Dr. Meminger, for which he paid $18,000, and on yesterday made a contract for the erection of a house upon it to cost not less than $25,000. Col. Bunnell, however, has resided two winters in Elizabeth City, where he has purchased a large amount of property, and finds the health of his children to have been much benefited by the change from his Pennsylvania home. His property in Elizabeth City and vicinity consists in part, as we are informed, of the estate lying between and including the Perry and the Red Banks; the Clarke property; the Perry farm; the corner stores on Market and Main streets, and twenty-three tenant houses. He is now erecting one of the finest hotels in the country, in Elizabeth City. He has stimulated the people of the Sound towns into getting up a Fair at Elizabeth City; built the race track for them, and pledges himself to put a horse upon that track during the Fair that will beat 2:35. The Fair opens on the 7th of November. The Colonel has been awarded some $300 in premiums on his stock at our State Fair; but he has promised to the Society no trending purposes a pure, full-blooded, thoroughbred Devon cow, with calf, imported direct from England by himself. He informed us that if the State Society will establish near the Fair Grounds a model farm, he will contribute towards stocking it, from all his blooded cattle. Col. Bunnell will find that our people make a wide distinction between him and the "carpet-bagger" proper. We welcome him and congratulate our State upon the accession.

Meetings of the N. C. Agricultural Society

We give as follows a connected sketch of the proceedings of the North Carolina Agricultural Society, at its meetings in the Hall of the House of Representatives on Tuesday, Wednesday, Thursday and Friday evenings last:

TUESDAY EVENING, Oct. 14.

The Society met at 8 p. m., Capt. W. R. Davis in the chair.

Col. A. A. McKoy, of Sampson, having just returned from the Maryland Institue Fair, was called upon to state what he had seen there. He dwelt particularly upon the fine exhibition of cattle, and hoped to see North Carolina up with Maryland in that respect. To enable her to do so, he urged the raising of grasses, giving his own experience and that of others in his section. He then took up the farmer's protective system, urging the farmer to establish a moneyed institution, to be under his own control and management, from which he could draw supplies in case of need. He dwelt upon the necessity of each farm being self-sustaining; that "all cotton" encouraged extravagance, and brought cash which would be wasted, as it was last year, when the Southern farmers gambled away in cotton *futures* one hundred millions of dollars. Let every farmer, he continued, raise first what he needed to make his farm self-sustaining and then let the cotton come in, and the cotton money would be clear money. Wealth would then flow into the pockets of the farmer and not into those of the western pork merchant and the hay raiser of the North.

President Holt now took the chair.

On motion of Col. A. A. McKoy, the following resolution was adopted:

Resolved, That a committee of three be appointed to prepare suitable resolutions in regard to the death of our late executive Vice President Gen. D. M. Barringer.

The chair appointed on said committee Col. A. A. McKoy, J. M. Worth and Capt. John S. Dancy.

On motion of Col. Heck, the following resolution was adopted:

Resolved, That a committee of five be appointed to suggest amendments to our constitution, and present them at the next session of the General Assembly with a view to having them passed.

After a number of interesting addresses, the meeting adjourned.

WEDNESDAY EVENING, Oct. 15.

The meeting was called to order by Capt. J. S. Dancy, temporary chairman.

Col. McKoy, from the committee on that subject, reported a series of resolutions expressive of the sense of the meeting in the death of Gen. D. M. Barringer, which were adopted, and the following gentlemen were appointed a committee to communicate the resolutions to the family of the deceased: Col A. A. McKoy, W. S. Battle, Esq., and P. P. Pescud, Esq.

The president announced the following as the committee on amendments to the constitution of the Society: Hon W. H. Battle, Col A. A. McKoy, Hon J. C. Harper, R. L. Patterson, Esq., and Col J. H. Heck.

The meeting was then addressed by Gov. Caldwell, Col. Heck, Mr. Tebbell, Mr. Gregg, of N. Y., Col. Bunnell, of Pa, Col. Harper, Mr. Sampson, Mr. Morgan, agent of H. & F. Brady, of Ohio, and others.

Adjourned.

THURSDAY EVENING, Oct. 16.

The Society met according to adjournment, President Holt in the chair.

Mr. Samson, of Guilford, addressed the meeting on the value of root crops as food for cattle.

An election of officers for the ensuing year was then proceeded with and the following gentlemen were elected by acclamation:

President—Col. T. M. Holt.

Vice-Presidents at Large—Col. J. M. Heck, of Wake; W. S. Battle, of Edgecombe; Gov. T. H. Caldwell, of Burke; and Hon. J. W. Norwood, of Orange.

Secretary—Capt. R. T. Fulghum.

Treasurer—P. A. Wiley.

On motion of Capt. Fulghum, the election of Vice-Presidents from Congressional Districts was postponed till the constitution was amended.

Permanent Vice-Presidents—B. H. Smith, of Halifax; J. S. Dancy, of Edgecombe, and Kemp P. Battle, of Wake.

Hon J. W. Norwood presented specimens of evergreen grapes and spoke of the importance of encouraging a new system of raising the grape.

Col. J. F. Taylor urged the immediate establishment of a State Agricultural and Mechanical College, and offered the following resolution, which was referred to the committee appointed to revise the constitution:

Resolved, That a committee of ... members of the Executive Committee be appointed by the President to memorialize the Legislature on the importance of assisting the State Agricultural Society in establishing an Agricultural and Mechanical College upon the donated grounds of T. F. Lee.

The meeting was also addressed by Col. Wm. Johnston, of Charlotte, on the general agricultural history of the State.

Col. A. A. McKoy, of Sampson, addressed the meeting on the want of currency to move crops. This led to a discussion on the present Banking system which was participated in by Col. Johnston, Col I. J. Young and others.

On motion of Col. Heck, the President and Executive Committee were empowered to elect Vice-Presidents from the Congressional Districts after the constitution is amended.

The meeting then adjourned till to-morrow night.

FRIDAY EVENING, Oct. 17.

The meeting was called to order by President Holt.

Col. J. M. Heck, Maj. W. A. Blount and others addressed the meeting on the subject of raising clover and curing it for hay.

Mr. Samson, of Guilford, favored clover hay and urged that the mowing machine be used instead of the scythe.

Hon. K. P. Battle addressed the meeting on the perfect success of the Fair and spoke in the most complimentary terms of the efficiency, zeal and intelligence of the officers and Executive Committee, and moved that the Society do now adjourn till the Fair of 1874.

A Deserved Compliment.

The Charlotte *Democrat* has this handsome thing to say of the pupils of the Peace Institute:

The best collection of Crayon Drawings we ever saw was exhibited at the State Fair last week by the pupils of Peace Institute—the work of the young ladies of that Institution, under the control of Rev. R. Burwell & Son. The collection, was indeed, highly creditable to the young ladies and the instruction of their teachers.

Hurrygraphs.

We had the pleasure of a visit yesterday from our excellent friend, Hon. J. T. Leach, of Johnston.

We understand it to be the purpose of Hon. John Pool to settle in this city and to resume the practice of the law.

From the interesting *resume* of Hon. A. M. Waddell's lecture published by us on yesterday, our people have a rich and striking treat in store for them. Let a large and appreciative audience hear it on Friday night.

One of the striking features of this growing town is the superior character of its boarding houses. Few places of the same size can fairly vie with it in that respect.

We learn at the Treasury Department that four sheriffs have already settled their State taxes. We would not be surprised if the late panic had something to do with this, the sheriffs having the money on deposite and getting scared. These settlements are unusually early.

Commendable.

Through the efforts of Dr. August Hoegg, whose heart is in the movement, a Grand Combination Concert will be given at Tucker Hall, on Friday, 31st inst., the proceeds to go to the relief of the Memphis and Shreveport sufferers by the yellow fever. The combination consists of Prof. Schneider, of St. Mary's Seminary; Dr. Von Myerhoff, of the Raleigh Female Seminary; Prof. Baumann, of the Peace Institute, and Prof. Grote, of the School of the Misses Nash and Kollock, of Hillsboro', assisted by a number of lady and gentlemen amateurs, including some of the young ladies of the several Seminaries of this city. A special feature of the concert will be the production of the sensational ANVIL CHORUS from Il Trovatore, by VERDI, performed by the Raleigh Sextette Club, with organ and male and female chorus and four anvils. The programme will shortly appear, and each piece will introduce a new vocalist or performer. We trust the public will respond liberally to this call on behalf of the suffering poor of Memphis and Shreveport.

The Drawing of the Gift Concert.

The managers of the Gift Concert of the North Carolina Agricultural Society having compared the SENTINEL report with their books, found *nine* typographical errors, and having corrected them have adopted our report as the *official statement.* This is highly complimentary to Mr. John Spelman, our reporter; and we think that putting in type over five columns of such matter after 11 o'clock at night, with jaded eyes and proof readers, and so few errors, is worthy of note.

We cannot afford space to re-publish the entire drawing, nor is it necessary. The following will designate and correct the errors, and with these corrections the list of the drawing as published in the SENTINEL is certified to by G. W. Blacknall, W. H. Howerton, John G. Winter, P. Cowper and T. P. Devereux, managers. The following are the corrections:

No. 67, instead of b 47, was a lot of tin ware.

No. 131, instead of b 131, drew an ox chain.

No. 139, drew twenty fruit trees instead of a copy of the State Agricultural Journal.

No. 435, broken [illegible] of a 401, drew 50 pounds of tobacco.

No. 10, instead of e 10, drew a box of spool cotton.

No. 309, instead of b 309, drew an ice cream freezer.

No. 151, instead of b 151, drew a lot of tin ware.

No. 393, drew three instead of two Cotswold lambs.

No. 469, instead of e 645, drew forty grape vines.

No. 459, instead of a 359, drew a patent stove cutter.

Crowded Out

Notices of the musical soirees last week at St. Mary's and the Peace Institute have been crowded out from day to day by press of other matter. They shall appear to-morrow if possible.

Miller & Clifton having entered into copartnership, have fitted up the establishment known as Prairie's old stand, in excellent style for the Restaurant business. Fine elegant carpets, neatly papered rooms, and a large spacious Billiard Hall. oct 12-tf

Rare Chance for Investment.

One-half acre lot on Fayetteville street, opposite Hon. Kemp B. Battle, fronting 105 feet on Fayetteville and the same on Wilmington street, is offered for sale. Terms one-fourth cash and the balance in the equal instalments of one, two and three years' credit with interest from date. Title good. Apply to E. W. Pou. oct 14-tf

NO OTHER MEDICINE ever attained such an unprecedented sale as Helmbold's Buchu. Its name and fame are known everywhere, and it deserves its great reputation, for it has undoubted merit. It is warranted to cure all diseases of the kidneys and the urinary organs. Beware of counterfeits. Genuine has private proprietary stamp of H T Helmbold on each bottle. oct 21

The most unhappy person in the world is the Dyspeptic. Everything looks dark and gloomy; he feels "out of sorts" with himself and everybody else. Life is a burden to him. This can all be changed by taking Peruvian Syrup (a protoxide of Iron.) Cases of 27 years standing have been cured by it.
Oct. 21.

THE ORPHAN ASYLUM.—The committee appointed by the Monroe Lodge of F. and A. Masons, to wait on the citizens of Monroe and receive contributions for the Oxford Orphan Asylum, we are glad to announce, have so far met with very good success—some handsome donations having been received. This is certainly a worthy object of charity, and we hope our citizens may increase their contributions.—*Monroe Enquirer.*

BENEFIT CONCERT.—THE ORPHAN ASYLUM.—The Choir of St. John's Lodge, assisted by Mrs. D. Kahnweiler, Miss Greenwald and Prof. Tamburello, will give a first-class musical entertainment for the benefit of the Orphan Asylum, at Oxford, on Wednesday evening next, the 22nd inst. This is a cause that deserves encouragement at the hands of every citizen. The period is fast approaching when the poor fatherless and motherless little ones now enjoying the benefits of this noble charity will need warm clothing and other comforts which the limited means of the institution cannot now supply in sufficient abundance. Let all contribute to swell the amount of receipts on Wednesday evening for the benefit of the poor orphan, and at the same time enjoy a rare musical treat.—*Wil. Star.*

MR. EDITOR:—About three hundred yards south-east of Centre Church, in Iredell county, there is a large Flat Rock, the surface of which is elevated only a few inches above that of the earth, and which covers an area of some 600 square feet. There is a tradition that it was upon this rock that the first white child was born between the Yadkin and Catawba Rivers. Can you or any of your readers say whether this is a mere myth or a historical fact? Twenty-four years ago the father of the writer first pointed out this Rock to him, and related the traditionary legend connected therewith, and many times since then he has heard the same story from others, without ever having obtained sufficient data to establish it as a fact.—*Charlotte Democrat.*

A DISABLING DISEASE.—No disease which does not confine a man to his bed so completely unfits him for business as dyspepsia. When the stomach is foul, the brain is always muddy and confused, and as the cares and anxieties of life are a sufficient burden for the organ of thought to bear, without being tormented by the miseries born of indigestion, it is highly desirable for the brain's sake, as well as for the sake of every other portion of the system, that the disordered stomach should be restored with the utmost dispatch to a healthy, vigorous condition. This object can always be accomplished by a course of Hostetter's Stomach Bitters, the purest and best of vegetable specifics which evacuates the morbid humors through the bowels, rouses and tones the torpid stomach and regulates the liver imparts firmness to the nerves and clears the mucorium of its mental cobwebs. Persons subject to attacks of indigestion, bilious headache, irregularity of the bowels, sickness at the stomach, or "the blues," should take the Bitters once or twice a day throughout the present season.

SPECIAL NOTICES.

A. M. NEILSON'S RESTAURANT.—This gentleman having recently fitted the roof basement of the market house, respectfully informs the public generally that he will receive daily fresh oysters, birds and everything else that the market affords. The best Peoples will "set 'em up" behind the Bar to all who may desire anything in that line. His BREAKFAST TABLE are here to suit all in a plentiful order by a first-class workman.

BILL OF FARE.—MESSRS. Miller & Clifton will receive daily raw Newmound Oysters in the shell. They will also have wild Ducks, Turkeys, Birds and in fact everything usually kept in a first class Restaurant.

The Restaurant will be under the personal superintendence of Mr. Jno. Freeman who cannot be excelled.

SAPOLIO

is a substitute for soap for all House hold purposes, except washing clothes

SAPOLIO

for cleaning your house will save the labor of one cleaner. Give it a trial.

SAPOLIO

for Windows is better than whiting or water. No moving curtains and carpets.

SAPOLIO

cleans paint and wood, in fact the entire house, better than soap. No stopping during cleaning to get soap. Nobody need to be without it.

SAPOLIO

for Scouring Knives is better and cleaner than Bath Brick. Will not scratch.

SAPOLIO

is better than soap and sand for polishing Tinware. Brightens without scratching.

SAPOLIO

removes paint and varnish better than acid or oil and rotten stone.

SAPOLIO

for washing dishes and glassware is invaluable. Cheaper than soap.

SAPOLIO

removes stains from marble, granite, tables and stairways, from hard finished walls, and from china and porcelain.

SAPOLIO

removes stains and grease from carpets and other oven fabrics.

There is no one article known that will do so many kinds of work and do it as well as Sapolio. Try it.

HAND SAPOLIO

a new and wonderfully effective Toilet Soap, having no equal in this country or abroad.

HAND SAPOLIO

as an article of the bath, "reaches the foundation" of all dirt, opens the pores and gives a healthy action and brilliancy to the skin.

HAND SAPOLIO

cleanses and beautifies the skin, instantly removing tan, sunburn or blemish from both hand and face.

HAND SAPOLIO

is without a rival in the world for curing for preventing, rough hands and chappings of either hands or face.

HAND SAPOLIO

cost 10 to 15 cents per cake, and everybody should have it. You will like it.

DON'T FAIL TO TRY THESE GOODS. Buy it of your merchant if he has it, or will procure it for you. If not, then write for our Pamphlet, "All about Sapolio," and it will be mailed free.
