

THE WILMINGTON POST.

WILMINGTON, N. C. SUNDAY MORNING, FEB. 1, 1880.

REPUBLICAN NATIONAL CONVENTION.

A NATIONAL CONVENTION of the Republican party will meet at CHICAGO, on WEDNESDAY, THE 2ND DAY OF JUNE NEXT, at 12 o'clock noon, for the nomination of candidates to be supported for President and Vice President at the next election.

J. D. CAMERON, Chairman. OMAS B. KEIGH, Secretary. Jere Hara'son, John P. Jones, Powell Clayton, Wm. E. Chandler, George C. Gorham, George A. Halsey, Samuel H. Elbert, Thomas C. Platt, Marshall Jewell, Wm. C. Cooper, Sam. J. Harrison, H. W. Scott, Wm. J. Purman, Nelson W. Aldridge, James G. Deveau, John J. Patterson, James P. Root, Wm. Rule, John G. New, E. J. Davis, G. T. John Y. Stone, M. S. Colburn, John A. Martin, John W. Mason, Wm. G. Goodloe, Elihu Ecos, P. B. S. Pinchback, R. C. McCormick, William P. Frye, C. C. Fulton, John M. Forbes, Alex. H. Beattie, John T. Averill, Stephen B. Elkins, G. M. Buchanan, John R. McBride, C. J. Filley, Orange Jacobs, L. W. Osborn, Jas. M. Carey.

Examination, Concert and Address. The examination of the colored school children of Masonboro township was held at Shiloh Chapel school on Friday, January 23d, 1880. The teacher, Mr. Providence Bryant, jr., was very careful in making his judiciously lucid explanations, which fully showed his competency and ability in teaching. Johnnie West, Maggie Bannerman and Nolia T. Robinson worked well at the board in mathematics, while Tart King, Mary F. Smith and Augustus Smith stood at the head in spelling. The concert at night was good; and Tuella Smith, Alfred Irving, John McCullough and Mary Ella Cowan made it grander by their beautiful appearance. At the close of the concert Mr. Alexander Galloway, Dan Smith and Richard King delivered very appropriate addresses. The whole thing ended with a large supper, given by the parents.

FOR THE FAIR SEX.

Head-fringes are used to edge sleeves. Normandy point gowns in popularity. Wedding robes have very long trains. Limerick lace is coming in vogue again. New plaid stockings have the plaids set diagonally. Black velvet is much used for trimming purposes. Short waists are positively coming again, it is said. Quilted satin balmain's will be much worn this winter. Woolen oatmeal cloths have been invented in England. Colored flannel petticoats are again in vogue. Sanyra collars and cuffs still remain fashionable for children. Old fashioned fur tippets with long ends are worn in London. Dragon flies in cashmere colors are popular millinery ornaments. Velvet brocades embroidered in beads are used to make outdoor wraps. Little capes and kerchiefs trimmed with fur are shown for house wear. Lyons satin is preferred to corded silk for the outside of fur lined circles. Diaper dresses are made with pointed basques, short on the sides and pointed in front. Prune color and myrtle green is one of the combinations which English dress makers use. Little silver birds perched at the base of feathers are used to decorate the hair. Slippers with instep straps embroidered in jet and in colored beads are fashionable. Soft feathers make an extremely becoming face trimming for a bonnet and are much liked. Bonnets of bright colored satin, covered with white muslin, are worn at the opera in London. Milk for Bright's Disease. A physician, suffering from Bright's disease, and weighing 155 pounds, began in June, to restrict himself exclusively to milk diet, taking one quart each meal, or three quarts daily. He reported to the Philadelphia Medical Society last week, according to the record that no trace of his former ailment is perceptible at the present time; that he has gained thirty pounds in flesh, and this notwithstanding constant attention to professional duties both day and night.

Mr. Seymour should be inveigled into a consent to be the Democratic candidate next time, he must have forgotten his former venture in that line. Otherwise he may be counted a very brave man. Then, again, he seems to have forgotten the fate which has attended Fremont, Greeley and Tilden, all New Yorkers, like himself. If he desires to try the thing over again we hope that he may be gratified, and he will turn out the same as before.

OLD, TRIED, AND TRUE.

People are getting acquainted—and those who are not ought to be—with the wonderful merits of that great American Remedy,

MEXICAN Mustang Liniment,

FOR MAN AND BEAST.

This liniment very naturally originated in America, where Nature provides in her laboratory such surprising antidotes for the maladies of her children. Its fame has been spreading for 35 years, until now it encircles the habitable globe. The Mexican Mustang Liniment is a matchless remedy for all external ailments of man and beast. To stock owners and farmers it is invaluable. A single bottle often saves a human life or restores the usefulness of an excellent horse, cow, sheep, etc.

It cures foot-rot, hoof-ail, hollow horn, grub, scab-worm, shoulder-rot, mange, the bites and stings of poisonous reptiles and insects, and every such drawback to stock breeding and bush life. It cures every external trouble of horses, such as lameness, scratches, swelling, sprains, founder, wind-gall, ring-bone, etc., etc.

The Mexican Mustang Liniment is the quickest cure in the world for accidents occurring in the family, in the presence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatism, and stiffness engendered by exposure. Particularly valuable to Miners.

It is the cheapest remedy in the world, for it penetrates the muscle to the bone, and a single application is generally sufficient to cure.

Mexican Mustang Liniment is put up in three sizes of bottles, the larger ones being proportionately much the cheapest. Sold everywhere.
