THE WILMINGTON POST. W. P. CANADAY, Proprietor.

WILMINGTON, N. C. SUNDAY MOBNING, JULY 17, 1881.

Rev. Dr. Parker, of the Congregational Church in London, and Rev. Mr. Spurgeon at his Tabernacle, offer-ed prayers for the President.

The nomination of the old patriot, Hannibal Hamlin, as Minister to Spain is one of the most graceful acts of the present administration. There is a warm place in the heart of every American for the venerable statesman who. after serving his county for fifty years, is to-day as poor as when he first entered public life.

When Sam, Bowles, Joo Medill, Henry Watterson and others were getting.up that famous newspaper syndicate in 1872, Watterson said one day, "Sam, how can we ever kill this infamous Republican party?" "I don't know any better way, Henry," said Bowles, "than for you to join it."

It is said that a new combination. led by A. H. Stephens, Emory Speer, Dr. Eenton and others, in Georgia, is aimed at the Bourbon element in which Senator Ben. Hill is prominent. It is a chrystalization of the progressive and liberal element as against the hidebound set, and takes in some of the ablest of Georgians.

When the news of the assassination was told ex-President Hayes, at Fremont, he and his family were just embarking for the club-house, about ten miles below the city. Mr. Hayes immediately returned to the city and sought the telegraph office, where he remained until after 1 o'clock anxiously awaiting news from Washington .--He seemed very much depressed and his face told the suffering he underwent:

Guiteau, the assassin's wife, or one of them, has turned up in Boulder Colorado, and exhibits a decree of di vorce from him granted in 1874, for adultery, allowing her alimony and prohibiting Guiteau from marrying until her death. She said that while the assassin was a member of Henry

my coat pocket.' And that was true. ANTI - PROHIBITION too. We were doing business on a very small scale at that time, and it natu-CONSIDERATIONS SUBMITTED rally seemed strange to the representatives of a great government that we hadn't a pretentious building for our JUDGE W. A. MOORE

departments." ',I do not care anything about Mr. Davis's discussions. What earthly sense is there in discussing questions that are the natural outgrowth of our form of government af-

ter the war has destroyed them. It is the sheerest nonsense, and will have no earthly effect, upon any section of the country."

GUN SHOT WOUNDS IN THE LIVER.

Dr. H. P. Stearns, who was medical director on the Staff of Gen. Grant at one time, and as such had charge of the United States general hospital at Nashville, Tennessee, and who ought you. to be authority, makes certain state-

ments concerning wounds of the liver To the People of North Carolina: gathered from a book known as the

The General Assembly at its last se "Surgical History of the War of the Rebellion." He states that according sion passed an act to prohibit the manuto this record there were 173 cases of facture and sale of spirituous and malt liquors within the state after the first day gun-shot wounds in which the liver was injured. "These," to use his own of October next, but submitted to a vote of the people the question of prolanguage, "may be divided into two groups-the first comprising fifty-nine hibition or no prohibition, at an election to be held on the first Thursday of cases were uncomplicated, the second 114 cases, all of which were more or August.

ess complicated with injuries to other This is one of the most momentous parts, such as lesions, blood-vessels, questions ever submitted to the suffrages of the people and its discussion nepatic ducts, stomach, diaphragm, should be characterized not by passion kidneys, ribs and vertebree. It appears that in twenty-five cases of the first (59) and prejudice, but by that serious gravgroup the result was favorable-i. c. ity and calm deliberation commen-

surate with the importance of the subforty-two plus per cent recovered, while in the remainder the wounds proved ject.

fatal. Of the second group thirty-seven The party in power is always held recovered equaling thirty-two plus per responsible for legislation; therefore cent, while 74 died, and the result was the Democratic party must meet the not certainly known in the remaining issues presented. If this were not so, that party has already thrown down the

rimary danger from wounds of the duty to the party that has honored liver and other abdominal organs arises them with their confidence, and imfrom shock and hemorrhage, and secposed upon them, in a great degree, reondary danger from suppuration, and sponsibility for its welfare, to take such action as to them seemed best, trusting

for their vindication to the approval of the people at the ballot box. They have given the subject the most earnest and anxious consideration, and have come to the conclusion that the prohibition bill is based on -a false and vicious theory of government; tends to debase the character of the citizen; is prejudicial to the state industrially and financially; sows discord between the rich and the poor; tends to disturb the friendly relations that should subsist between the eastern western and sections of the state; is incapable of execution; discriminates against our own citizens and in favor of non-residents; and is In front of the old Market House, in most unjust towards a large number of

our people, "in substantially" confiscating their property. These are grave charges, and should

not be made lightly nor inconsiderately, but if true, the people should foreyer withdraw their confidence and support from the Democratic party. FIRST CHARGE.

I. The bill is based on a false and vicious theory.

The church is a society, established to enforce not only the virtue and temperance, but all other moral qualities, that adorn christian civilization. Fut it is unfortunately too true, that in every age of her history, whenever any particular sect has thought itself strong mough, it has called on the state to ase its secular arm to enforce her mor- state, put permit its free importation al precepts, complaining that the people were too slow in listening to her voice and demanding that the law by pains, penalties and imprisonment should compel them to practice those virtues, gust next. which the church was unable to per-

suade them to adopt.

This is called the union of church the rich and the poor. and state. We suppose every man and woman in North Carolina is opposed to such a union. They say truly, that It produced agrarian laws in ancient the state was not established for any sect purpose; that the object of its or- in Germany and elsewhere, and labor ganization is to protect life, liberty and strikes in the United States. > The Funders are opposed to free suffrage and desire to suppress the will of the people by restricting the ballet and placing it under the corrupting control of money and official manipulation. The Re-Adjusters favor "a free ballot, a full vote and a fair count."

The Funders are for intolerance, pro scription and all the bigotry born of sectionalism and prejudice, and for the perpetuation of political and other feuds that can only result in evil and evil continually; the Re-Adjusters are for letting the dead past bury its dead and for marching abreast with the liv-

ing present in that liberal spirit which welcomes progress and insures prosperity, peace and happiness.

A wild goose joined the flock of farmer of London Canada, but only appeared at meal times. Aftereatisfying its appetite it was noticed to pick up an ear of corn and fly away. After

circling about it dropped apparently into the river. It was discovered that it carried the corn to a sick and disabled companion that could neither walk nor fly. Finally the visits ceased, but shortly afterward the sick gander wan-dered into the camp and gobbled up the corn itself. He remained all winter, and the indications are that he has made up his mind to settle down and

go to housekeeping. Honored and Blest. When a board of eminent physicians and chemists appounced the discovery that by combining some well known valuable remedies, the most wonderful medicine was produced, which would cure such a wide range of dispress that

most all other remedies could be dispensed with, many were skeptical; but proof of its merits by actual trial has dispelled all doubt, and to-day the dis-
