Col. Geo. B. Everett, Gen. J. M. Leach, Dr. W. H. Wheeler and Col. T. B. Keogh and other North Caroliplans, have been in Washington the past week.

Dr. J. J. Mott, the chairman of the state Republican committee, has been in Washington for the past ten days, looking to the interest of his party. Dr. Mott will start a Republican Liberal coalition daily paper in Raleigh in a few days, so we are informed by the telegrams.

### PRESIDENT ARTHUR AND NORTH CAROLINA.

The President has again shown his good judgment and placed the Republicans and Liberals under obligations to him, by appointing Col, George B. Errett, the present collector of internal revenue, as register of the land office in Dakota territory, and filling the vacancy caused by the promotion of Col. Everett by the appointment of Dr WIH. Wheeler as collector of internal revenue of the 5th North Carolina district. These appointments were made by the President at the recommendation of Dr. J. J. Mott, Chairman of the State Republican Committee.

Col. Everett was one of the ablest canvassers and workers for the coalttion ticket in 1882, while Dr. Wheeler was, one of the Republicans who did depravity unsurpassed in all the aunals of fiendish cupidity, with not a fact or not believe in the good faith of the

All who know the Doctor have the greatest confidence in his integrity of char ter. He therefore was recommended by Dr. Mott and appointed by the President collector, not only on account of his own merits, but to show the men who acted with Dr. Wheeler in 1882

that they are not to be ostracised in the Liberal coalition party, and they will work with Russell, Mott, Dockery Hubbs, Leach, Price, Johnson and York, in 1884, for the success of Libegalism. Col. Everett is one of the very brightest intellects in the state-he is certainly one of the finest stump orators in North Carolina, and his appointment as register of the fland office is a promotion and a reward for his faithful work, to his state, in the past. The time will come very soon, when every North Carolinian will be proud that George B. Everett was born in the old North State. Both Everett and Wheeler are men of ability, and the manner the President has settled the fight in that district will gratify all true Republicans in all parts of the state.

The last cause for discord in the party of the state has been removed, and now m can again repeat that the Republicars are perfectly harmonious. We hope to hear of no more discensions, we must all pull together under one leader; and for the common good of our mother state by standing solidly for the Liberal coalition ticket for 1884. We feel very certain we can carry North Carolina and the United States, next election, by following the lead of Chester A. Arthur, who has proved himself to be one of the very best P.et. idents this country has had for many past campaigue? years. He believes and acts upon the principle that he who serves his country best serves his party best.
